

Commercial Proposal

17th March 2026

Unmatched. Unrivaled.
The Shufti **Competitive** Edge.

- Trusted By **1,000+** Leading Brands

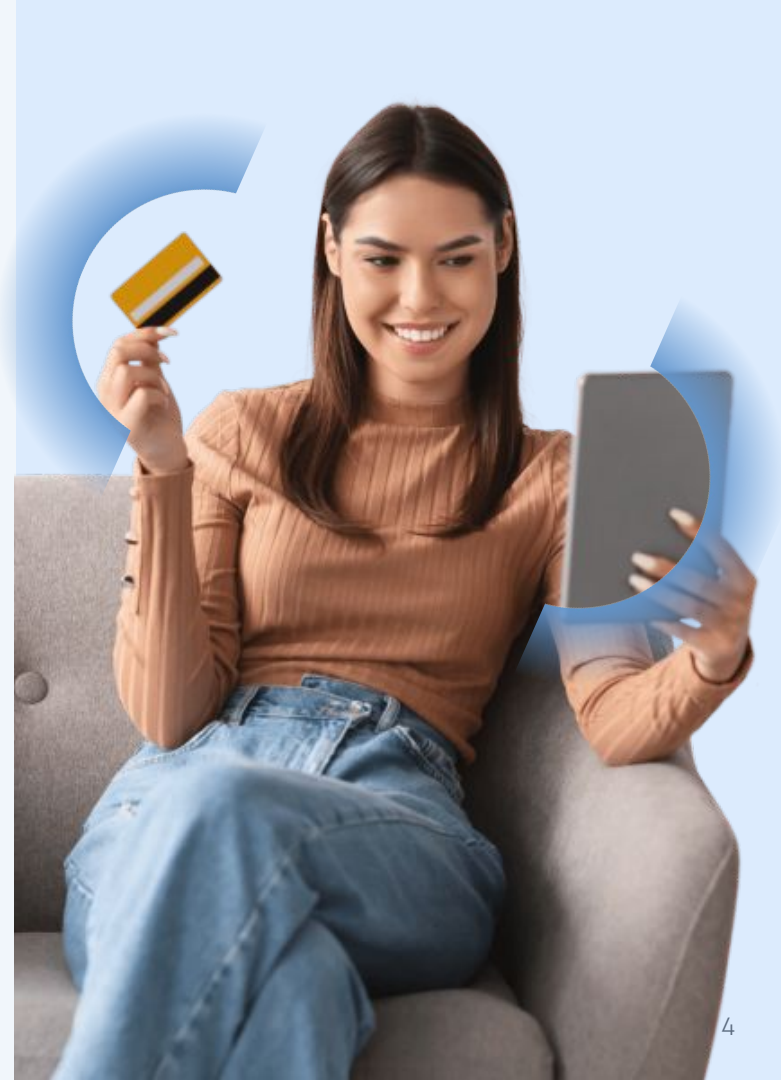

Shufti Pricing Proposal

- ✓ This proposition is non-binding and valid until **31st March 2026**. Based on 60 month contract.
- ✓ Verifications are billed only upon successful processing, meaning if an end-user cancels or abandons the process, no charge is incurred.
- ✓ **No Hidden Fees:** All applicable charges are disclosed in the pricing section. Clients prepay the agreed amount, which is added to the production account as usable balance. Plans renew automatically on an annual basis unless terminated prior to renewal.
- ✓ **Currency and Payment Options:** While our back-office runs in USD, we offer flexibility to process payments in USD, GBP, or EUR, depending on your preference.

Products Descriptions

Document Verification Service

Shufti provides comprehensive document verification across 247+ jurisdictions, supporting passports, national IDs, and driver's licenses.

Our verification process includes extraction and validation of all key document information parameters, including but not limited to:

- Personal Details: Name, Date of Birth, Gender
- Document Details: Expiry Date, Issue Date, Document Number
- Address Verification: Full Address Extraction
- Age Verification: Automated Age Determination
- Additional Data Extraction: Signature, Face Image, and other embedded document details

All verifications adhere to industry standards, ensuring accuracy, compliance, and fraud prevention.

Liveness Facial Verification

Shufti provides facial biometrics verification, ensuring real-time passive liveness detection and matching against the photo on the ID to confirm identity authenticity and prevent spoofing attempts.

Standard & Enhanced Proof of Address Verification

Shufti verifies addresses globally using 20+ document types, including utility bills, salary slips, and bank statements. Our verification process includes:

- Enhanced Full Address Verification
- Enhanced Name Verification
- Enhanced Issue Date Verification
- Enhanced Document Type Verification
- Enhanced Document Country Verification
- Address Validation & Decomposition
- Distance Locator

Backed by global databases, our solution ensures accuracy and compliance with regulatory requirements.
