Service Level Agreements

Startup

	High Priority Issues with broad financial or reputational impact to you or your customers	Medium Priority Time-sensitive issues affecting performance or usability	Low Priority Non-urgent issues without financial impact
Timing SLAs	- Respond within 1 hour during business hours - Resolve within 1 business day	- Respond within 2 business hours - Resolve within 1-2 business days	- Respond within 12 business hours - Resolve within 2-3 business days
Examples	- Card not working / declined at point of sale - Inability to access Rain’s platform (login failure, app crash) - Business-critical funds missing or delayed - Incorrect charge or unauthorized transaction - Critical integration failure affecting end users	- Card activation issues - Delays in expected funds (non-urgent) - Disputes that need to be filed - Feature not working as expected, but a workaround exists - Support needed on configuration or reporting	- General questions or how-to requests - Feedback or feature suggestions - Cosmetic issues (e.g., typo, UI layout glitch) - Requests for documentation or training
Criteria	- Direct financial impact to you or your customers - Impacts many users or blocks business operations - Requires immediate attention to prevent reputational risk	- Affects performance or usability, but not business continuity - Limited to individual user or non-blocking issue - Time-sensitive, but not urgent	- No immediate impact on business - Informational or non-urgent - Does not require a time-bound solution
