| 1533-02        | Animal & Birds Feed Manufacturing                | Includes producing domestic animals and birds canned or dried feed, such as grains, seeds, meats, fruits. It also includes health feed like vitamins and tonics, other than veterinary medicines.                                                                                                                                                                                                                                                    | Industrial   | Fodder and fertilizers manufacturing         |
| 1514-02        | Animal Oil & Fat Manufacturing                   | Includes extracting oil and fat out of animal dairy as well as out of animals and fish and their fats and bones (artificial ghee).                                                                                                                                                                                                                                                                                                                   | Industrial   | Meat processing                              |
| 513921         | Aircondition & Refrigeration Spare Parts Trading | Includes reselling spare parts of air-conditioning systems, central, window or split units as well as coolers, cold storage compartments, central water cooling and other refrigeration equipment.                                                                                                                                                                                                                                                   | Commercial   | Not Grouped                                  |
| 9241-30        | Aviation Club                                    | A membership entity aims at promoting aeronautical sciences and to encourage the participation of members practice sky sports and leisure flying such as gliding, par motoring, remote-controlled aircrafts operation, parachuting.                                                                                                                                                                                                                  | Service      | Sport Club                                   |
| RAKEZ /2017/20 | Aviation Consultancy                             | Aviation Consultancy                                                                                                                                                                                                                                                                                                                                                                                                                                 | Service      | Other engineering services                   |
| 515916         | Air-Condition Trading                            | Includes reselling central and window air-conditions equipment as well as the split units, whether or not linked with general central air-conditioning system.                                                                                                                                                                                                                                                                                       | Commercial   | Mechanical & engineering equipment trading   |
| 8090-01        | Aviation Training Institute                      | Includes providing ground as well as flying training in order to acquire air transport pilot license as per the curriculum and standards laid down by Civil Aviation authority, the courses involve aircraft general knowledge, principle of flights, general navigation, operational procedures, airplane performance, communication.                                                                                                               | Educational  | Training Institute / Educational consultancy |
| 1549-10        | Baby Food Manufacturing                          | Includes the manufacture of baby food such as liquid or dried powdered milk, beverages and juices, biscuits, fruit paste and others.                                                                                                                                                                                                                                                                                                                 | Industrial   | Food industries                              |
| 5122-02        | Baby Food Trading                                | Includes reselling baby food, such as liquid or powdered milk, beverages, juices and other dried or liquid foods.                                                                                                                                                                                                                                                                                                                                    | Commercial   | Foodstuff trading                            |
| 515921         | Animal & Poultry Farms Equipment Trading         | Includes reselling cow, cattle and sheep, or chicken, ducks, pigeons breeding farms machinery and equipment, as well as other birds and animals bred for trading and processing their products.                                                                                                                                                                                                                                                      | Commercial   | Mechanical & engineering equipment trading   |
| 5149-23        | Basic Industrial Chemicals Trading               | Includes reselling intermediate chemicals such as resins, compounds, salts, sulfates, sulfurs, and others used in manufacturing by blending with other substances to produce paints, ink, cosmetics, detergents, fertilizers, pesticides, final chemical products, manufacturing metals, water purification and sterilization, in food industries such as preservatives, colorants, additives, flavors and fragrances, or in environment protection. | Commercial   | Chemicals trading                            |
| 9312017        | Basketball Club                                  | Basketball Club                                                                                                                                                                                                                                                                                                                                                                                                                                      | Service      | Sport Club                                   |
| 2429-06        | Batteries Distilled Water Manufacturing          | Includes manufacturing solutions used to activate the reaction or to maintain the balance of acid intensity in batteries used in generating electric power in vehicles, engines or storing energy or for other purposes.                                                                                                                                                                                                                             | Industrial   | Manufacturing of chemicals                   |
| 5510-09        | Beach Club                                       | Includes tourist facilities situated on beaches or small islands, on built facilities or sheds, to enjoy entertainment and sport activities during holidays, including, boating, jet skiing, cycling, sailing, water skiing, surfing, diving, kids entertainment, barbeque grills, built clubs accommodate other hotel amenities.                                                                                                                    | Service      | Tourism Activites                            |
| 5252-10        | Beverages Canteen                                | Includes the preparation and serving of beverages for immediate consumption on the premise.                                                                                                                                                                                                                                                                                                                                                          | Commercial   | outlet group                                 |
| 9311008        | Billiards and Snooker Hall                       | Billiards and Snooker Hall                                                                                                                                                                                                                                                                                                                                                                                                                           | Service      | Halls and exhibition                         |
| 1541-03        | Biscuit Manufacturing                            | Includes manufacturing the salted, sweetened and flavored biscuits.                                                                                                                                                                                                                                                                                                                                                                                  | Industrial   | Bread manufacturing                          |
| 9241-08        | Body Building Club                               | Includes sport clubs licensed by competent authorities and which accommodate sport facilities for exercising body building in order to optimize trainees performance and qualify for regional and international sport excellence.                                                                                                                                                                                                                    | Service      | Sport Club                                   |
| 9241-03        | Bowling Club                                     | Includes sports institutions dedicated to bowling training through applying the latest theoretical and practical techniques to optimizing sporting performance and qualify players for regional and international sport excellence, the process involves emphasizing the physical, skills improving, knowledge and psychological aspects, these firms should set up the facilities that enable conducting the training.                              | Service      | Sport Club                                   |
| 9311010        | Bowling Hall                                     | Bowling Hall                                                                                                                                                                                                                                                                                                                                                                                                                                         | Service      | Halls and exhibition                         |
| 9241-14        | Boxing Club                                      | Includes sport clubs licensed by competent authorities and which accommodate sport facilities for exercising boxing in order to optimize boxers performance and qualify for regional and international sport excellence.                                                                                                                                                                                                                             | Service      | Sport Club                                   |

| 9609008        | Men Health Club                      | Men Health Club                                                                                                                                                                                                                                                                                                                                                 | Service      | Separate professional activities           |
| 1554-01        | Mineral Water Bottling               | Includes bottling of natural spring and mineral water in consumer packs, included is, the purification, sterilization and bottling, provided that such processes are carried out on sites at the side of springs and wells.                                                                                                                                     | Industrial   | water manufacturing and bottling           |
| 5122-23        | Mineral Water Trading                | Includes reselling mineral water from mineral springs and wells after purification and bottling.                                                                                                                                                                                                                                                                | Commercial   | Foodstuff trading                          |
| 515975         | Blast Furnaces & Smelters Trading    | Includes reselling blast furnaces used for smelting iron ores to produce semi-finished products.                                                                                                                                                                                                                                                                | Commercial   | Mechanical & engineering equipment trading |
| 1549-15        | Natural (Organic) Food Manufacturing | Includes manufacturing natural organic food from vegetables, fruits and cereals, produced free from chemical fertilizers, pesticides and pollutants, no additives, artificial flavors, colors or preservatives are added at the packaging process.                                                                                                              | Industrial   | Food industries                            |
| 1513-12        | Nuts Roasting & Packaging            | Includes roasting and salting nuts such as peanuts, pistachio, caju and almond, in well sealed packs or bags and make ready for marketing.                                                                                                                                                                                                                      | Industrial   | Foodstuff mills and packaging              |
| 5122-21        | Nuts Trading                         | Includes reselling of all kinds of nuts, such as pistachio, almond, and peanuts, whether raw or after b peeling, processing, roasting, salting or packing in well sealed packs for consumption.                                                                                                                                                                 | Commercial   | Floor mills                                |
| 7421-42        | Oil Exploration Engineering Services | Includes providing hydrographic, land and geophysical survey services with regard to oil and natural gas exploration. These activities are restricted to exploration without extending to extraction and exploitation, the minimal qualifications required is bachelor degree in chemical or Petroleum engineering, along with three years hands-on experience. | Service      | Consultancy -C- Petrol and Water           |
| 5149-20        | Oilfield Chemicals Trading           | Includes reselling chemicals for various oilfield applications like production, well stimulation, drilling and injection.                                                                                                                                                                                                                                       | Commercial   | Manufacturing of chemicals                 |
| RAKEZ /2017/05 | Oilfield Chemicals Trading           | Oilfield Chemicals Trading                                                                                                                                                                                                                                                                                                                                      | Commercial   | Chemicals trading                          |
| 2429-04        | Oilfields Chemicals Manufacturing    | Includes manufacturing chemicals for various oilfield applications like production, well stimulation, drilling and injection.                                                                                                                                                                                                                                   | Industrial   | Manufacturing of chemicals                 |
| 5510-05        | One Star Hotel                       | Includes hotels which lack additional amenities and offer few services, they offer rooms with bath and colored TV, daily room cleaning, reception service, telephone and fax for guests, extended breakfast and beverage.                                                                                                                                       | Service      | Tourism Activites                          |
| 1533-03        | Organic Waste & Garbage Treatment    | Includes the treatment of organic wastes of plant, fish, meat by removing, cleaning and sorting out hairs, feather, skins and entrails, then drying, extracting fat and oil to produce extracts used in the processing of various products or powders useable in animal feed or organic fertilizers production.                                                 | Industrial   | Waste collection and treatment             |
| 8230008        | Organizing Exhibitions Sports        | Organizing Exhibitions Sports                                                                                                                                                                                                                                                                                                                                   | Service      | Halls and exibition                        |
| 6304-11        | Out Bound Tour Operator              | Includes firms that organize and sell tourist programs abroad via travels and tourism agents.                                                                                                                                                                                                                                                                   | Service      | Tourism Activites                          |
| 514206         | Bolts, Nuts, Screws & Nails Trading  | Includes reselling of different types of screws, nuts, nails, spikes, needles, tensioners, tighteners antifrictioners,gasket rings and similar requisites, also includes chains, rings and anchoring hooks for moorages and ports.                                                                                                                              | Commercial   | Building materials trading                 |
| 515924         | Bricks Making Equipment Trading      | Includes reselling bricks manufacturing equipment and machinery , including sand bricks, red bricks and gypsum bricks, whether they are fixed or portable equipment.                                                                                                                                                                                            | Commercial   | Mechanical & engineering equipment trading |

| 1544-01        | Pasta & Macaroni Manufacturing                 | Includes making pasta and macaroni semolina flour, including kneading, forming and packing.                                                                                                                                                                                                                                                                                                                                                                                                                                                         | Industrial   | Foodstuff mills and packaging                         |
| 1541-02        | Pastry & Sweets Manufacturing                  | Includes preparing pastry made of flour, sugar, milk, butter and eggs, and is baked to be flaky and firm enough to support the weight of the filling.                                                                                                                                                                                                                                                                                                                                                                                               | Industrial   | Bread manufacturing                                   |
| 514302         | Bricks Trading                                 | Includes reselling of bricks used in building and construction bricks made of lime, bricks, glass or any other material.                                                                                                                                                                                                                                                                                                                                                                                                                            | Commercial   | Building materials trading                            |
| 5122-17        | Pastry Trading                                 | Includes reselling pastries in deferent fillings and ready for consumption.                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | Commercial   | Foodstuff trading                                     |
| 5139-58        | Perfumes & Cosmetics Trading                   | Includes reselling different types of concentrated or light perfumes whether manufactured synthetically or extracted from plant or animal sources, also cosmetics, such as body creams and lotions as well as various types of eye make-ups and facial cosmetics.                                                                                                                                                                                                                                                                                   | Commercial   | Ready made garments group                             |
| 2411-04        | Petrochemical Manufacturing                    | Includes manufacturing the two classes of petrochemicals mainly olefins including ethylene and propylene, and the aromatics including benzene and toluene by deriving from petroleum, it involves producing olefins and aromatics in oil refineries by fluid catalytic cracking of petroleum fractions, also producing olefins in chemical plants by steam cracking of natural gas liquids, and aromatics by catalytic reforming of naphtha.                                                                                                        | Industrial   | Manufacture of petroleum products                     |
| 7421-60        | Petrochemicals Engineering Services            | Includes providing petrochemicals and chemicals engineering support to factories that uses petrochemicals, in manufacturing paints, detergents and synthetic fibers, the minimal qualifications required is bachelor degree in chemical or Petroleum engineering, along with three years hands-on experience.                                                                                                                                                                                                                                       | Service      | Manufacturing of chemicals                            |
| 5149-42        | Petrochemicals Trading                         | Includes the resale of petrochemicals derived from transforming refined oil derivatives and classified as light petrochemicals such as Olovires, Butylene, Ethylene, Probalene, aromatic compounds, Benzene, Toluene, Xylene Methanol, Formaldehyde, Ammonia and Urea, or intermediate petrochemicals such as Monovinyl chloride and final petrochemicals such as polyethylene, polyvinyl chloride, carbon and the Hydrogen.such products are used in various commercial and industrial as crude before any treatment or transformative operations. | Commercial   | Fuel and petroleum products trading                   |
| RAKEZ /2017/11 | Petroleum / Oil Related Consultancy            | Petroleum / Oil Related Consultancy                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | Service      | Consultancy -D- management, information and marketing |
| 1513-09        | Pickle Processing                              | Includes producing pickle from fruits and vegetables or any agricultural product, then packing in small commercial packs saleable directly to consumers, or set in bulks to sell to commercial and industrial firms.                                                                                                                                                                                                                                                                                                                                | Industrial   | Food industries                                       |
| 9241-19        | Polo Club                                      | Includes sport clubs licensed by competent authorities and which accommodate sport facilities for exercising polo playing in order to optimize players performance and qualify for regional and international sport excellence.                                                                                                                                                                                                                                                                                                                     | Service      | Sport Club                                            |

| 242209        | Adhesive & Paper Slitting                 | Includes using slitting machines to cut large rolls of adhesives and papers into narrower rolls.                                                                                                                                                                                                                                                                                                                                                                                                      | Industrial   | Manufacturing of chemicals                            |
| 242205        | Adhesives Manufacturing                   | Includes manufacturing adhesive materials for sticking paper, glass, metal, plastic or wood pieces, to use in printing, lamination, packaging, in construction for fixing ceramic, slabs and maquette, or wall-paper...etc, also producing adhesive tapes in paper, plastic, fabrics or others.                                                                                                                                                                                                       | Industrial   | Manufacturing of chemicals                            |
| 513105        | Carpets Trading                           | Includes reselling all types of carpet,including maquette and decor machine-made pieces.                                                                                                                                                                                                                                                                                                                                                                                                              | Commercial   | Furnitures trading                                    |
| 743002        | Advertisement Designing & Producing       | Includes firms which design commercials and produce the same on audio or video tapes, paintings and photographs for newspapers and magazines, or wall posters.                                                                                                                                                                                                                                                                                                                                        | Service      | Advertising                                           |
| 515931        | Catering Equipment Trading                | Includes reselling industrial kitchens equipment and machinery usually used by hotels, restaurants and hospitals to prepare, preserve and serve meals. These equipment are ovens, grillers, dishwashers, cold rooms, chillers, warmers and refrigerators, (glass fronts) service counters, conveyor belts,... etc.                                                                                                                                                                                    | Commercial   | Mechanical & engineering equipment trading            |
| 743001        | Advertising Researches & Consultancies    | Includes providing advertising organizations advice and assistance on the creation of advertising campaigns and placement of such advertising in periodicals in order to encourage and persuade consumer behavior with respect to a commercial offering, also to employing different methodologies of research that works to improve the effectiveness and efficiency of advertising, such firms are not allowed to conduct field questionnaire before getting approval from the competent authority. | Service      | Consultancy -D- management, information and marketing |
| 242406        | Agarwood & Incense Manufacturing          | Includes manufacturing agarwood, oriental perfumes and incense.                                                                                                                                                                                                                                                                                                                                                                                                                                       | Industrial   | Manufacturing of chemicals                            |
| 514303        | Cement & Gypsum Trading                   | Includes reselling raw and pre- to formed cement and gypsum, gypsum and cement products under activities 5143-09 and 5143-10 are not related to this activity.                                                                                                                                                                                                                                                                                                                                        | Commercial   | Building materials trading                            |
| 514309        | Cement Products Trading                   | Includes reselling all manufactured cement products except what came in details in this class.                                                                                                                                                                                                                                                                                                                                                                                                        | Commercial   | Building materials trading                            |
| 515977        | Central Ventilators & Air-Filters Trading | Includes reselling ventilation and airfiltering equipment to make air inside factories, workshops and warehouses clean of smoke, dust and others, central ventilators in closed facilities are also included, in- houses ventilators are classified under 513410                                                                                                                                                                                                                                      | Commercial   | Mechanical & engineering equipment trading            |
| 741423        | Agricultural Research & Consultancy       | Includes firms providing consultancy and research related to agricultural economic feasibility, land reclamation and irrigation, agricultural project development, animal poultry farming.                                                                                                                                                                                                                                                                                                            | Service      | Consultancy -A- Agriculture and Soil                  |
| 513910        | Ceramic & Chinaware Trading               | Includes reselling household utensils and art works made of ceramic or chinaware.                                                                                                                                                                                                                                                                                                                                                                                                                     | Commercial   | Home appliances trading                               |
| 513916        | Chandeliers Trading                       | Includes reselling different chandeliers whether luxurious types coated with precious metals ad decorated with crystal, or normal types coated with other metals and decorated with glass.                                                                                                                                                                                                                                                                                                            | Commercial   | Not Grouped                                           |
| 292101        | Agricultural Tractors Manufacturing       | Includes manufacturing tractors and related agricultural machinery for different operations such as ploughs, seeders, harvesters, planters, threshers, sorters, manure spreaders and soil preparation.                                                                                                                                                                                                                                                                                                | Industrial   | Equipment and engines manufacturing                   |
| 515932        | City Cleaning Equipment Trading           | Includes manufacturing machinery and equipment for outdoor and city cleaning.                                                                                                                                                                                                                                                                                                                                                                                                                         | Commercial   | Mechanical & engineering equipment trading            |
| 501009        | Classic Cars Trading                      | Includes selling older automobiles and which are distinguished by their respective fine design, high engineering standards and superior workmanship, the factors determine a car as a classic include engine displacement, custom coachwork and luxury accessories, power brakes, power clutch ...etc.                                                                                                                                                                                                | Commercial   | Trading in motor vehicles and motorcycles             |
| 291917        | Air-Conditioning Units Assembling         | Includes assembling unitary and packaged terminal units usually placed in a window or wall opening with the evaporative unit on the interior and the condensing unit on the exterior, and they allow the cooling by drawing the heat from the room and discharged to the environment.                                                                                                                                                                                                                 | Industrial   | Equipment and engines manufacturing                   |
| 369909        | Albums Manufacturing                      | Includes manufacturing photograph albums, whether made of plastic, cardboard or other materials.                                                                                                                                                                                                                                                                                                                                                                                                      | Industrial   | Personal requisities manufacturing                    |
| 272001        | Aluminium Smelter                         | Includes extracting pure aluminum from its primary ores, such as bauxite or alumina, smelting and fabricating in blocks, cylinders or ingots in a way enabling reprocessing by means of traction or rolling to produce aluminum products.                                                                                                                                                                                                                                                             | Industrial   | Casting of steel and iron                             |
| 289102        | Aluminum Extrusion                        | Includes cold and hot extrusion to pure aluminum blocks or cylinders to produce aluminum sections, rods, tubes, pipes, wire cables and others usable in making metallic construction products.                                                                                                                                                                                                                                                                                                        | Industrial   | Casting of steel and iron                             |
| 289917        | Aluminum Foils Manufacturing              | Includes manufacturing the heat conductor and resistant aluminum foils for meat and poultry roasting and for food packaging.                                                                                                                                                                                                                                                                                                                                                                          | Industrial   | Other metal industries                                |
| 289104        | Aluminum powder Production                | Includes extracting aluminium powder from its basic ores by grinding to use in industrial production or metal coating.                                                                                                                                                                                                                                                                                                                                                                                | Industrial   | Casting of steel and iron                             |
| 289103        | Aluminum Rolling                          | Includes cold and hot rolling operationsto pure aluminum blocks or cylinders to produce aluminum panels and plates, breaking aluminum panels in zigzag order to use them for various industrial purposes or in constructions.                                                                                                                                                                                                                                                                         | Industrial   | Casting of steel and iron                             |

| 369403        | Amusement Centers Equipment Manufacturing                        | Includes manufacturing amusement centers' equipment such as billiard tables, electronics and manual games devices etc.                                                                                                                                                                                                                                                                                                                                                                                                               | Industrial   | Appliances and machinery manufacturing     |
| 515980        | Cleanroom Systems Trading                                        | Includes reselling cleanrooms which are designed to have low level of environmental pollutants such as dust, airborne microbes, aerosol particles and which are used in manufacturing and scientific research which require controlled level of contamination.                                                                                                                                                                                                                                                                       | Commercial   | Mechanical & engineering equipment trading |
| 852005        | Animal Etiquette & Behavior Consultant                           | Includes veterinary clinics involved in animal behavior consultancy for pet and farm animals, to solve behavior problems, such as, aggression, anxiety, fears and phobias. Treating these problems will help animal owners to have better relations with them and improve the productivity in the case of farm animals, as well as reducing the risks of injury, it also involves animal etiquette which offers an approach to the positive reinforcement methods of training in all the activities that is provided for the animal. | Service      | Veterinary clinic                          |
| 513938        | Cloth Hangers Trading                                            | Includes reselling the wire, wooden or plastic hangers which are designed to facilitate the hanging of coats, jackets and other dress in a manner that prevents wrinkles.                                                                                                                                                                                                                                                                                                                                                            | Commercial   | Ready made garments group                  |
| 512121        | Coal & Firewood Trading                                          | Includes reselling wood and charcoal and stone coal to use in heating, cooking and in factories.                                                                                                                                                                                                                                                                                                                                                                                                                                     | Commercial   | Fuel and petroleum products trading        |
| 289915        | Antennas Manufacturing                                           | Includes manufacturing the electric devices which convert electric power into radio waves to use in radio and television broadcasting, telecommunication receivers, wireless computer network, radar.                                                                                                                                                                                                                                                                                                                                | Industrial   | Appliances and machinery manufacturing     |
| 515103        | Computer & Data Processing Requisites Trading                    | Includes reselling tapes, CD-Roms, ribbons, printers ink, paper and other requisites used in computer operation and data storage.                                                                                                                                                                                                                                                                                                                                                                                                    | Commercial   | Electronics group                          |
| 515101        | Computer Electric Accessories Trading                            | Includes reselling computer electric accessories such as distributors, switches, surge suppressors and battery back-ups and cables and connectors                                                                                                                                                                                                                                                                                                                                                                                    | Commercial   | Electronics group                          |
| 181008        | Arabic Gown Manufacturing                                        | Includes manufacturing the wear over men gowns from knitted and crocheted fabrics.                                                                                                                                                                                                                                                                                                                                                                                                                                                   | Industrial   | Manufacturing of garments and rugs         |
| 515104        | Computer Equipment & Requisites Trading                          | Includes reselling computers and accessories, including servers, modems, monitors, central processing units, printers, drawing and programmed discs, disc readers, memory and file storage requisites.                                                                                                                                                                                                                                                                                                                               | Commercial   | Electronics group                          |
| 742112        | Archeological Restoration & Conservation Engineering Consultancy | Includes providing services and consultancies related to conservation and preservation of archeological materials by using the method of examination, documentation, treatment, protection to keep that property in as close to its original condition as possible.                                                                                                                                                                                                                                                                  | Service      | Other engineering services                 |
| 369914        | Architectural , Advertising & Decorative Models Manufacturing    | Includes preparing small physical models of buildings or engineering projects or advertising and decorative items, used to visualize how the finished work will look like after constructing or making.                                                                                                                                                                                                                                                                                                                              |              |                                            |
| 742170        | Architectural Design Consultancy                                 | Includes firms engaged in providing consultancies and services related to architectural engineering, including preparing preliminary and final engineering and technical studies for construction projects as well as interior design and landscaping.                                                                                                                                                                                                                                                                               | Service      | Other engineering services                 |
| 742141        | Architectural Prospective Drawings Consultancy                   | Includes firms specialized in offering architectural prospective drawings services for all buildings and civil projects, showing relations with other standing, neighboring projects, buildings or elevations and natural scenery. These services also include drawing up horizontal and vertical sections of these buildings and projects.                                                                                                                                                                                          | Service      | Other engineering services                 |
| 512216        | Confectionary & Chocolate Trading                                | Includes re selling of all kinds of flavored confectionaries such as caramels, toffee, gums, lollipops, boiled sweets.                                                                                                                                                                                                                                                                                                                                                                                                               | Commercial   | Floor mills                                |
| 269910        | Artificial Marble Manufacturing                                  | Includes manufacturing artificial marble by heating the mixture of marble dust, acrylic or polyester resin with pigments , and then cut in sheets or shapes and sanded on one or both sides to use in different construction applications.                                                                                                                                                                                                                                                                                           | Industrial   | Block and building stones industry         |
| 232006        | Asphalt & Paving Materials Manufacturing                         | Includes manufacturing asphalt and paving materials derived from petroleum distillation for using in road paving.                                                                                                                                                                                                                                                                                                                                                                                                                    | Industrial   | Manufacture of petroleum products          |
| 515917        | Construction Equipment & Machinery Spare Parts Trading           | Includes reselling the spare parts of building and construction excavating, filling, demolition, earth leveling, road paving, cement mixing equipment and machinery, as well as cranes, elevators and heavy objects lifts.                                                                                                                                                                                                                                                                                                           | Commercial   | Mechanical & engineering equipment trading |
| 252009        | Audio Cassettes Manufacturing                                    | Includes manufacturing blank magnetic and optical recording media for audio materials recording, including tapes, cassettes, diskettes, discs.                                                                                                                                                                                                                                                                                                                                                                                       | Industrial   | Plastic industries                         |

|---------------|----------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|--------------------------------------------------------------|
| 515915        | Construction Equipment & Machinery Trading   | Includes reselling of building and construction excavating, filling, demolition, earth leveling, road paving, cement mixing equipment and machinery, as well as cranes, elevators and heavy objects lifts .                                                                                                                                                                                                                                                                    | Commercial   | Mechanical & engineering equipment trading                   |
| 513913        | Cookers & Cookstoves Trading                 | Includes reselling electric, gas, coal or kerosene burners, ovens and cookers, also, different barbecue items (excluding restaurants and cafeterias brands, which are classified under activity 5150-31)                                                                                                                                                                                                                                                                       | Commercial   | Electronics group                                            |
| 343004        | Auto Accessories Manufacturing               | Includes manufacturing of accessories and attachments fitted to motor vehicles in order to modify the external outline of the car, such as bumpers, air deflectors, additional tyre covers, baggage support base and other accessories made of metals, fiber glass or reinforced plastic...etc.                                                                                                                                                                                | Industrial   | Manufacture of motor vehicles, motorcycles & its spare parts |
| 512124        | Cotton & Natural Fibers Trading              | Includes trading of raw cotton before undergoing any industrial or converting processes in order to meet different industrial and commercial needs, also, linen, jute, hemp and other natural fibers.                                                                                                                                                                                                                                                                          | Commercial   | Chemicals trading                                            |
| 313005        | Auto Electrical Wires Manufacturing          | Includes manufacturing the wire that connect motor vehicle electrical equipment.                                                                                                                                                                                                                                                                                                                                                                                               | Industrial   | Pipes and wires manufacturing                                |
| 292102        | Auto Irrigation Devices Manufacturing        | Includes manufacturing equipment and accessories used in the artificial application of water to the land or soil where the natural rainfall was insufficient to support crops, it involves pivots for overhead irrigation, pumps, sprinklers, drippers, control and automation equipment.                                                                                                                                                                                      | Industrial   | Equipment and engines manufacturing                          |
| 514334        | Crane Rails & Fixing Accessories Trading     | Includes reselling the railroad for mounting cranes on it in order to use in freight handling in goods yards, or for accident recovery works.                                                                                                                                                                                                                                                                                                                                  | Commercial   | Building materials trading                                   |
| 172109        | Auto Tarpaulin Tailoring                     | Includes sewing tarpaulin using strong, flexible, water-resistant or waterproof material to use as loose covers for cars in order to protect from wind, rain, or sunlight.                                                                                                                                                                                                                                                                                                     | Industrial   | Combing and upholstery                                       |
| 172105        | Auto Upholstery Manufacturing                | Includes the manufacture of all kinds of auto-upholstery pieces such as seats or steering wheel and gear covers...etc. It also includes the manufacture of mats and similar products made of fabric, leather, plastic, or other natural or artificial fibers, which are prepared by means of cutting and tailoring.                                                                                                                                                            | Industrial   | Manufacture of mats and rugs                                 |
| 513932        | Crystal Products Trading                     | Includes reselling decorative and household crystal products, such as chandeliers, ladies ornaments, utensils, gifts, trophies.                                                                                                                                                                                                                                                                                                                                                | Commercial   | Ready made garments group                                    |
| 291909        | Automatic Gates & Barriers Manufacturing     | Includes manufacturing and assembling remotely controlled gates and barriers to control entry and exit of cars in residential building and private or public parks, it includes making aluminium and steel gates and barriers, assembling motors, remote control devices and transmission and receivers.                                                                                                                                                                       | Industrial   | Equipment and engines manufacturing                          |
| 513124        | Curtains & Upholstery Fabrics Trading        | Includes reselling different fabrics for curtains and upholstery.                                                                                                                                                                                                                                                                                                                                                                                                              | Commercial   | Furnitures trading                                           |
| 341001        | Automobile Assembly                          | Includes manufacturing of assembled motor vehicles for transporting passengers, mainly sedans, sports cars and buses, the process involves the assembling using parts and components fully manufactured outside the factory or partly inside                                                                                                                                                                                                                                   | Industrial   | Manufacture of motor vehicles, motorcycles & its spare parts |
| 742159        | Automobile Engineering Consultancy           | Includes providing services and consultancies related to vehicle engineering which incorporates the elements of design, mechanical, electrical, safety, fuel economy, noise, vibration, and harshness, performance.                                                                                                                                                                                                                                                            | Service      | Other engineering services                                   |
| 341002        | Automobile Outfitting                        | Includes workshop specialized in tuning and modifying the exterior or the interior of the automobiles or vehicles in order to personalize the characteristics of a vehicle to the owner's preference, as well as to provide better fuel economy, produce more power, better handling, the exterior includes changing characteristics of the vehicle via side skirts, front and rear bumpers, spoilers, interior involves the audio systems, air conditioning and soundproofing | Industrial   | Manufacture of motor vehicles, motorcycles & its spare parts |
| 369915        | Baby Care Products Manufacturing             | Includes manufacturing plastic and rubber baby care products, such as, breastfeeding accessories, nursing accessories, cleaning and sterilizers, skin care accessories, pacifiers and teethingers, health care and temperature readers.                                                                                                                                                                                                                                        | Industrial   | Manufacturing of paper and paper products                    |
| 513912        | Cutlery & Silverware Trading                 | Includes reselling cutlery spoons and knives and other household trays, plates, candlesticks, whether made of silver or gold or silver-plated metal, or of stainless steel.                                                                                                                                                                                                                                                                                                    | Commercial   | Home appliances trading                                      |
| 514321        | Decoration Materials & Partitions Trading    | Include reselling of indoor and outdoor decoration materials and products as well as home and office interior design, including gypsum engravings, wood and cement partitions, fittings of artificial decorators such as fountains, water falls and water ways, ready-made partitions used to divide space in offices made of wood, carton, aluminum, steel sheets or others.                                                                                                  | Commercial   | Furnitures trading                                           |
| 514903        | Detergents & Disinfectants Trading           | Includes reselling chemical detergents for cleaning clothes, carpets, floors, destainers, bleachers, deodorants, bathrooms, kitchens and drainage points disinfectants, also, included utensils and glass polishers and air fresheners.                                                                                                                                                                                                                                        | Commercial   | Chemicals trading                                            |
| 202902        | Bamboo ,Cane & Wicker Products Manufacturing | Includes the manufacture of various products made of cane, branches, bamboo and fronds, other than furniture or containers made of said.                                                                                                                                                                                                                                                                                                                                       | Industrial   | Manufacturing of wood, wood products and Furniture           |
| 515913        | Diving Equipment Trading                     | Includes reselling recreational and professional diving equipment such as snorkel, mask, rebreather, weighing system, depth gauge, fins, suits, buoyancy control device, cylinders.                                                                                                                                                                                                                                                                                            | Commercial   | Mechanical & engineering equipment trading                   |

## RAKEZ BUSINESS ACTIVITY LIST – FREE ZONE

| 289909        | Barbed Wire Manufacturing                                | Includes manufacturing steel barbed wire for fencing public and private property.                                                                                                                                                                                                                                                                                                                                                | Industrial   | Cotton & metal nets & ropes manufacturing                    |
| 513924        | Domestic Kitchen & Fixture Trading                       | Includes reselling household wooden or aluminium kitchens and fixtures tailored to the size of the kitchen and customers' specifications.                                                                                                                                                                                                                                                                                        | Commercial   | Furnitures trading                                           |
| 291301        | Bearings & Gears Manufacturing                           | Includes manufacturing bearings, metal ball-bearing, cog-wheels, transmission gears and all similar gearboxes and differential gears fabricating units in vehicle engines and driving equipment.                                                                                                                                                                                                                                 | Industrial   | Equipment and engines manufacturing                          |
| 514331        | Doors, Windows & Other Plastic Building Products Trading | Includes reselling plastic or fiberglass products and requisites for building and construction projects such as, doors, windows, cladding sheets, partitions, plastic decorations, mesh for fly, dust and sun rays screening and trapping, manhole cover, water tanks, and similar products made of plastic or semi-plastic materials.                                                                                           | Commercial   | Building materials trading                                   |
| 369904        | Beauty and Personal Care Requisites Manufacturing        | Includes manufacturing body care requisites and cleaning such as cotton buds, tooth brushes and picks, dental floss, combs, hair brushes, nail and hair cutters and other requisites apart from pharmaceuticals and cosmetics, also, some beautification and personal care items.                                                                                                                                                | Industrial   | Personal requisities manufacturing                           |
| 513948        | Dry Batteries Trading                                    | includes reselling the device consisting of one or more electrochemical cells that convert stored chemical energy into electrical energy, it involves the primary type which is used once and discharges, and the secondary type which is designed to be recharged and used multiple times                                                                                                                                       | Commercial   | Separate trading activities                                  |
| 172102        | Bed Sheets & Household Linen Manufacturing               | Includes the process of cutting and tailoring sheets to manufacture bed covers, pillow cases, blankets, sheets and curtains. It also includes the manufacture of tablecloths and others.                                                                                                                                                                                                                                         | Industrial   | Manufacture of mats and rugs                                 |
| 519014        | Dry Ice Trading                                          | Includes reselling dry ice which is a solid carbon dioxide at a very low temperature, it's characterized by having several times the cooling capacity of the normal ice, it's used in food and beverage preservation, transport refrigeration, meat processing, equipment blast cleaning, cattle branding, fumigation, fog creation...etc.                                                                                       | Commercial   | Separate trading activities                                  |
| 359200        | Bicycles Manufacturing                                   | Includes manufacturing the two or three wheeled bicycles used for recreation, transportation, racing and for children use.                                                                                                                                                                                                                                                                                                       | Industrial   | Manufacture of motor vehicles, motorcycles & its spare parts |
| 513905        | Educational Aids Trading                                 | Includes reselling drawings, specimens, maps, samples, as well motion pictures and T.V. documentaries and slides usually used as educational and demonstratives.                                                                                                                                                                                                                                                                 | Commercial   | Stationary and books trading                                 |
| 501006        | Electric Cars Trading                                    | Includes electric mini cars designed to serve in golf clubs, football stadiums, horse racetracks as well as passengers and visitors shuttles in airports and malls.                                                                                                                                                                                                                                                              | Commercial   | Trading in motor vehicles and motorcyles                     |
| 515205        | Electrical & Electronic Appliances Spare Parts Trading   | Includes reselling the spare parts of the audio-visual electronic equipment, involving radio sets, gramophones, loud-speakers television and video sets, , cinematography and television cameras, also, refrigerators, freezers, water coolers, washing machines and dryers, dishwashers, vacuum cleaners, ironers, heaters, electric kitchen mixers, mincers, cutters, blenders, toasters, juice extractors, grinders, kettles. | Commercial   | Electronics group                                            |
| 289936        | Blasting & Painting Rooms Manufacturing                  | Includes manufacturing blasting and painting facility of anti-flame and heat-insulation steel skin panel and aluminum roof panel and fitted with systems to allow for air circulation, purification, heating, control, in order to provide a controlled environment in which blast cleaning and painting can be carried out.                                                                                                     | Industrial   | Metal containers & boxes manufacturing                       |
| 242407        | Bleaching Products Manufacturing                         | Includes manufacturing chlorine-based bleaches to use as household chemicals to whiten clothes and remove stains.                                                                                                                                                                                                                                                                                                                | Industrial   | Manufacturing of chemicals                                   |
| 351202        | Boats Building                                           | Includes firms whose activities are mainly related to the manufacture of various fishing or water sports boat hulls, as well as small and medium size yachts, made of metals, fiber glass, or other materials excluding wood, also, the preparation of boats and the installation of mechanical and electrical equipment and all appliances to render them operational.                                                          | Industrial   | Ship building and repairing                                  |
| 361014        | Boats Upholstery                                         | Includes providing ships and boats seats with high-resiliency and high-density materials with a thin film of plastic over in order to keep out water.                                                                                                                                                                                                                                                                            | Industrial   | Combing and upholstery                                       |
| 281204        | Boilers Manufacturing                                    | Includes manufacturing steam boilers for centrally heating water in residential compounds, or to produce steam in central kitchens or laundries .                                                                                                                                                                                                                                                                                | Industrial   | Equipment and engines manufacturing                          |
| 289902        | Bolts, Nuts, Screws & Nails Manufacturing                | Includes manufacturing holding tools such as nails, bolts, screws , pins and others, as well as requisites, such as nuts, fixing rings and anti-friction pads.                                                                                                                                                                                                                                                                   | Industrial   | steel tool manufacturing                                     |
| 514314        | Electrical Fittings Trading                              | Includes reselling electric wires, cables, assembly boxes, distribution panels, poles, cable, ducts and communication wires. (related gauging devices are listed under 5150-11).                                                                                                                                                                                                                                                 | Commercial   | Electricals trading                                          |
| 343005        | Brake Pads Manufacturing                                 | Includes manufacturing pads used to resist friction in cars and trucks brake systems.                                                                                                                                                                                                                                                                                                                                            | Industrial   | Manufacture of motor vehicles, motorcycles & its spare parts |

## RAKEZ BUSINESS ACTIVITY LIST – FREE ZONE

| Activity Code | Activity Name                                       | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                             | Licence Type | Activity Group                                        |
|---------------|-----------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|-------------------------------------------------------|
| 515209        | Electronic Cards Trading                            | Includes reselling specialized electronic cards such as plastic membership cards, magnetic cards used as key cards and ATM machines, credit cards, smart cards, phone cards, finger print identification cards, in addition to other electronically programmed cards.                                                                                                                                                                                                   | Commercial   | Electronics group                                     |
| 269502        | Bricks Manufacturing                                | Includes the manufacture of molded or unmolded bricks made of cement mixed with sand or sandstone.                                                                                                                                                                                                                                                                                                                                                                      | Industrial   | Block and building stones industry                    |
| 515210        | Electronic Precision Instruments Trading            | Includes selling electronic devices to observe different phenomena indiscernible by ordinary senses, such as sound waves and vibrations detectors, minute objects observers and measuring instruments. Laboratory and medical equipment are not included herein.                                                                                                                                                                                                        | Commercial   | Mechanical & engineering equipment trading            |
| 369905        | Brooms & Cleaning Articles Manufacturing            | Includes manufacturing tools and requisites for cleaning floors, houses, buildings, furniture and household appliances, these are all kinds of brooms, shovels, ground and window sweepers, floor , clothes or utensils brushes, garbage cans and all other cleaning requisites.                                                                                                                                                                                        | Industrial   | Metal home appliances manufacturing                   |
| 515958        | Engineering Designing Instruments Trading           | Includes reselling stationery items for engineering designing.                                                                                                                                                                                                                                                                                                                                                                                                          | Commercial   | Mechanical & engineering equipment trading            |
| 515974        | Engines & Machinery Spare Parts Trading             | Includes reselling parts and components for engines, motors, pumps, gear boxes, steering and starters, including pipes, flexible metal, plastic and fibers hoses used in hydraulic and gas engines and motors,as well as belts, ball bearings, gears, crankshaft and pistons.                                                                                                                                                                                           | Commercial   | Mechanical & engineering equipment trading            |
| 515935        | Environment Protection Equipment Trading            | Includes reselling environment protection and pollution control machinery and equipment, including sewage disposal treatment and waste recycling equipment.                                                                                                                                                                                                                                                                                                             | Commercial   | Mechanical & engineering equipment trading            |
| 525106        | Equipment E-Trading                                 | Includes firms specialized in conducting selling equipment and machinery to the general public or to other businesses over the internet without needing any human interaction using any of the applications that rely on the internet, it involves coordinating with payment service providers which offer online electronic payments by a variety of payment methods including credit card, smart cards, digital money E-cash.                                         | E-Commerce   | E-Commerce                                            |
| 742124        | Building Mechanical Engineering Consultancy         | Includes providing services and consultancies related to buildings mechanical engineering services, including preparing preliminary and final engineering studies to the mechanical various systems involving air-conditioning, refrigeration, ventilation and heating cold and hot water supply, sewage, fire fighting, gas, pumps, steam, swimming pools...etc.                                                                                                       | Service      | Other engineering services                            |
| 281103        | Building Metal Products Manufacturing               | Includes manufacturing all types of buildings and commercial stores metallic requisites, such as doors, windows, display windows, gardens and balconies metallic staircases fences, decor and interior design requisites, curtains, gates, overhead tanks, window grids bars, manhole covers, cables and wires containers, handrails, made of iron, aluminum, copper or other metals by die-casting or cutting panels and parts to form and shape the required designs. | Industrial   | Structural steel manufacturing                        |
| 514311        | False Ceilings Trading                              | Includes reselling of false ceilings made of aluminum, gypsum, plastic, wood others.                                                                                                                                                                                                                                                                                                                                                                                    | Commercial   | Building materials trading                            |
| 281113        | Building Stainless Steel Products Manufacturing     | Includes manufacturing all types of buildings and commercial facilities products made of stainless steel, such as doors, windows, display windows, gardens and balconies staircases, fences, decor and interior design requisites.                                                                                                                                                                                                                                      | Industrial   | Structural steel manufacturing                        |
| 742171        | Buildings Electrical Engineering Consultancy        | Includes firms engaged in providing consultancies and services related to buildings' electrical and electronic engineering, including preparing preliminary and final electrical and electronic works for construction projects as well as interior design and landscaping.                                                                                                                                                                                             | Service      | Other engineering services                            |
| 742179        | Buildings Energy Efficiency Consultancy             | Includes providing consultancies and designs aiming at reducing energy use in buildings through optimal utilization of the resources and developing solutions to minimize electricity and water consumption, the services target the cooling and ventilation systems, lighting, lifts and pumps, water systems.                                                                                                                                                         | Service      | Consultancy -D- management, information and marketing |
| 514327        | Fencing & Barbed Wire Trading                       | Includes reselling fence and barbed wire to prevent crossing industrial and agricultural installations, airports, military facilities.                                                                                                                                                                                                                                                                                                                                  | Commercial   | Metals & its products trading                         |
| 749961        | Business Incubator                                  | It's a venue designed to house start-up entrepreneurs and enterprises where they can enjoy an array of business support and guidance, this involves the provision of office spaces and technical and administrative services, innovative ideas and counseling, marketing and business potentials planning, bank finance choices, coordinate interaction with the business community outside the incubator to build relations.                                           | Service      | Consultancy -D- management, information and marketing |
| 289926        | Cable Trays, Cross Arms & Accessories Manufacturing | Includes manufacturing trays to convey and run cables and wires through channels and terminals in constructions, made of aluminium, mild and solid steel, GRP, FRP, also fabricating support systems, gratings, bends, covers, couplings and fixing accessories as well as coating with corrosion resistant materials.                                                                                                                                                  | Industrial   | Pipes and wires manufacturing                         |
| 514319        | Fibre Glass Products Trading                        | Includes reselling fiberglass decorations, tubes, tanks, as well as raw fiberglass for manufacturing various products.                                                                                                                                                                                                                                                                                                                                                  | Commercial   | Building materials trading                            |
| 300003        | Calculators Manufacturing                           | Includes manufacturing the device used to perform both basic and complex operations of arithmetic.                                                                                                                                                                                                                                                                                                                                                                      | Industrial   | Appliances and machinery manufacturing                |
| 519011        | Fibre Optic Products & Requisites Trading           | Includes reselling of wires and cables made of fiber optics for different uses, as well as related connectors, sockets, feeding points, control and distribution panels..... etc.                                                                                                                                                                                                                                                                                       | Commercial   | Not Grouped                                           |

| 242907        | Candles Manufacturing                             | Includes producing candles in different sizes and colours from natural and artificial wax for lighting or decoration.                                                                                                                                                                                                                                           | Industrial   | Manufacturing of chemicals                 |
| 181007        | Caps & Headwears Manufacturing                    | Includes the manufacture of different kinds of headwear for men and children such as "Ghoutras" (traditional Arab head wear), bonnets and caps, as well as ladies' head and face covers such as various types of veils. This activity also includes the manufacture of various kinds of hats made of textiles.                                                  | Industrial   | Manufacturing of garments and rugs         |
| 513909        | Films & Photography Materials Trading             | Includes reselling photographic materials like films, discs, chips and others.                                                                                                                                                                                                                                                                                  | Commercial   | studio - trade license                     |
| 513918        | Filters & Purification Devices Trading            | Includes reselling of filters and air purifiers of air smokes, gases and dust, also, strainers and filters to remove particles and salts from water or other liquids, industrial filtering equipment are classified under activity number 5150-16                                                                                                               | Commercial   | Not Grouped                                |
| 210902        | Cards & Envelops Manufacturing                    | Includes the manufacture of blank greeting and invitation cards and envelopes of various sizes and types.                                                                                                                                                                                                                                                       | Industrial   | Manufacturing of paper and paper products  |
| 281205        | Cargo Containers Manufacturing                    | Includes manufacturing different dimensions containers used for storing and transporting freight.                                                                                                                                                                                                                                                               | Industrial   | Metal containers & boxes manufacturing     |
| 514914        | Fire Extinguishing Materials Trading              | Includes reselling fire control and extinguishing gases, foams and specially treated water, as well as these materials original chemicals.                                                                                                                                                                                                                      | Commercial   | Chemicals trading                          |
| 252017        | Carpet Underline Padding Manufacturing            | Includes Manufacturing carpet underline cushion pads to keep the carpet in perfect condition.                                                                                                                                                                                                                                                                   | Industrial   | Carpet & mat manufacturing                 |
| 172201        | Carpets Manufacturing                             | Includes the manufacture of carpets from various fibers. This includes maquette and decorative carpets. Hand made carpets are excluded.                                                                                                                                                                                                                         | Industrial   | Carpet & mat manufacturing                 |
| 515909        | Fire Fighting & Safety Equipment Trading          | Includes reselling of equipment and machinery used in vocational safely, labor accident preventives, natural hazards protective tools, also, firefighting equipment like electric cables, smoke exhaust fans, alarm bells, manual extinguishers, hoses, sprinklers, pumps, dampers, emergency/exit lights, nozzles, automatic fire detectors, wet fire systems. | Commercial   | Mechanical & engineering equipment trading |
| 273102        | Cast Iron Manufacturing                           | Includes manufacturing casting products such as sanitarywares from steel and cast iron.                                                                                                                                                                                                                                                                         | Industrial   | Other metal industries                     |
| 514341        | Fire Fighting Pipes Trading                       | Includes reselling galvanized steel and plastic pipes.                                                                                                                                                                                                                                                                                                          | Commercial   | Building materials trading                 |
| 252018        | CD Manufacturing                                  | Includes manufacturing audio - visual compct discs for data storage, duplication, omission or to serve as identification cards, the wrapping plastic cases and bags making is also included .                                                                                                                                                                   | Industrial   | Light aircraft manufacturing & maintenance |
| 514342        | Fire Resistant & Retardant Materials Trading      | Includes reselling fire resistant and retardant cladding and insulation materials, partitions, bricks, paints.                                                                                                                                                                                                                                                  | Commercial   | Building materials trading                 |
| 269508        | Cement Products Manufacturing                     | Includes manufacturing cement products such as columns, stair rails, balconies, flower beds, statues, and maquettes by blocks precasting, to use in buildings and internal and decorations.                                                                                                                                                                     | Industrial   | Block and building stones industry         |
| 514335        | Fire Resistant Doors Trading                      | Includes reselling fire rated metal, wooden or glass doors which are certified by the competent authorities after passing the test of high heat resistance and prevent flames and smoke spreading, also, fixing and installing by technicians approved by the General directorate of Civil Defense in order to ensure specifications compliance.                | Commercial   | Building materials trading                 |
| 291910        | Central Air-Conditioning Equipment Manufacturing  | Includes manufacturing central air-conditioning components such as compressors, ducts, internal and external and sounds insulators, air distributors, switches.                                                                                                                                                                                                 | Industrial   | Equipment and engines manufacturing        |
| 281106        | Central Air-Conditioning Requisites Manufacturing | Includes manufacturing central air-Conditioning systems ducts and fittings installment, as well as ventilation hole covers, ventilation grids, sound and vibration absorbers and other A/C installation requisites.                                                                                                                                             | Industrial   | Appliances and machinery manufacturing     |
| 513106        | Flags & Flagpoles Trading                         | Includes reselling flags fabrics, paper, plastic or vinyl , also, flagpoles made from steel, aluminum, glass fiber and wood, it includes other accessories related to flags and flagpoles such as rope assemblies, pulleys, winches, finials, anchor bolts, counterweights, etc                                                                                 | Commercial   | Ready made garments group                  |
| 512231        | Flavours & Fragrances Trading                     | Includes reselling flavors and fruit extracts used in processing foodstuff, also fragrances used in manufacturing aromatics and cleaning products.                                                                                                                                                                                                              | Commercial   | Foodstuff trading                          |
| 269203        | Ceramic Tiles manufacturing                       | Includes manufacturing ceramic tiles to floor and clad walls in residential, commercial and industrial constructions, in addition to faience tile and tiles made of marble, natural and artificial stones.                                                                                                                                                      | Industrial   | Block and building stones industry         |
| 289910        | Chains Manufacturing                              | Includes manufacturing metal chain with series of connected links for using in lifting or pulling, also the chains used for transmission of mechanical power in industrial and agricultural machinery and bicycle, which have links designed to mesh with the teeth of the sprockets of the machine.                                                            | Industrial   | Cotton & metal nets & ropes manufacturing  |

| 315006        | Chandeliers Manufacturing                     | Includes manufacturing different chandeliers whether luxurious types coated with precious metals ad decorated with crystal, or normal types coated with other metals and decorated with glass.                                                                                                                                                                                                                                                                                                                          | Industrial   | Lighting equipment manufacturing1                     |
| 512103        | Flowers & Plants Trading                      | Includes reselling and arranging various types of raw flowers and ornamental plants.                                                                                                                                                                                                                                                                                                                                                                                                                                    | Commercial   | Flowers and plants                                    |
| 181003        | Children Wears Manufacturing                  | Includes the manufacture of children's swaddling clothes, nappies, night wear, party clothes and dresses, shirts and trousers.                                                                                                                                                                                                                                                                                                                                                                                          | Industrial   | Manufacturing of garments and rugs                    |
| 181004        | Children's Underwears Manufacturing           | Includes manufacturing children underwears made of woven, knitted or crocheted fabric.                                                                                                                                                                                                                                                                                                                                                                                                                                  | Industrial   | Manufacturing of garments and rugs                    |
| 514333        | Fly Ash Trading                               | Includes reselling fly ash which is produced from the combustion of pulverized coal in electricity generation power station boilers, to use as extender (or partial replacement) for cement in concretes and mortar, to increase strength, durability and chemical resistance.                                                                                                                                                                                                                                          | Commercial   | Building materials trading                            |
| 512114        | Fodder Trading                                | Includes reselling animals and birds fodder, whether of vegetal or animal origin such as straw and ha and fish powder respectively.                                                                                                                                                                                                                                                                                                                                                                                     | Commercial   | Fodders & animal food trading                         |
| 269201        | Clay Bricks Manufacturing                     | Includes manufacturing by mixing the raw clay with water to the desired consistency and then pressing into steel moulds for shaping before burning in the kiln to achieve strength                                                                                                                                                                                                                                                                                                                                      | Industrial   | Block and building stones industry                    |
| 292905        | Cleanroom Systems Manufacturing               | Includes manufacturing cleanrooms which are designed to have low level of environmental pollutants such as such as dust, airborne microbes, aerosol particles and which are used in manufacturing and scientific research which require controlled level of contamination.                                                                                                                                                                                                                                              | Industrial   | Metal containers & boxes manufacturing                |
| 512200        | Food & Beverages Trading                      | Includes reselling of canned, preserved and frozen foodstuff, or any of the items mentioned in this class.                                                                                                                                                                                                                                                                                                                                                                                                              | Commercial   | Foodstuff trading                                     |
| 269512        | Clinker Manufacturing                         | Includes manufacturing clinker by blending limestone clay and sand in a proper proportion, then grinding the materials and passing to the kiln to produce clinker                                                                                                                                                                                                                                                                                                                                                       | Industrial   | Block and building stones industry                    |
| 369903        | Cloth Hangers Manufacturing                   | Includes manufacturing the wire, wooden or plastic hangers which are designed to facilitate the hanging of coats, jackets and other dress in a manner that prevents wrinkles.                                                                                                                                                                                                                                                                                                                                           | Industrial   | Personal requisities manufacturing                    |
| 512201        | Food Supplements Trading                      | Includes reselling the foods and supplements which are not classified as drugs and are intended to provide nutrients, such as foods for people suffering from certain diseases, also, foods prepared from natural substances in such a way that they do not contain any artificial materials, flavors, or colors that are usually added to canned or preserved food, it involves vitamins, minerals, fiber, fatty acids, or amino acids, honey and herbal tonics, nourishing substitutes for athletes and diet recipes. | Commercial   | Perfumery                                             |
| 525101        | Foodstuff E-Trading                           | Includes firms specialized in conducting selling foodstuff to the general public or to other businesses over the Internet without needing any human interaction using any of the applications that rely on the Internet, it involves coordinating with payment service providers which offer online electronic payments by a variety of payment methods including credit card, smart cards, digital money E-cash.                                                                                                       | E-Commerce   | E-Commerce                                            |
| 291908        | Cold Storage Compartment Manufacturing        | Includes manufacturing cold storage compartments to store foodstuff, medicine or other perishable stuff and heat damaging materials, whether for commercial or industrial uses, also, refrigerators and freezers and similar devices in general stores for preserving and displaying foodstuff and other products, household refrigerators and freezers are classified under activity No. 2930-03                                                                                                                       | Industrial   | Equipment and engines manufacturing                   |
| 742121        | Communication Engineering Consultancy         | Includes providing services and consultancies related to the transmission of voice, data, and video using a wired or wireless telecommunications infrastructure, involving switching and transmission facilities to provide point-to-point communications via landlines, microwave or a combination of landlines and satellite linkups, cable distribution systems, cellular and other wireless telecommunications networks.                                                                                            | Service      | Consultancy -B- Engineering                           |
| 515986        | Franking Machines Trading                     | Includes firms authorized by the General Postal Authority to sell and maintain the franking machines, they affix stamps or marks to indicate postage payment.                                                                                                                                                                                                                                                                                                                                                           | Commercial   | Mechanical & engineering equipment trading            |
| 300001        | Computer Assembling                           | Includes producing desktop computers and laptops by assembling monitors, keyboards, servers, which can be accumulated from different sources.                                                                                                                                                                                                                                                                                                                                                                           | Industrial   | Appliances and machinery manufacturing                |
| 721001        | Computer Consultancies                        | Includes firms which provide consultancy to enterprises and companies, prepare studies related to the analysis of users' needs as regards computer hardware and software and provide the best solutions. This also includes the choice of software that corresponds to the company's activities, the choice of operation specifications, the equipment and preparation of computer rooms, the preparation of purchase tender documents and offers, as well as other related services and consultancies.                 | Service      | Consultancy -D- management, information and marketing |
| 512206        | Fresh & Chilled & Frozen Meat Trading         | Includes reselling beef, mutton fresh, chilled or frozen meat, provided that converting process has been made.                                                                                                                                                                                                                                                                                                                                                                                                          | Commercial   | Foodstuff trading                                     |
| 514343        | Garbage & Waste Collection Containers Trading | Includes reselling and renting of containers for garbage and waste collection from public places as well as from residential commercial and industrial facilities.                                                                                                                                                                                                                                                                                                                                                      | Commercial   | Building materials trading                            |
| 722906        | Computer Graphic Design Consultancy           | Includes carrying computer drawing and designing for decorations, wedding and greeting cards, fashions, internet sites and many other activities, such works shall then be executed by specialized companies, other firms practicing similar works shall be listed under no. 4540-09.                                                                                                                                                                                                                                   | Service      | Consultancy -D- management, information and marketing |

| 269509        | Concrete Blocks Manufacturing                      | Includes manufacturing the large rectangular bricks from Portland cement and sand and fine gravel for using in construction.                                                                                                                                                                                                                                                                                                        | Industrial   | Block and building stones industry                           |
| 269603        | Concrete Floating Structures Manufacturing         | Includes manufacturing concrete offshore structures to house machinery and equipment needed to drill, extract, as well as oil and gas production and loading units.                                                                                                                                                                                                                                                                 | Industrial   | Block and building stones industry                           |
| 269503        | Concrete Tiles Manufacturing                       | Includes the manufacture of concrete tiles used for pavements and squares.                                                                                                                                                                                                                                                                                                                                                          | Industrial   | Block and building stones industry                           |
| 313006        | Conductors & Cable Joints Manufacturing            | Includes manufacturing conductors and cable joints of steel, copper, aluminum which permit the flow of electric charges in one or more directions.                                                                                                                                                                                                                                                                                  | Industrial   | Pipes and wires manufacturing                                |
| 515944        | Garden Equipment Trading                           | Includes reselling out-door and parks equipment and fittings such as seats, umbrellas, flower pots, garbage baskets, camping items and others.                                                                                                                                                                                                                                                                                      | Commercial   | Mechanical & engineering equipment trading                   |
| 742103        | Construction Engineering Consultancy               | Includes providing engineering consultancies and services and constructional drawings, including drawing up preliminary and final studies to construction projects.                                                                                                                                                                                                                                                                 | Service      | Other engineering services                                   |
| 291916        | Construction Equipment & Machinery Assembling      | Includes assembling building and construction equipment for excavating, filling, demolition, earth leveling, road paving, cement mixing equipment and machinery, as well as cranes, elevators and heavy objects lifts.                                                                                                                                                                                                              | Industrial   | Manufacture of motor vehicles, motorcycles & its spare parts |
| 513120        | Garments Accessories Trading                       | Includes reselling wide range of metal and plastic garments accessories such as buttons, fabrics interlining, beads, fancy belt buckles, hooks, snap fasteners, safety pins, tags, packing clips.                                                                                                                                                                                                                                   | Commercial   | Ready made garments group                                    |
| 525102        | Garments, Textiles & Gifts E-Trading               | Includes firms specialized in conducting selling garments, textiles and gifts to the general public or to other businesses over the internet without needing any human interaction using any of the applications that rely on the internet it involves coordinating with payment service providers which offer online electronic payments by a variety of payment methods including credit card, smart cards, digital money E-cash. | E-Commerce   | E-Commerce                                                   |
| 281114        | Construction Equipment & Spare Parts Manufacturing | Includes manufacturing building and construction equipment for excavating, filling, demolition, earth leveling, road paving, cement mixing, as well as cranes, elevators and heavy objects lifts, it involves the spare parts and accessories.                                                                                                                                                                                      | Industrial   | Manufacture of motor vehicles, motorcycles & its spare parts |
| 269202        | Constructional Clay Products Manufacturing         | Includes manufacturing of building and construction clay products, such as bricks, slabs, ceramic, faience tile, clay pipes and tubes and fittings as well as sanitary and bathroom clay requisites.                                                                                                                                                                                                                                | Industrial   | Block and building stones industry                           |
| 332001        | Contact Lenses Manufacturing                       | Includes manufacturing the plastic lens placed on the surface of the eye either to correct visual defects or to change the colors of the eyes.                                                                                                                                                                                                                                                                                      | Industrial   | Manufacture of eyeglasses                                    |
| 291504        | Conveyor & Transmission Belts Manufacturing        | Includes manufacturing rubber, plastic or metal moving belts installed in public utilities like airports, shopping centres or in industrial units to convey raw materials and finished goods or in central kitchens or for any other purposes, pre- installation process involves working out the connectors and metal joiners.                                                                                                     | Industrial   | Equipment and engines manufacturing                          |
| 291401        | Cookers & Cook Stoves Manufacturing                | Includes manufacturing electric, gas, coal or kerosene burners, ovens and cookers, also, different barbecue items.                                                                                                                                                                                                                                                                                                                  | Industrial   | Appliances and machinery manufacturing                       |
| 514218        | Gas Cylinders Trading                              | Includes reselling pressure vessels used to store gases at above atmospheric pressure for domestic industrial and medical uses.                                                                                                                                                                                                                                                                                                     | Commercial   | Domestic gas distribution                                    |
| 741429        | Cooking Consultant                                 | Includes the provision of advice, guidance and operational assistance to hotels, restaurants, clubs, and other professionals in the hospitality industry as regarding how to skillfully preparing meals, helping create the recipes, demonstrate knowledge of the science of food, understanding of diet and nutrition, plan and execute cooking demonstrations in TV stations or any other place.                                  | Service      | Consultancy –D- management, information and marketing        |
| 242905        | Coolants Manufacturing                             | Includes manufacturing coolants which are characterized of having high thermal capacity, low viscosity, chemically inert, and causing no corrosion when mixed with water and flown through or around a device to prevent its overheating.                                                                                                                                                                                           | Industrial   | Manufacturing of chemicals                                   |
| 272003        | Copper Rod Casting                                 | Includes producing pure copper from it's primary ore (cathode) , then melt and cast to form rods to use in manufacturing cables.                                                                                                                                                                                                                                                                                                    | Industrial   | Structural steel manufacturing                               |
| 210206        | Core Paper Manufacturing                           | Includes manufacturing paper tubes and cores in various length and diameters, thickness up to12 ml, for wrapping raw materials such as carpet, moquette, nylon, paper, carton, textiles...etc                                                                                                                                                                                                                                       | Industrial   | Manufacturing of paper and paper products                    |
| 210201        | Corrugated Carton Boxes & Container Manufacturing  | Includes the manufacture of different sizes and types of boxes and containers made of corrugated or non-corrugated carton, used for wrapping and packaging different products in commercial packs in order to facilitate their transportation, shipping and storing.                                                                                                                                                                | Industrial   | Manufacturing of paper and paper products                    |
| 521904        | General Trading                                    | Includes commercial firms engaged in importing, trading and re-exporting of any of the goods and products mentioned in details in trade category, except activities need special approvals.                                                                                                                                                                                                                                         | Commercial   | General Trading                                              |
| 171101        | Cotton, Wool Spinning & Weaving                    | Includes the preparation of cotton and wool fibers manufactured from substitute materials such as nylon or artificial silk, carrying out spinning operations incuding cleaning and carding...etc. Also includes spinning and weaving of fibers to produce fabrics, textiles, broad-cloth, embroideries and laced fabrics, as well as their bleaching.                                                                               | Industrial   | Textiles & products manufacturing                            |

| 514918        | Gum & Glue Trading                                        | Includes reselling gum and glue for direct use or use in producing various chemical compounds, as substances for adhesive and cosmetics.                                                                                                                                                                                                                                                                                                                                     | Commercial   | Chemicals trading                                     |
| 369402        | Dolls Manufacturing                                       | Includes manufacturing dolls and children's toys made plastic, fabric, textiles, leather, metal, or of mixture of them.                                                                                                                                                                                                                                                                                                                                                      | Industrial   | Personal requisities manufacturing                    |
| 514310        | Gypsum Products Trading                                   | Includes reselling gypsum decorative ornaments, maquettes, columns, architectural accessories, cladding panels, insulators, flower pots                                                                                                                                                                                                                                                                                                                                      | Commercial   | Building materials trading                            |
| 513901        | Handbags & Leather Products Trading                       | Includes reselling of handbags made out of leather, fiber, textile or plastic, also, leather purses, belts, leather, and office requisites, leather clothes are excluded.                                                                                                                                                                                                                                                                                                    | Commercial   | Ready made garments group                             |
| 742143        | Drilling, Stock & Production Engineering Consultancy      | Includes providing services and consultancies related to designing and implementing procedures to drill wells as safely and economically as possible, also, the production engineering which focuses on designing and selecting equipment to extract and treat oil and gas well fluids.                                                                                                                                                                                      | Service      | Consultancy -C- Petrol and Water                      |
| 515920        | Handling, Loading & Lifting Equipment Trading             | Includes reselling tools and equipment utilized in loading and unloading in ports, airports and customs stations, including winches, handling equipment, carriages.                                                                                                                                                                                                                                                                                                          | Commercial   | Mechanical & engineering equipment trading            |
| 241106        | Dry Ice Manufacturing                                     | Includes manufacturing dry ice by pressurizing and liquefying carbon dioxide in steel cylinders, and when vaporizing the liquid to turn into a snow-like material which is characterized having several times the cooling capacity of the normal ice, it's used in food and beverage preservation, transport refrigeration, meat processing, equipment blast cleaning, cattle branding, fumigation, fog creation.                                                            | Industrial   | Manufacturing of chemicals                            |
| 515918        | Heavy Equipment & Machinery Spare Parts Trading           | Includes reselling the spare parts of heavy and industrial machinery and equipment used for handling, refrigeration, air purifying, metal cutting and forming, food, beverage, and tobacco processing, textiles and leather production, lifts, escalators, boilers, central kitchens, automatic washing equipment, electric generators, water pumps.                                                                                                                         | Commercial   | Mechanical & engineering equipment trading            |
| 722905        | Education & Training Computer Software                    | Includes providing computer systems analysis and software design to the facilities involved in education and training process, it involves analyzing the user's needs and problems and offering consultancy on the best economical solution and the programs necessary for realizing such a solution, also, the software installation, testing and operation.                                                                                                                | Service      | Consultancy -D- management, information and marketing |
| 512111        | Hides Trading                                             | Includes reselling dried animal hides before tanning or any other converting process.                                                                                                                                                                                                                                                                                                                                                                                        | Commercial   | leather trading                                       |
| 289927        | Egg Incubators Manufacturing                              | Includes manufacturing automated poultry breeders which maintain humidity, temperature and lighting necessary for egg hatching.                                                                                                                                                                                                                                                                                                                                              | Industrial   | Other metal industries                                |
| 513923        | Home Furniture Trading                                    | Includes reselling household beds, bedroom sets, wardrobes, sofas and chairs, tables and requisites, mirrors, hangers, also, furniture for hotels and restaurants totally or partially made of wood, plastic, glass, metal, fiberglass or others.                                                                                                                                                                                                                            | Commercial   | Furnitures trading                                    |
| 315001        | Electric Lamps Manufacturing                              | Includes manufacture of discharge, incandescent, fluorescent, ultra-violet, infra-red lamps                                                                                                                                                                                                                                                                                                                                                                                  | Industrial   | Lighting equipment manufacturing <sup>1</sup>         |
| 311001        | Electric Motors & Generators Manufacturing                | Includes manufacturing the devices which convert the electrical energy into mechanical energy to operate washing machines, airconditions, vacuum cleaners, hair dryers, sewing machines, including also the devices which produce electrical energy from mechanical energy.                                                                                                                                                                                                  | Industrial   | Appliances and machinery manufacturing                |
| 293002        | Electric Water Heaters Manufacturing                      | Includes manufacturing electrically operated household water heaters and swimming pools as well as any device for heating water.                                                                                                                                                                                                                                                                                                                                             | Industrial   | Appliances and machinery manufacturing                |
| 512210        | Honey Trading                                             | Includes reselling raw, purified, refined and bottled honey, also, royal jelly, pollen, propolis as well as beehives, beeswax sheets, honey extractors and other apiary accessories.                                                                                                                                                                                                                                                                                         | Commercial   | Perfumery                                             |
| 293006        | Electrical Home Appliances Manufacturing                  | Includes manufacturing household electrical machines and appliances, such as fans, vacuum cleaners, irons, hair dryers, razors, stoves and others.                                                                                                                                                                                                                                                                                                                           | Industrial   | Appliances and machinery manufacturing                |
| 331301        | Electrical Measuring & Control Systems Manufacturing      | Includes manufacturing electric devices for controlling and measuring industrial process variables, temperature, humidity, pressure, combustion, flow, density, acidity, by fluid meters and counting devices, also instruments for measuring the characteristics of electricity and electrical signals, instruments and instrumentation systems for laboratory analysis of the chemical or physical composition of samples of solid, fluid, gaseous or composite materials. | Industrial   | Appliances and machinery manufacturing                |
| 742119        | Electrical Network & Distribution Engineering Consultancy | Includes providing services and consultancies related to the transmission of power from generating facilities to distribution centers and distribution to end users.                                                                                                                                                                                                                                                                                                         | Service      | Other engineering services                            |
| 321003        | Electronic Appliances Assembling                          | Includes assembling audio-visual electronic equipment, involving radio sets, gramophones, loud-speakers television and video sets, , cinematography and television cameras.                                                                                                                                                                                                                                                                                                  | Industrial   | Appliances and machinery manufacturing                |
| 513942        | Horse Equestrian Equipment & Requisites Trading           | Includes reselling of saddles, reins and other horse riding accessories, also, breeding, training, feeding and caring related requisites other than uniforms.                                                                                                                                                                                                                                                                                                                | Commercial   | Sports equipment trading                              |

| Activity Code | Activity Name                                      | Description                                                                                                                                                                                                                                                                                                                                                                                                                                        | Licence Type | Activity Group                                        |
|---------------|----------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|-------------------------------------------------------|
| 321002        | Electronic Chips & Semiconductors Manufacturing    | Includes manufacturing silicon wafers (chips) used as a semiconductor, integrated circuits, discrete semiconductors and various of chips fitted in computers, electronics, communications and industrial equipment.                                                                                                                                                                                                                                | Industrial   | Appliances and machinery manufacturing                |
| 722902        | Electronic Chips Programming                       | Includes programming electronic chips used in computers or in other automatic electronic devices, which are used in industry, vehicles, household electronic appliances and electronic games.                                                                                                                                                                                                                                                      | Service      | Consultancy -D- management, information and marketing |
| 742120        | Electronic Engineering Consultancy                 | Includes providing physics engineering consultancies and services as regarding the equipment that involve the controlled conduction of electrons especially in a gas or vacuum or semiconductor and which are utilized in diverse fields, such as data processing, telecommunications, transmitting and receiving installations, material testing and research, medical Installations, signal and transmission.                                    | Service      | Other engineering services                            |
| 749504        | Electronic Gadgets Masking                         | Includes firms engaged in masking decorating electronic gadgets such as mobiles, laptops, MP3's in order to give a new look and protect from damage.                                                                                                                                                                                                                                                                                               | Industrial   | Packing services                                      |
| 321005        | Electronic Precision Devices Manufacturing         | Includes manufacturing electronic devices to observe different phenomena indiscernible by ordinary senses, such as sound waves and vibrations detectors, minute objects observers and measuring instruments.                                                                                                                                                                                                                                       | Industrial   | Appliances and machinery manufacturing                |
| 513911        | Household Utensils Trading                         | Includes reselling of various household utensils made of metal, glass, plastic, crystal, clay, ceramic, or wood, including bowls, plates, cups, and other food preparing items, except electrically operated appliances and utensils which are classified under activity No. 5139-15. This also involves manual cleaners such as brooms, sweepers, garbage boxes, ironing boards, clothes horses and others.                                       | Commercial   | Home appliances trading                               |
| 321004        | Electronic Printed Circuit Boards Assembling       | Includes assembling and building printed circuit boards using rigid and flexible laminates and HF laminates (Teflon)                                                                                                                                                                                                                                                                                                                               | Industrial   | Appliances and machinery manufacturing                |
| 321001        | Electronic Tubes Manufacturing                     | Includes manufacturing the electronic tubes that transmit electronic and electromagnetic waves and signals, used to manufacture TV screens and computer monitors and any other scientific or industrial oriented screen.                                                                                                                                                                                                                           | Industrial   | Pipes and wires manufacturing                         |
| 291506        | Elevators & Escalators components Manufacturing    | Includes manufacturing components such as bodies and cabins, walls, roofs, floors which are assembled to form whole lifts, also manufacturing the components of escalators and electric belts installed in airports, shopping centers, hotels and public utilities.                                                                                                                                                                                | Industrial   | Equipment and engines manufacturing                   |
| 292908        | Energy Efficient Equipment Manufacturing           | Energy Efficient Equipment Manufacturing                                                                                                                                                                                                                                                                                                                                                                                                           | Industrial   | Equipment and engines manufacturing                   |
| 742173        | Energy Projects Engineering Consultancy            | Includes conducting engineering consultancy for energy and water related projects such as gas and coal energy, it involves engineering, technical, analytical and economic feasibility studies to identify alternatives, compare between the environmental impacts of energy sources, including design and drawings and supervising execution progress.                                                                                            | Service      | Consultancy -D- management, information and marketing |
| 525104        | Household, Professional & Personal Goods E-Trading | Includes firms specialized in conducting selling household, professional and personal goods to the general public or to other businesses over the internet without needing any human interaction using any of the applications that rely on the internet, it involves coordinating with payment service providers which offer online electronic payments by a variety of payment methods including credit card, smart cards, digital money E-cash. | E-Commerce   | E-Commerce                                            |
| 513930        | Imitation Jewellery Trading                        | Includes reselling costume or imitation jewellery, such as brooches, earrings, necklaces, bracelets, rings made from base metals plated with precious metals, or jewellery containing imitation stones such as imitation gems stones, imitation diamonds.                                                                                                                                                                                          | Commercial   | Ready made garments group                             |
| 291102        | Engines Spare Parts Manufacturing                  | Includes manufacturing major spare parts such as cam shafts, pistons, inletvalves, connecting rods, and other parts used in different engines, machines or industrial, marine or construction equipment.                                                                                                                                                                                                                                           | Industrial   | Equipment and engines manufacturing                   |
| 515905        | Industrial Plant Equipment & Spare Parts Trading   | Includes reselling equipment and machinery installed in industrial plants (except activities mentioned in this class). It's applied to all kinds of industries including oil refineries, petrochemicals, food and plastic industries.                                                                                                                                                                                                              | Commercial   | Mechanical & engineering equipment trading            |
| 731002        | Environmental Consultants & Studies                | Includes firms conduct technical studies and research on the polluters affecting the environment elements, mainly air, water and soil and how to handle the subsequent impacts as well as determining the techniques and practical preventive measures, such firms are not allowed to conduct field surveys and questionnaire before getting approval from the competent authority.                                                                | Service      | Consultancy -D- management, information and marketing |
| 742116        | Environmental Engineering Consultancy              | Includes providing services and consultancies related to improving the natural environment (air, water, and land resources), remediate pollution sites, finding plausible solutions in the field of public health, promote adequate sanitation in urban, rural and areas, waste water management and disposal, air pollution control, recycling, radiation protection, environmental sustainability.                                               | Service      | Other engineering services                            |
| 514904        | Industrial Solvents Trading                        | Includes reselling of solvents and abrasives for cleaning equipment and machinery in factories and workshops, or for central air-conditioners, lifts, boilers, as well as motor and ship engines.                                                                                                                                                                                                                                                  | Commercial   | Chemicals trading                                     |
| 749946        | Event Management Consultancy                       | Includes firms engaged in managing festivals and events, which involves, studying intricacies of the event, identifying the target audience, devising the event concept, planning logistics, coordinating the technical aspects before executing the modalities of the event. The activity applies to a variety of areas, such as, corporate events, marketing programs, concerts, award ceremonies, fashion shows and wedding parties.            | Service      | Consultancy -D- management, information and marketing |

|---------------|--------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|--------------------------------------------------------------|
| 343002        | Exhausts Manufacturing                                 | Includes manufacturing exhausts used to convey burnt gases from the engine.                                                                                                                                                                                                                                                                                                                        | Industrial   | Manufacture of motor vehicles, motorcycles & its spare parts |
| 289928        | Exhibition Stands Manufacturing                        | Includes firms engaged in manufacturing exhibitions fixtures including walls, ceilings, podiums and requisites.                                                                                                                                                                                                                                                                                    | Industrial   | Manufacturing of wood, wood products and Furniture           |
| 281109        | Expanded Metal Components Manufacturing                | Includes the process of metal spreading, boring or converting metal plates into gabions nets to produce metal products like reinforcing angles, sections, bricks lining up studs and other requisites used in the constructions for supporting and reinforcing different building elements and prevent cracking.                                                                                   | Industrial   | Structural steel manufacturing                               |
| 172106        | Fabrics & Textiles Embroidering                        | Includes knitting and crocheting cotton, silk and wool fabrics with colored or golden stripes to use in producing household linens and women dress.                                                                                                                                                                                                                                                | Industrial   | Textiles & products manufacturing                            |
| 222110        | Fabrics, Textiles & Readymade Garments Screen Printing | Includes silk-screen printing on textiles and wearing apparel by transferring a multicolored image or design image from a screen to textile articles through lithographic, gravure, screen or flexographic printing.                                                                                                                                                                               | Industrial   | Printing and publishing services                             |
| 741413        | Facilities Resources Planning Consultancy              | Includes firms engaged in conducting studies and consultancies as regarding various alternatives available to a firm in ordre to achieve the optimum utilization of resources, thus the firm is enabled to minimize utilization of inputs and energy, as well as impact on environment.                                                                                                            | Service      | Consultancy -D- management, information and marketing        |
| 269907        | False Ceilings Manufacturing                           | Includes manufacturing false ceilings made of non-metallic materials such as gypsum, fiberglass, or plastic reinforced with cement.....etc.                                                                                                                                                                                                                                                        | Industrial   | Block and building stones industry                           |
| 514910        | Industrial Sponge Trading                              | Includes reselling synthetic sponge chemicals, or fully manufactured sponge.                                                                                                                                                                                                                                                                                                                       | Commercial   | Chemicals trading                                            |
| 749914        | Fashion Designing                                      | Includes shops which design fashions and clothes for men, women and children, including uniform suits for the official bodies' personnel.                                                                                                                                                                                                                                                          | Service      | Gents tailoring and design                                   |
| 741402        | Feasibility Studies Consultancies                      | Includes firms which prepare technical and economic feasibility studies on the new projects to determine the profitability of these projects over a period of operation, such firms are not allowed to conduct field surveys and questionnaire before getting approval from the competent authority.                                                                                               | Service      | Consultancy -D- management, information and marketing        |
| 514915        | Ink & Printing Materials Trading                       | Includes reselling printing inks either powdered, paste or as liquid, in addition to inject cartridges used in fax machines, photo copiers and computer printers.                                                                                                                                                                                                                                  | Commercial   | Chemicals trading                                            |
| 313004        | Fiber Optics Cables, Wires & Requisites Manufacturing  | Includes manufacturing the cables and wires using optical fiber as a medium which permits transmission over longer distances, it involves single-mode fiber used in telecommunication and TV cables, and the multi-mode fiber for computer networking.                                                                                                                                             | Industrial   | Pipes and wires manufacturing                                |
| 261004        | Fibre Glass Products Manufacturing                     | Includes forming of fiberglass from its primary substances and making different products, such as pipes, tubes and fittings, water tanks, exterior decorations, doors, and nets used to cover water-insulated ceilings ( boats manufacturing is under activity no. 3512-02) .                                                                                                                      | Industrial   | Glass industries                                             |
| 515976        | Inspection, Testing Equipment & Devices Trading        | Includes the reselling of equipment and devices specialized in testing, examining, and inspecting constructions, facilities, marine and industrial equipment, vehicles and transport means, these devices are related to on-site testing apart from laboratory equipment which are classified under 5150-10                                                                                        | Commercial   | Mechanical & engineering equipment trading                   |
| 514919        | Insulation & Protection Materials Trading              | Includes reselling of insulators and requisites used as humidity proof, water sealants, sun or generated heat proof, acoustic enclosures, vibration isolators, anti radiators, electric and magnetic insulation, metal and wood protectors of rust, corrosions, humidity and heat, as well as any material used in constructions, machinery, furnaces, vehicles marine equipment ...etc.           | Commercial   | Chemicals trading                                            |
| 210205        | Files & Box Files Manufacturing                        | Includes the manufacture of paper filing requisites such as files and box files where documents and official papers are kept, whether such requisites made of paper, carton or plastic. This also includes printing and manufacturing of paper files.                                                                                                                                              | Industrial   | Manufacturing of paper and paper products                    |
| 514320        | Ironmongery Trading                                    | Includes reselling of steel and copper ironmongery door and window knobs, fixed locks and keys, door joints, and door closing requisites.                                                                                                                                                                                                                                                          | Commercial   | Building materials trading                                   |
| 515957        | Irrigation Equipment & Requisites Trading              | Includes reselling equipment and accessories used in the artificial application of water to the land or soil where the natural rainfall was insufficient to support crops, it involves pivots for overhead irrigation, pumps, sprinklers, drippers, control and automation equipment.                                                                                                              | Commercial   | Mechanical & engineering equipment trading                   |
| 921409        | Fine Arts Consultancies                                | Includes firms which provide consultancy and advisory services on the investment, collection, storing and restoration of original art works, as well as services related to the coordination and curating of fine arts exhibitions, festivals and events. Also includes promotional activities for these works such as advertising, public relations and events through a licensed media provider. | Service      | Consultancy -D- management, information and marketing        |
| 242901        | Fire Extinguishing Materials Manufacturing             | Includes manufacturing the materials that can extinguish fire by taking away any of the three components of the fire triangle which are fuel, heat and oxygen, the fire extinguishers involve gaseous materials such as Carbon dioxide and halon, liquid materials such as foam, and solid materials such as wetchemicals.                                                                         | Industrial   | Manufacturing of chemicals                                   |
| 504004        | Jet Ski Trading                                        | Includes reselling personal watercraft used water recreational activities and sport.                                                                                                                                                                                                                                                                                                               | Commercial   | Trading in motor vehicles and motorcyles                     |

| 291923        | Fire Fighting & Safety Equipment Manufacturing     | Includes manufacturing of equipment and machinery used in vocational safety, labor accident preventives, natural hazards protective tools, also, firefighting equipment like electric cables, smoke exhaust fans, alarm bells, manual extinguishers, hoses, sprinklers, pumps, dampers, emergency/exit lights, nozzles, automatic fire detectors, wet fire systems.                                                                                                        | Industrial   | Equipment and engines manufacturing                   |
| 525107        | Jewellery & Precious Stones E-Trading              | Includes firms specialized in conducting selling jewellery, pearls and precious stones to the general public or to other businesses over the internet without needing any human interaction using any of the applications that rely on the internet, it involves coordinating with payment service providers which offer online electronic payments by a variety of payment methods including credit card, smart cards, digital money E-cash.                              | E-Commerce   | E-Commerce                                            |
| 291903        | Fire Fighting Equipment Assembling                 | Includes assembling or manufacturing fire extinguishing and fighting equipment, such as foam and chemicals pumps, fire fighting in oil well and petrochemicals facilities speciality equipment, also fire alarm systems.                                                                                                                                                                                                                                                   | Industrial   | Equipment and engines manufacturing                   |
| 273105        | Fire Fighting Pipes Manufacturing                  | Includes manufacturing galvanized steel and plastic pipes.                                                                                                                                                                                                                                                                                                                                                                                                                 | Industrial   | Pipes and wires manufacturing                         |
| 513928        | Jewellery Trading                                  | Includes reselling adornment jewellery such as brooches, earrings, necklaces, bracelets, rings, which are made of gold, platinum, palladium, titanium, silver and gemstones.                                                                                                                                                                                                                                                                                               | Commercial   | Jewellery trading                                     |
| 281117        | Fire Rate Ducts Manufacturing                      | Includes manufacturing fire rated galvanized iron ducts and sound attenuators in residential, commercial and industrial buildings, they are used to extract smoke and contain fire within the duct system for 2-4 hours.                                                                                                                                                                                                                                                   | Industrial   | Other metal industries                                |
| 269913        | Fire Resistant & Retardant Materials Manufacturing | Includes manufacturing fire resistant and retardant cladding and insulation materials, partitions, bricks, paints.                                                                                                                                                                                                                                                                                                                                                         | Industrial   | Structural steel manufacturing                        |
| 515971        | Kids Rides & Games Trading                         | Includes reselling in-door children rides and games, as well as those installed in public parks and gardens for children entertainmen, including swings, slides, house and aircraft models, whether made of solid and safe materials or of inflatable objects.                                                                                                                                                                                                             | Commercial   | Mechanical & engineering equipment trading            |
| 281118        | Fire Resistant Doors Manufacturing                 | Includes manufacturing fire rated metal, wooden or glass doors which are certified by the competent authorities after passing the test of high heat resistance and prevent flames and smoke spreading.                                                                                                                                                                                                                                                                     | Industrial   | Other metal industries                                |
| 519010        | Laboratories Tools & Requisites Trading            | Includes reselling laboratory requisites for scientific and medical testing and analysis, including glassware, instruments, apparatuses other than chemical solutions and equipment.                                                                                                                                                                                                                                                                                       | Commercial   | Medicines trading                                     |
| 741428        | Fire Safety Consultancy                            | Includes firms engaged in providing consultancy in fire protection and safety, including, preparing protective strategy and emergency and evacuation plan, assessing fire risks and formulate action plan complying with regulations imposed by the concerned authorities in this respect, developing fire management policies and procedures, modifying premises designs to comply with the building regulations regarding fire safety, designing fire training programs. | Service      | Consultancy -D- management, information and marketing |
| 742162        | Fire Sfty &Protection Engineering Consultancy      | Includes providing services and consultancies related to the applying engineering principles to protect property, people from the destructive effects of fire by focusing on fire detection, suppression and mitigation as well as preparing protective strategy and emergency and evacuation plan                                                                                                                                                                         | Service      | Consultancy -B- Engineering                           |
| 289931        | Fishing Cages Manufacturing                        | Includes firms that manuallymake fishing cages either for own use or for sale to others.                                                                                                                                                                                                                                                                                                                                                                                   | Industrial   | Fishing cages & net manufacturing                     |
| 172303        | Fishing Net Making                                 | Includes making fishing net from nylon woven in a grid-like structure.                                                                                                                                                                                                                                                                                                                                                                                                     | Industrial   | Fishing cages & net manufacturing                     |
| 513112        | Ladies' Garments Trading                           | Includes reselling ladies' shirts and trousers, party and evening dresses, maternity clothes, wedding dresses, night and in-house wear, beach and bath wear, scarves and others.                                                                                                                                                                                                                                                                                           | Commercial   | Ready made garments group                             |
| 172107        | Flags Manufacturing                                | Includes the manufacture of formal and informal flags and banners with different sizes for different purposes by means of cutting and weaving or by color printing or others. It also includes the manufacture of logos and badges as well as ceremonial banners which are hung at celebrations and similar occasions. This also includes the manufacture of flags woven from natural or artificial fibers or from plastic and the like.                                   | Industrial   | Textiles & products manufacturing                     |
| 154911        | Flavors & Fragrances Manufacturing                 | Includes the manufacture of flavors and fruit extracts used in processing foodstuff, and also the fragrances used in manufacturing aromatics and cleaning products.                                                                                                                                                                                                                                                                                                        | Industrial   | Food industries                                       |
| 515998        | Laser & Fireworks Show Equipment Trading           | Includes reselling laser and fireworks show products such as, digital light processors, screens and projectors, high powered lighting units, video devices, loudspeaker systems, these firms are not allowed to deal in fireworks materials.                                                                                                                                                                                                                               | Commercial   | Mechanical & engineering equipment trading            |
| 251903        | Flooring Materials & Mats Manufacturing            | Includes manufacturing hardened rubber for flooring workshops, factories, hospitals and other buildings, also, for covering swimming pool edges, vehicles and boats bottoms, gardens and sport tracks, in addition of rubber mats for houses and entrances.                                                                                                                                                                                                                | Industrial   | Manufacture of tyres and rubber products              |
| 515936        | Laundry & Dry Cleaning Equipment Trading           | Includes reselling laundry machinery and equipment for cleaning and ironing clothes, textiles, linen, curtains, carpets and others, whether by steam or dry cleaning.                                                                                                                                                                                                                                                                                                      | Commercial   | Mechanical & engineering equipment trading            |

| 519015        | Life Saving Equipment Trading                          | Includes reselling equipment for marine life saving such as life jackets, lifebuoys and boats, also the devices that ignite light, smoke and flare signals used to indicate the position of the distressed lifebuoys in day or night in order to enable rescuing.                                                                                                                                                                                                                                           | Commercial   | Mechanical & engineering equipment trading            |
| 515951        | Lifts, Escalators & Spare Parts Trading                | Includes reselling lifts fixed in multistoried facilities to carry people and goods, also, escalators and electric belts in airports, shopping centers, hotels and public utilities.                                                                                                                                                                                                                                                                                                                        | Commercial   | Mechanical & engineering equipment trading            |
| 513917        | Light Fittings & Fixtures Trading                      | Includes reselling lighting lamps, ornamental ceiling lamps (except crystal chandeliers) switch keys and sockets. This also includes electric bells, spotlights, garden and house lighting device. Public parks and squares lightings are classified under Class 5150.                                                                                                                                                                                                                                      | Commercial   | Not Grouped                                           |
| 291402        | Food Heating Burners Manufacturing                     | Includes manufacturing of small burners used by hotels, restaurants to keep food hot during parties and different occasions.                                                                                                                                                                                                                                                                                                                                                                                | Industrial   | Appliances and machinery manufacturing                |
| 515930        | Lighting Equipment & Requisites Trading                | Includes reselling lighting devices in public gardens, parks, squares, airports, sports stadium and others.                                                                                                                                                                                                                                                                                                                                                                                                 | Commercial   | Mechanical & engineering equipment trading            |
| 741422        | Food, Health Food & Dairy Consultant                   | Includes providing consultancy on health food domain to provide a key liaison between marketing and product development to meet the increasing needs to acquire fundamental knowledge and skills in health food concepts, involving also, development of new recipes, sourcing raw material and ingredients, design and sourcing of machinery and method of production, also, packaging, cost, quality compliance auditing and project management and marketing.                                            | Service      | Consultancy -D- management, information and marketing |
| 154930        | Foods Containing Homogenized Ingredients Manufacturing | Foods Containing Homogenized Ingredients Manufacturing                                                                                                                                                                                                                                                                                                                                                                                                                                                      | Industrial   | Food industries                                       |
| 514324        | Lighting Poles Trading                                 | Includes reselling utility lighting poles made of metal, concrete or wood for roads, streets and parks lighting.                                                                                                                                                                                                                                                                                                                                                                                            | Commercial   | Building materials trading                            |
| 742104        | Foundations & Soil Mechanics Engineering Consultancy   | Includes providing services and consultancies related to soil mechanics to analyze the deformations of and flow of fluids within natural and man-made structures that are supported on or made of soil, also, the design foundations based on the load characteristics of the structure and the properties of the soils and bedrock at the site.                                                                                                                                                            | Service      | Other engineering services                            |
| 514338        | Locks & Keys Trading                                   | Includes reselling the mechanical or electronic fastening device which are released by a physical object, such as key, keycard, fingerprint, security token.                                                                                                                                                                                                                                                                                                                                                | Commercial   | Building materials trading                            |
| 514102        | Lubricants & Grease Trading                            | includes reselling the high viscosity oil based lubricating substances used for lessening friction in the working parts of a mechanism in order to protect against wear and Transfer heat.                                                                                                                                                                                                                                                                                                                  | Commercial   | Fuel and petroleum products trading                   |
| 361012        | Furniture Upholstery                                   | Includes providing furniture, especially seats with padding, springs, webbing, and fabric and leather covers.                                                                                                                                                                                                                                                                                                                                                                                               | Industrial   | Combing and upholstery                                |
| 289908        | Gabions Manufacturing                                  | Includes manufacturing galvanized and plastic coated gabions for using in constructions, fencing, preventing erosion of soil and rocksand making boxes and cages.                                                                                                                                                                                                                                                                                                                                           | Industrial   | Cotton & metal nets & ropes manufacturing             |
| 289924        | Garbage & Waste Collection Containers Manufacturing    | Includes manufacturing of tanks, containers used for garbage and waste collection from public places. Home dustbins are listed under class No. (3699).                                                                                                                                                                                                                                                                                                                                                      | Industrial   | Metal containers & boxes manufacturing                |
| 514340        | Marble & Natural Stones Trading                        | Includes reselling varieties of marbles and natural stones like granite, basalt, limestone, this activity is limited to firms that trade these materials as crude before any conversional processes except cutting in blocks or slabs for transport purposes.                                                                                                                                                                                                                                               | Commercial   | Building materials trading                            |
| 281115        | Garbage Chutes Manufacturing                           | Includes manufacturing steel cylindrical chutes for disposing garbage from top to down floors in high buildings and hospitals, including installation process.                                                                                                                                                                                                                                                                                                                                              | Industrial   | Metal containers & boxes manufacturing                |
| 515911        | Measuring & Control Systems Trading                    | Includes reselling of all measurement, observation and control systems and equipment, this applies to land surveying, measurement of quantities, distances, temperature, humidity, height, geographical and environmental changes, also, equipment and devices to control the flow of water, liquids, electricity, gases, regulators of speed and operations of production levels, also, cadastral and meteorology meters, also, devices to automate and control home electrical and electronic appliances. | Commercial   | Mechanical & engineering equipment trading            |
| 515963        | Meat & Fish Processing Equipment & Machinery Trading   | Includes reselling of equipment and machines for processing slaughtered cattle, chicken, fish and seafood, including skinning, defeathering, removal of crusts, cleaning and removal of unwanted parts, also, cutting meat in slices, filets, or mincing meat and preparing for cooking.                                                                                                                                                                                                                    | Commercial   | Mechanical & engineering equipment trading            |
| 513957        | Medical, Surgical Articles & Requisites Trading        | Includes reselling of certain instruments and precise medical apparatuses for treating of certain diseases, such as earphones, batteries for cardiac patients, pulse regulators, walking-sticks, splints for bone fractures, medical shoes, artificial limbs, dentures and other medical instruments, also, surgical requisites like artificial organs and parts to replace damaged organs, bone joints, heart valves, in addition to surgical suture bandages and plasters .                               | Commercial   | Medicines trading                                     |

| 289916        | Gas Cylinders Manufacturing                                      | Includes manufacturing gas cylinder of steel and composite materials which are chemically stable to use for domestic industrial and medical uses.                                                                                                                                                                                                                                                                                                                                                                                                                                  | Industrial   | Metal containers & boxes manufacturing                |
| 515947        | Medical, Surgical Equipment & Instruments Trading                | Includes reselling instruments and equipment used in hospitals and clinics for diagnosis, treatment, surgical operations, medicine and blood preservation, X-raying, sterilization, waste disposal, physical therapy and rehabilitation, also, manual kits and instruments used for check-up, surgical operations and bandaging.                                                                                                                                                                                                                                                   | Commercial   | Medicines trading                                     |
| 742156        | Gas Extraction Engineering Consultancy                           | Includes providing services and consultancies related to the process designed to clean raw natural gas by separating impurities to produce pure gases for different applications.                                                                                                                                                                                                                                                                                                                                                                                                  | Service      | Other engineering services                            |
| 513111        | Men's Garment Trading                                            | Includes reselling men's garments, such as shirts, suits, coats, jackets, socks, ties and others.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  | Commercial   | Ready made garments group                             |
| 742146        | Geodetic Engineering Surveying Consultancy                       | Includes establishing of vertical and horizontal control networks of different orders of accuracy, determination of the shape, size of the earth and its gravity field, building deformation monitoring, determination & commutation of geoid models, monitoring crustal movement and earth quake hazards, execution of large projects of geodetic nature like pipelines, highways, international boundaries ... etc. MSL determination projects.                                                                                                                                  | Service      | Other engineering services                            |
| 742147        | Geographical Maps Drawing                                        | Includes preparing natural, political and civil geographical maps, whether digital or linear, also includes preparing reliefs topographical and contour designs as well as analytical reporting.                                                                                                                                                                                                                                                                                                                                                                                   | Service      | Other engineering services                            |
| 742130        | Geophysical, Geochemical & Geomechanical Engineering Consultancy | Includes providing services and consultancies related to the study of the earth shape and internal structure using quantitative physical methods for remote exploration to analyze potential petroleum reservoirs and mineral deposits, locate groundwater, it also involves geochemistry to explain the mechanisms behind major geological systems such as the earth crust in order to explore mineral resources that cannot be explored by geological methods, also, the geomechanics which through the soil mechanics and rock mechanics study of the behavior of soil and rock | Service      | Consultancy -C- Petrol and Water                      |
| 749501        | Gift Wrapping                                                    | Includes gift preparing services. The process involves wrapping, fixing, bands, flowers, artificial buttons, designing and typing greetings cards, as well as home or office delivery.                                                                                                                                                                                                                                                                                                                                                                                             | Service      | Packing services                                      |
| 514220        | Metal Alloys Trading                                             | Includes reselling alloys to produce steel plates, structural beams, columns, angles, seamless and welded pipes.                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | Commercial   | Metals & its products trading                         |
| 514323        | Metal Blinds Trading                                             | Includes reselling metal slat blinds which consist of many horizontal slatsand connected to allow light to pass between the slats.                                                                                                                                                                                                                                                                                                                                                                                                                                                 | Commercial   | Furnitures trading                                    |
| 261007        | Glass Bottles & Containers Manufacturing                         | Includes manufacturing glass bottles and containers used for bottling liquids, chemical products and others.                                                                                                                                                                                                                                                                                                                                                                                                                                                                       | Industrial   | Glass industries                                      |
| 514211        | Metal Cans & Containers Trading                                  | Includes reselling metal cans and containers for the distribution or storage of goods.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             | Commercial   | Metals & its products trading                         |
| 261005        | Glass Sheets & Mirror Manufacturing                              | Includes manufacturing flat glass from soda-lime by the float glass process or by any other process, for using in modern architectural and automotive applications, for windows and doors, transparent walls and windshields, also, manufacturing mirrors by applying a reflective coating a glass to use in decoration, and architecture and scientific apparatus.                                                                                                                                                                                                                | Industrial   | Glass industries                                      |
| 261001        | Glassware Manufacturing                                          | Includes manufacturing household and kitchen glass items used in cooking, serving and preserving food.                                                                                                                                                                                                                                                                                                                                                                                                                                                                             | Industrial   | Glass & chinaware manufacturing                       |
| 181013        | Gloves Manufacturing                                             | Includes manufacturing gloves out of different fabrics like cotton, wool or synthetic fibres as well as those made of natural leather and rubber.                                                                                                                                                                                                                                                                                                                                                                                                                                  | Industrial   | Manufacturing of garments and rugs                    |
| 514210        | Metal Drums & Barrels Trading                                    | Includes reselling containers of metal for storage and transportation of water, petroleum products, chemicals and other liquids.                                                                                                                                                                                                                                                                                                                                                                                                                                                   | Commercial   | Metals & its products trading                         |
| 232009        | Grease & Lubricants Blending                                     | Includes blending compatible base oils and additives to produce new brands of automotive lubricants, marine oils, gear oils, transmission oils and hydraulic oils.                                                                                                                                                                                                                                                                                                                                                                                                                 | Industrial   | Manufacture of petroleum products                     |
| 232007        | Grease & Lubricants Manufacturing                                | Includes the manufacture of various engines and machines grease and lubricants. Included also the a firms manufacture compound oils.                                                                                                                                                                                                                                                                                                                                                                                                                                               | Industrial   | Manufacture of petroleum products                     |
| 514201        | Metal Ores Trading                                               | Includes reselling industrial basic ores for extracting various metals including hematite, bauxite, and zinc ore...etc.                                                                                                                                                                                                                                                                                                                                                                                                                                                            | Commercial   | Metals & its products trading                         |
| 742166        | Green Buildings Consultant                                       | Includes offering counseling as regarding constructing green buildings, which are defined as environment friendly buildings, including all the services enable the efficient use of energy , water and other resources, which will have impact national health and global environment.                                                                                                                                                                                                                                                                                             | Service      | Consultancy -D- management, information and marketing |
| 742176        | Green Buildings Engineering Consultancy                          | Includes providing engineering services along with architectural designs which aim at saving energy in buildings as well as minimizing carbon dioxide emission by means of ideal designs and by using environment friendly buildings materials.                                                                                                                                                                                                                                                                                                                                    | Service      | Consultancy -B- Engineering                           |
| 514215        | Metal Rope trading                                               | Includes reselling metal ropes used in pulling and lifting objects and in industrial uses.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | Commercial   | Metals & its products trading                         |
| 369912        | Grinding & Scraping Requisites Manufacturing                     | Includes manufacturing tools and materials to scrape, polish and smooth surfaces, these tools include sandpapers, smoothing stone and polishing heads fitted on polishing devices, except chemicals that are listed under class 2424.                                                                                                                                                                                                                                                                                                                                              | Industrial   | steel tool manufacturing                              |

| 291919        | Hoses Assembling                                            | Includes fitting fluids and air hoses with clamps, spigots, flanges, nozzles for using in different industrial application.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | Industrial   | Equipment and engines manufacturing                   |
| 514203        | Non Ferrous Metal Trading                                   | Includes reselling of blocks, partitions, panels, rods, or ingots made of other non-ferrous metals, including aluminum, copper or zinc for various uses.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | Commercial   | Metals & its products trading                         |
| 514204        | Non-Manufactured Precious Metal Trading                     | Includes reselling of the basic ores of gold, silver, platinum and other precious metals in pre-extraction condition, or in the form of ingots, blocks, threads or chips in pre- forming manufacturing.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                | Commercial   | Jewellery trading                                     |
| 741406        | Human Resources Consultancies                               | Includes firms specialized in preparing studies and consultancies concerning manpower planning as well as improving its performance through studying the problems encounter the employee. These problems could be technical, psychological or behavioral. The process involves analyzing the problem and then seek the proper solution by means of reports, advising, consulting, designing of professional and administrative programs and to propose the adequate training to overcome the employee problems and enhancing his performance, such firms are neither allowed to conduct field surveys and questionnaire prior getting approval from the competent authority, nor practice labor recruitment and employment brokerage or temporary employment, or a related field, the minimal qualifications required is bachelor degree in Business Administration or Economics or a related discipline , along with three years hands-on experience. | Service      | Consultancy -D- management, information and marketing |
| 742125        | Hydraulic Engineering Consultancy                           | Includes providing engineering supports and services to gas, thermo and hydro electric generating stations, to auto engineering, internal combustion engines and water pumping units with regard to hydraulic mechanics, air propelling, conditioning and cooling systems.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             | Service      | Other engineering services                            |
| 742145        | Hydrographic Engineering Surveying Consultancy              | Includes mapping of seabed, execution of all types of hydrographic survey related works, participation in different construction projects inside water or coastlines, preparation of all kind of hydrographic maps with different scales, production of tidal charts.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  | Service      | Other engineering services                            |
| 513934        | Novelties Trading                                           | Includes reselling of paintings, historical photographs, statues, antiquity utensils, as well as other art works made of silver, copper, wood, ivory, crystal, glass or others.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | Commercial   | Ready made garments group                             |
| 742205        | Industrial Installations Inspection Engineering Consultancy | Includes firms engaged in the technical inspection to disclose effects in different installations, including all kinds of buildings, the civil constructions of the infrastructure such as bridges, roads, tunnels, dams, railways, industrial facilities and equipment such as power plants, water desalination and sewage plants, petrochemical laboratories, defects in the engines of ships, aircrafts and locomotives, it also involves the nondestructive technical inspection, the analysis of the result and preparation of studies and reports that show the status of cases and treatment programs.                                                                                                                                                                                                                                                                                                                                          | Service      | Consultancy -D- management, information and marketing |
| 513949        | Occupational Hygiene & Safety Requisites Trading            | Includes reselling protective helmets, gloves and anti-radiation eyeglasses and other instruments and kits for protecting workers from occupational hazard in factories, oilfields, civil construction sites and workshops.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | Commercial   | Building materials trading                            |
| 742123        | Industrial Production Engineering Consultancy               | Includes providing services and consultancies to various technical and technological specialties of industrial engineering with regard to machinery and equipment utilization and maintenance, factory planning, commodity design studies and the execution of the related researches, drawings, designs and in addition to preparation and execution of maps and the consultancies related to plants operation and production planning.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | Service      | Other engineering services                            |
| 242404        | Industrial Solvents Manufacturing                           | Includes manufacturing chemical products for cleaning machines, instruments and equipment, including air conditioners, boilers, lifts, motor vehicles engines and other machines and instruments.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | Industrial   | Manufacturing of chemicals                            |
| 504003        | Off Road Karts & Spare Parts Trading                        | Includes reselling three or four wheeled vehicles which run by petrol and used for recreation and sports, also, spare parts and components.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | Commercial   | Trading in motor vehicles and motorcyles              |
| 515938        | Office Equipment Trading                                    | Includes reselling office equipment in public and private facilities and banks, including , automatic and manual file shelves and cabinets, files moving carriages, safes, paper shredders, day and time attendance machines, paper and document binders and laminators, cards printers laminating and other equipment except office furniture.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | Commercial   | Mechanical & engineering equipment trading            |
| 741408        | Information Studies & Consultancies                         | Includes providing services and consultancies pertaining to printing, publishing, issuing newspapers and magazines, radio and television and motion picture production. It also includes conferences, seminars and ceremonies organizing related services, in addition to providing studies and information to organizations engaged media production, organizing and planning, such firms are not allowed to conduct field surveys and questionnaire before getting approval from the competent authority.                                                                                                                                                                                                                                                                                                                                                                                                                                            | Service      | Consultancy -D- management, information and marketing |
| 721003        | Information Technology Consultants                          | Includes providing technical services and consultancies with respect to information technology and applications like internet, internet and data warehousing to enhance the administrative and technical performance in different corporations. In addition to offering consultancies, to involve proposing the adequate softwares and handling the surveys and studies to determine the appropriate technology consistent with the nature of the firm, these firms are not entitled to market or produce any of the                                                                                                                                                                                                                                                                                                                                                                                                                                   | Service      | Consultancy -D- management, information and marketing |
| 515907        | Office Furniture Trading                                    | Includes reselling of office desks, chairs, tables, cabinets and others, trading of office equipment and shops fittings is classified under class 5150.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                | Commercial   | Furnitures trading                                    |
| 242206        | Ink and Printing Materials Manufacturing                    | Includes manufacturing printing inks either being in powder, paste or as liquid, in addition to inject cartridges used in fax machines, photo copiers and computer printers.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | Industrial   | Manufacturing of chemicals                            |

|---------------|--------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|-------------------------------------------------------|
| 515906        | Oilfield & Natural Gas Equipment & Spare Parts Trading | Includes reselling the equipment involved in the various operations of oil and natural gas production, from primary stages of survey and exploration up to storage, including equipment related to drilling, pumping, gas liquefaction, refining and transportation.                                                                                                                                             | Commercial   | Mechanical & engineering equipment trading            |
| 154925        | Instant Coffee Preparation                             | Includes preparing, mixing and packaging of instant coffee, coffee creamers and mixes there off in well sealed packs, bags or jars.                                                                                                                                                                                                                                                                              | Industrial   | Food industries                                       |
| 513940        | Old Postage Stamps & Currencies Trading                | Includes selling, buying and exchanging old and memorial postage stamps, coins and bank notes, phone cards, celebrities` photos, whether set in historical order, collectively or individually, activity no.(513508) " Trading of Novelties" is not included.                                                                                                                                                    | Commercial   | Separate trading activities                           |
| 242204        | Insulation Materials Manufacturing                     | Includes manufacturing insulation materials from environment friendly minerals or otherwise to use for humidifying, waterproofing, heat proofing, whether from the sun or man generated, including anti-acoustics, anti- vibration and anti- radiant materials in buildings, plants, furnaces...etc.                                                                                                             | Industrial   | Manufacturing of chemicals                            |
| 742110        | Interior Design Engineering Consultancy                | Includes specialized firms which prepare landscaping drawings and designs for residential buildings, hotels, offices... etc., this includes choosing the right materials, colours, fixtures and lighting in addition to supervising the execution according to the designs set forth. It also involves firms specialized in drawing up detailed graphics and designs to stands and fixtures used in exhibitions. | Service      | Consultancy -B- Engineering                           |
| 269510        | Interlock Tiles Manufacturing                          | Includes manufacturing interlock tiles from sand and cement to be laid together to make up the block paved surface and can easily be lifted up and then replaced to allow for beneath maintenance, it is used for paving road surfacing, driveways, petrol stations, parks.                                                                                                                                      | Industrial   | Block and building stones industry                    |
| 721004        | Internet Consultancy                                   | Includes firms specialized in drawing up the strategies of using the internet technology in the commercial entities, as well as impose laying out the techniques of the practical application.                                                                                                                                                                                                                   | Service      | Not Grouped                                           |
| 722904        | Internet Content Provider                              | Includes firms specialized in providing the internet sites with contents and make them available for users.                                                                                                                                                                                                                                                                                                      | Service      | Consultancy -D- management, information and marketing |
| 289101        | Iron & Steel Rolling                                   | Includes the hot or cold forming of iron and steel by passing through a pair of rolls in order to shaping and deforming.                                                                                                                                                                                                                                                                                         | Industrial   | Casting of steel and iron                             |
| 271001        | Iron & Steel Smelter                                   | Includes smelting iron primary ores or iron scrap to produce various types of iron and steel blocks, cylinders or ingots, in such a way that they can reproduce various iron products by means of traction, rolling or remelting and molding.                                                                                                                                                                    | Industrial   | Casting of steel and iron                             |
| 289302        | Iron Mongry Manufacturing                              | Includes manufacturing vertical or horizontal turning knobs and screw hinges, door and window locks, and others metallic requisites made of copper, aluminum, steel or others.                                                                                                                                                                                                                                   | Industrial   | Structural steel manufacturing                        |
| 513104        | Oriental Carpets Trading                               | Includes reselling manually woven oriental carpet.                                                                                                                                                                                                                                                                                                                                                               | Commercial   | Furnitures trading                                    |
| 515940        | Packing & Packaging Equipment Trading                  | Includes reselling semi-automatic and automatic packing and packaging equipment and machinery, for wrapping, bagging, sealing materials.                                                                                                                                                                                                                                                                         | Commercial   | Mechanical & engineering equipment trading            |
| 724001        | IT Infrastructure                                      | Includes firms specialized in laying the technical foundations of the information technology, which comprises the network, the systems and the data bases. It also involves firms engaged in preparing the consultative studies alongwith the installations of the network and the systems, manpower training is also included.                                                                                  | Service      | Consultancy -D- management, information and marketing |
| 181012        | Jackets & Overcoats Manufacturing                      | Includes manufacturing jackets and overcoats intended to be worn as fashion or as a winter dress.                                                                                                                                                                                                                                                                                                                | Industrial   | Manufacturing of garments and rugs                    |
| 514929        | Packing & Packaging Materials Trading                  | Includes reselling freight packing and wrapping, industrial packaging materials, including packs, boxes, panels, sheets, foils and straps made of paper, plastic or metal materials or other substances.                                                                                                                                                                                                         | Commercial   | Bags, backaging materials & paper trading             |
| 515208        | Paging Receivers Trading                               | Includes the resale of wireless paging devices operated as telecommunication systems to receive messages and telephone number, other telecommunication devices are classified in class 5150                                                                                                                                                                                                                      | Commercial   | Electronics group                                     |
| 749948        | Jewellery Designing                                    | Includes designing the models of gold and precious metals jewellery prior to mechanical or manual production, involving pre-manufacturing drawings, setting technical specifications, materials and production costs calculation, testing to ensure compliance of materials with safety and quality standards.                                                                                                   | Service      | Goldsmith & gold repairing                            |
| 514339        | Paint & Varnish Trading                                | Includes reselling of liquid or powdered paints and varnish painting buildings, cars, ships, furniture, including thinners, thickeners, pastes and base paints as well as varnish and similar materials.                                                                                                                                                                                                         | Commercial   | Building materials trading                            |
| 269505        | Kerb Stones Manufacturing                              | Includes constructing Concrete Kerbs using slip form casting machine to use separate the road from the roadside.                                                                                                                                                                                                                                                                                                 | Industrial   | Block and building stones industry                    |
| 515925        | Painting Equipment Trading                             | Includes reselling painting, polishing or burnishing equipment and machinery.                                                                                                                                                                                                                                                                                                                                    | Commercial   | Mechanical & engineering equipment trading            |
| 293005        | Kitchen Appliances Manufacturing                       | Includes manufacturing household's kitchen electric appliances such as, blenders, toasters, food warmers, can openers, knives sharpeners, water boilers, juice extractors, kneaders, coffee and grains grinders, meat mincers and food processors.                                                                                                                                                               | Industrial   | Appliances and machinery manufacturing                |

| 289303        | Locks & Keys Manufacturing                       | Includes manufacturing the mechanical Includes manufacturing the mechanical or electronic fastening devices as well as the keys, keycards, fingerprints and security tokens which release them. or electronic fastening devices as well as the keys, keycards, fingerprints and security tokens which release them.                                                                                                                                                                                                 | Industrial   | Industrial                                            |
| 515979        | Photographic Processing Equipement Trading       | Includes reselling photographic processing apparatus which transform the latent image into a visible printable image, it involves manual small scale processing as well as the automatic commercial processing equipment.                                                                                                                                                                                                                                                                                           | Commercial   | Mechanical & engineering equipment trading            |
| 741426        | Logistics Consultancy                            | Includes firms specialized in providing objective management advice and solutions to supply chain problems as well as providing methodology for improving performance, this involves analyzing the distribution network and delivering practical solutions, facilities and warehouses design and improvement, audit the operation and identify the potentials for improvements.                                                                                                                                     | Service      | Consultancy -D- management, information and marketing |
| 232008        | Lubricants & Grease Refilling                    | Includes firms engaged in breaking bulk Lubricants and Grease in smaller lots consumer or commercial packs.                                                                                                                                                                                                                                                                                                                                                                                                         | Industrial   | Manufacture of petroleum products                     |
| 514912        | Photography Processing Materials Trading         | Includes reselling photography processing chemicals and photographs printing papers.                                                                                                                                                                                                                                                                                                                                                                                                                                | Commercial   | Chemicals trading                                     |
| 515987        | Magnetic Technology Equipment Trading            | Includes selling magnetic technology equipment and systems which are involved in the application of agriculture and animal resources, thermal energy, constructions, water treatment, chemical and oil industries...etc.                                                                                                                                                                                                                                                                                            | Industrial   | Mechanical & engineering equipment trading            |
| 741405        | Management Consultancies                         | Includes providing administrative consultancies and studies to public departments and companies as regarding administrative performance analysis, procedural engineering, laying out flow-charts and related documents circulation, internal policy formulation, organizational restructuring, strategic plans development, innovating work procedures, designing balanced scorecards, such firms are not allowed to conduct field surveys and questionnaire before getting approval from the competent authority.  | Service      | Consultancy -D- management, information and marketing |
| 172900        | Manufacture Of Other Textiles                    | Includes manufacturing the textiles that have no separate activities.                                                                                                                                                                                                                                                                                                                                                                                                                                               | Industrial   | Manufacturing of garments and rugs                    |
| 742134        | Manufacturing & Material Engineering Consultancy | Includes providing engineering support and services to steel and metal plants with regard to thermal dynamics, material engineering, interaction engineering, thermal and matter transmission.                                                                                                                                                                                                                                                                                                                      | Service      | Other engineering services                            |
| 514318        | Pipes & Fittings Trading                         | Includes reselling galvanized and corrosion resistant steel pipes for oil and gas industries, also, plastic or rubber hoses and tubes for extending water and drainage networks, electric wires, including also, joints, knobs, spigots, taps, valves and others.                                                                                                                                                                                                                                                   | Commercial   | Building materials trading                            |
| 269602        | Marble Cutting, Grinding & Polishing             | Includes cutting natural and artificial marble, granite and other stones, in different sizes for using in constructions or for any other industrial purpose, polishing, burnishing and engraving are included as well.                                                                                                                                                                                                                                                                                              | Industrial   | Block and building stones industry                    |
| 292903        | Marine Guide Equipment & Tools Assembling        | Includes assembling marine guide aids, such as, multi-purpose buoys, signal lantern and remote monitor and control systems, for using in lighthouses, ports and harbors, by costal guard and oil and gas companies.                                                                                                                                                                                                                                                                                                 | Industrial   | Equipment and engines manufacturing                   |
| 742172        | Marine Projects Engineering Consultancy          | Includes firms engaged in providing engineering consultancies and services to marine projects such as floating marinas and infrastructure for waterfronts developments, which would be submitted to the concerned authorities for approval, these firms are not allowed to involve in the designs and drawings of said projects                                                                                                                                                                                     | Service      | Consultancy -B- Engineering                           |
| 741302        | Marketing Management                             | Includes firms provide assistance to businesses on marketing products and services to attract and retain customers, involving advice on planning, pricing, sale outlets, it involves digital marketing by using digital channels to promote or market products and services to consumers and businesses, such firms are not allowed to sell the products and services they are promoting.                                                                                                                           | Service      | Consultancy -D- management, information and marketing |
| 741301        | Marketing Research & Consultancies               | Includes conducting field surveys and questionnaires to explore the opinion of the consumers, producers and distributors of the goods and services on the way the commodity is designed, and come out with results which could assist in the marketing, the pricing and the effective promotional campaign, in order come out with results that assist in marketing and sales boosting, such firms are not allowed to conduct field surveys and questionnaire before getting approval from the competent authority. | Service      | Consultancy -D- management, information and marketing |
| 172202        | Mats & Rugs Manufacturing                        | Includes the manufacture of different types of mats and rugs made of fibers or spinned material. It also includes mats made of jute or carpet cuttings.                                                                                                                                                                                                                                                                                                                                                             | Industrial   | Carpet & mat manufacturing                            |
| 361011        | Mattresses & Cushions Making                     | Includes making mattresses internally fitted with cotton.                                                                                                                                                                                                                                                                                                                                                                                                                                                           | Industrial   | Combing and upholstery                                |

| 514909        | Plastic & Nylon Raw Materials Trading                           | Includes reselling of high or low density chemicals (plastics ) for manufacturing plastic products, nylon and PVC, whether granules or polyethylene, polypropylene, polystyrene or others.                                                                                                                                                                                                                                                                                                                                                                                              | Commercial   | Chemicals trading                                            |
| 515988        | Plate Heat Exchangers Trading                                   | Includes reselling metal components used to heat or cool one fluid by transferring heat between it and another fluid, such technology has been applied in industrial facilities and power generation plants.                                                                                                                                                                                                                                                                                                                                                                            | Commercial   | Mechanical & engineering equipment trading                   |
| 742122        | Mechanical Engineering Consultancies                            | Includes firms which offer mechanical engineering services and consultancies with all or most of their specialties such as industrial production engineering and hydraulics mechanics...etc.                                                                                                                                                                                                                                                                                                                                                                                            | Service      | Consultancy -B- Engineering                                  |
| 742152        | Mechanical Engineering Consultancy                              | Includes providing engineering support and services to water desalination and power generation plants with regard to mechanical engineering, machinery designing and computer designed engineering drawing.                                                                                                                                                                                                                                                                                                                                                                             | Service      | Other engineering services                                   |
| 742127        | Mechanical Power Engineering Consultancy                        | Includes providing engineering support and services to electric generating stations, air-conditioning, and auto engineering, with regard to thermal dynamics and transmission, to thermal equipment, power plants, and fuel combustion, and propelling systems technology.                                                                                                                                                                                                                                                                                                              | Service      | Other engineering services                                   |
| 369907        | Mechanical Seals & Gaskets Manufacturing                        | Includes manufacturing cork, paper, metal and rubber joints, rings fitted in engines and machines connectors or in combustion chambers covers or gear boxes in order to prevent leakage, heat absorption and friction.                                                                                                                                                                                                                                                                                                                                                                  | Industrial   | Coating, insulations, seals & protection materials manufactu |
| 273204        | Medals & Shields Manufacturing                                  | Includes manufacturing souvenir articles such as medals, badges, decoratives and necklaces by means of die casting of various metals such as copper and bronze ... etc.                                                                                                                                                                                                                                                                                                                                                                                                                 | Industrial   | Personal requisities manufacturing                           |
| 742148        | Medical Engineering Consultancy                                 | Includes providing public and private healthcare facilities with consultancies on how to build the facilities as well as the specifications of the equipment and instruments and where to locate. To healthcare industries on how to plan manufacturing, the process flow, analyzing equipment efficiency and marketing planning. To universities and medical institutions on instrumentation and to set standards for students learning and curriculum designing. To public authorities involved in medical equipment and to contracting companies constructing healthcare facilities. | Service      | Other engineering services                                   |
| 515978        | Ports & Marine Guide Equipment Trading                          | Includes reselling ports and harbors equipment and fixtures, including installations ships and boats berths, loaders and unloaders, container movers, traffic control and monitors, signals and marine guide devices and lighthouses.                                                                                                                                                                                                                                                                                                                                                   | Commercial   | Mechanical & engineering equipment trading                   |
| 515955        | Power Generation, Transmission & Distribution Equipment Trading | Includes reselling of power stations turbines, generators, and reactors, transmission and feed equipment, distribution keys, panels, current rectifiers, control systems and others for private or public use.                                                                                                                                                                                                                                                                                                                                                                          | Commercial   | Mechanical & engineering equipment trading                   |
| 210908        | Melamine Impregnated Paper Sheets Manufacturing                 | Includes manufacturing cotton paper sheets to use in laminating wooden furniture , the process involves dappling and designing the sheets in different colors and then impregnate in melamine , to turn the laminated surfaces water-proof , chemical and scratch resistant.                                                                                                                                                                                                                                                                                                            | Industrial   | Manufacturing of paper and paper products                    |
| 181001        | Men's Underwears Manufacturing                                  | Includes manufacturing men undergarments made of woven, knitted or crocheted fabric to be worn under other clothes, whether over the waist like T-shirts or below the waist like pants.                                                                                                                                                                                                                                                                                                                                                                                                 | Industrial   | Manufacturing of garments and rugs                           |
| 514212        | Precision Dies Trading                                          | Includes reselling of precision dies for metal or plastic molding to make metal or plastic products.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | Commercial   | Metals & its products trading                                |
| 181002        | Men's Garments Manufacturing                                    | Includes the manufacture of men's cotton, wool, silk apparel, either knitted or woven. This includes all kinds of shirts, night wear (pyjamas), in-house clothes, beach and bath wear, trousers, shorts, ready made men's suits, ties and others. This activity does not include tailoring and sewing shops, as they are classified under class 3800.                                                                                                                                                                                                                                   | Industrial   | Manufacturing of garments and rugs                           |
| 514315        | Pre-Fabricated Houses Trading                                   | Includes reselling permanent or temporary pre-fabricated houses made of wood, cement, steel or any other materials, and other related structural metal parts and requisites...etc.                                                                                                                                                                                                                                                                                                                                                                                                      | Commercial   | Building materials trading                                   |
| 361008        | Metal Blinds Manufacturing                                      | Includes manufacturing metal, plastic or wooden venitian blinds which are fixed to be vertically or horizontally pleated.                                                                                                                                                                                                                                                                                                                                                                                                                                                               | Industrial   | Manufacturing of wood, wood products and Furniture           |
| 515929        | Printing Equipment & Instruments Trading                        | Includes reselling machines for different printing processes and techniques and on a variety of materials, such as letterpress, photogravure, offset lithography printing, engraving and intaglio, textile screen Printing, hand printing sets, binding.                                                                                                                                                                                                                                                                                                                                | Commercial   | Mechanical & engineering equipment trading                   |
| 289911        | Metal Buckets Manufacturing                                     | Includes manufacturing buckets, trays and other metal products used for any purpose other than household utensils, this includes pots and vessels for plantations, laboratories and workshops.                                                                                                                                                                                                                                                                                                                                                                                          | Industrial   | Metal containers & boxes manufacturing                       |
| 289925        | Metal Cabinets and Enclosures Manufacturing                     | Includes Manufacturing of metal cabinets and enclosures made of metal panels and used for protecting electrical and industrial distribution control panels, generators, distribution points and fire extinguishing enclosures, or gas assembling or in ventilation.                                                                                                                                                                                                                                                                                                                     | Industrial   | Metal containers & boxes manufacturing                       |

| 513114        | Protective Garments & Vests Trading                      | Includes reselling protective costumes and vests for different uses, like fire resistant wears, athletes and medical wears, also, body cooling vests, which can be wore under and above clothes.                                                                                                                                                                                                                                                                                                                     | Commercial   | Ready made garments group                                    |
| 281112        | Metal Doors & Windows Manufacturing                      | Includes manufacturing steel, aluminum and cooper doors and windows and accessories, whether traditionally styled or bullet and blast resistant styles, frames from the same materials are included.                                                                                                                                                                                                                                                                                                                 | Industrial   | Structural steel manufacturing                               |
| 289905        | Metal Drums & Barrels Manufacturing                      | Includes manufacturing containers of metal for storage and transportation of water, petroleum products, chemicals and other liquids.                                                                                                                                                                                                                                                                                                                                                                                 | Industrial   | Metal containers & boxes manufacturing                       |
| 515952        | Pumps, Engines, Valves & Spare Parts Trading             | Includes reselling pumps for water or other liquid pumping, engines and machines for transport means like ships, boats, vehicles. It also includes industrial and automatic equipment and fittings, as well as various types and sizes of valves for different industrial and mechanical purposes, and spare parts needed to repair and maintain such pumps, compressors, engines and valves.                                                                                                                        | Commercial   | Mechanical & engineering equipment trading                   |
| 742135        | Metal Engineering Consultancy                            | Includes firms which offer services and consultancies on industrial engineering with its technical and technological specialties such as the use and maintenance of machines and equipment, factory planning, product design and other consultancies concerning factory operation and production planning.                                                                                                                                                                                                           | Service      | Other engineering services                                   |
| 281107        | Metal False Ceilings Manufacturing                       | Includes manufacturing aluminum and galvanized steel false ceilings to work as acoustic and heat isolators as well as decorator.                                                                                                                                                                                                                                                                                                                                                                                     | Industrial   | Structural steel manufacturing                               |
| 281111        | Metal Grating Manufacturing                              | Includes making steel and aluminium mesh by cutting and melting to use in industrial complexes floors and staircases, in balcony and stairs handrails, also the requisites like supports, bolts, angles and handles.                                                                                                                                                                                                                                                                                                 | Industrial   | Steel workshop                                               |
| 501007        | Racing Cars Trading                                      | Includes reselling different racing cars, which are exclusively restricted to racing tracks.                                                                                                                                                                                                                                                                                                                                                                                                                         | Commercial   | Trading in motor vehicles and motorcysles                    |
| 281120        | Metal Panels Manufacturing Insulation                    | Includes manufacturing metal panels for proofing heat, humidifying and sounds for fixing in cold storage compartments, refrigerated trailers, furnaces, pre-fabricated houses and factories.                                                                                                                                                                                                                                                                                                                         | Industrial   | Structural steel manufacturing                               |
| 361009        | Metal Partitions Manufacturing                           | Includes manufacturing readymade partitions used to divide space in offices and open halls, usually fully made of aluminum, sheet iron or other metals, this involves all metal partitions even if certain parts made of wood, plastic or carton.                                                                                                                                                                                                                                                                    | Industrial   | Manufacturing of wood, wood products and Furniture           |
| 289201        | Metal Products Coating                                   | Includes final or intermediate metal products coating with paints, powders, polishing and protective materials, or by unprecious metals, This can be carried out by using electric, chemical, or conventional coating methods.                                                                                                                                                                                                                                                                                       | Industrial   | Coating, insulations, seals & protection materials manufactu |
| 289203        | Metal Products Coating With Precious Metals              | Includes plating silver ware, cutlery, art works and other metallic products with precious metals such as silver and gold. It also includes gold-plated jewellery.                                                                                                                                                                                                                                                                                                                                                   | Industrial   | Coating, insulations, seals & protection materials manufactu |
| 515914        | Radio, T.V. Stations, Cinema & Theatre Equipment Trading | Includes reselling of cameras, lightings, projectors, loudspeakers and montage systems used in broadcasting stations and television studios, as well as cinema and theater and radio and television transmission.                                                                                                                                                                                                                                                                                                    | Commercial   | Mechanical & engineering equipment trading                   |
| 289912        | Metal Ropes Manufacturing                                | Includes manufacturing metal ropes used in pulling and lifting objects and in industrial uses.                                                                                                                                                                                                                                                                                                                                                                                                                       | Industrial   | Cotton & metal nets & ropes manufacturing                    |
| 289922        | Metal Sections & Profiles Manufacturing                  | Includes using of extruded aluminium and metal sheets and pipes in fabricating metallic sections, which are used in turn in manufacturing doors, windows, elevations, false ceilings, staircase railing, balcony railing, frames, furniture and other metal building works.                                                                                                                                                                                                                                          | Industrial   | Other metal industries                                       |
| 289901        | Metal Utensils Manufacturing                             | Includes manufacturing bowls, trays and other household utensils made of aluminum, stainless steel, or items plated with protective chinaware layer or a stick-proof layer (Teflon).                                                                                                                                                                                                                                                                                                                                 | Industrial   | Metal home appliances manufacturing                          |
| 289907        | Metal Wires Manufacturing                                | Includes manufacturing metal wires by drawing the metals to use bearing mechanical loads and to carry electricity and telecommunications signals                                                                                                                                                                                                                                                                                                                                                                     | Industrial   | Pipes and wires manufacturing                                |
| 514939        | Raw Materials Trading                                    | Includes reselling of mineral ores and organic raw materials used in manufacturing and handcrafting and which are only exploitable after going treatments, extraction or formation processes, they involve pulpwood to make papers, shells for shell handicrafts, extracts and natural herbs for perfumes, medicines and cosmetics, also minerals ores such as sand and rocks for extracting metals, salts and other similar raw materials. This activity does not include what being processed, manufactured or sem | Commercial   | Chemicals trading                                            |
| 289913        | Metallic Caps & Seals Manufacturing                      | Includes manufacturing of disposable and reusable metal caps and seals for capping glass, metallic and plastic bottles, cans and containers or others.                                                                                                                                                                                                                                                                                                                                                               | Industrial   | Metal containers & boxes manufacturing                       |

|---------------|---------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|--------------------------------------------------------------|
| 742178        | Meteorology Engineering Consultancy                                       | Includes providing engineering consultancies and services as regarding the scientific study of the atmosphere and the metrological phenomena which concerns with the observable weather events that are bound by the variables, temperature, air pressure, water vapor that exist in earth's atmosphere.                                                                                                                                              | Service      | Consultancy -B- Engineering                                  |
| 513107        | Readymade Garments Trading                                                | Includes reselling outerwear and underwear for men, women and children such as coats, suits, jackets, skirts, shirts, trousers, shorts, coats, gloves, swimming wear, socks.                                                                                                                                                                                                                                                                          | Commercial   | Ready made garments group                                    |
| 742128        | Mines, Mining & Geological Engineering Consultancy                        | Includes providing services and consultancies related to all specialties of mines and mining engineering such as geophysical, geochemical and geomechanical engineering, mining and petroleum geology, ground and surface water geology. It includes studying the underground strata for solidity and the types and specification of rocks and minerals they contain, in addition to analyzing and drawing the technical data for subsequent studies. | Service      | Consultancy -C- Petrol and Water                             |
| 742129        | Mining & Mines Equipment Engineering Consultancy                          | Includes providing services and consultancies related to the design, build, installation and commission of mining equipment such as aggregate production line, mineral ore processing plant, sand making plant.                                                                                                                                                                                                                                       | Service      | Consultancy -C- Petrol and Water                             |
| 742131        | Mining, Oil & Water Geological Consultancy                                | Includes providing engineering support and consultancies services to companies engaged in oil industry, water well drilling, minerals exploration, petroleum services with regard to rock specifications, subterranean materials mechanism, well drilling and underground water testing engineering, petroleum transport and storage & oil extraction.                                                                                                | Service      | Consultancy -C- Petrol and Water                             |
| 342005        | Mobile Concrete Mixers Manufacturing                                      | Includes manufacturing mobile concrete mixers loaded on trucks to transport and mix concrete up to the construction site, whether charged with dry materials and water, with the mixing occurring during transport, or they can also be loaded from a "central mix" plant, with this process the material has already been mixed prior to loading.                                                                                                    | Industrial   | Manufacture of motor vehicles, motorcycles & its spare parts |
| 514326        | Readymix Concrete Trading                                                 | Includes reselling the concrete is manufactured in a factory or batching plant, according to a set recipe, and then delivered to a work site, by mixers mounted on trucks.                                                                                                                                                                                                                                                                            | Commercial   | Building materials trading                                   |
| 514103        | Refined Oil Products Trading                                              | Includes reselling of oil products derived from converting crude oil in refineries to use in petrochemical industries, including methanol, urea, olivine and others, or fuels of motor vehicles, airplanes such as gasoline, kerosene, diesel, fuel oil, sulfur and nitrogen compounds, or heavy products such as tar, fuel , heavy oil, lubricating oil, wax and other products not detailed in this class.                                          | Commercial   | Fuel and petroleum products trading                          |
| 269504        | Mosaic Tiles Manufacturing                                                | Includes manufacturing mosaic tiles by means of assembling small pieces of colored stones to create different images to use in interior decoration.                                                                                                                                                                                                                                                                                                   | Industrial   | Block and building stones industry                           |
| 343006        | Motor Vehicles Spare Parts Manufacturing                                  | Includes manufacturing diverse parts and accessories such as brakes, gearboxes, radiators, silencers, exhaust pipes, steering wheels,used fully or partially in repairing and maintaining motor vehicles.                                                                                                                                                                                                                                             | Industrial   | Manufacture of motor vehicles, motorcycles & its spare parts |
| 359100        | Motorcycles Manufacturing                                                 | Includes manufacturing the of powered two or three-wheelers motorcycles, low-powered mopeds, off-road motorcycles for cruising in paved roads or for off road use.                                                                                                                                                                                                                                                                                    | Industrial   | Manufacture of motor vehicles, motorcycles & its spare parts |
| 515912        | Refrigeration & Cold Storage Equipment Trading                            | Includes reselling central foodstuff, medicines and chemicals coolers or freezers, including cold compartments, and freezers used for cold storage in groceries and supermarkets, household refrigerators and freezers are classified under activity 5139-15).                                                                                                                                                                                        | Commercial   | Mechanical & engineering equipment trading                   |
| 513915        | Refrigerators, Washing Machines & Household Electrical Appliances Trading | Includes reselling refrigerators, freezers, water coolers, washing machines and dryers, dishwashers, vacuum cleaners, ironers, heaters, also, electric kitchenwares such as mixers, mincers, cutters, blenders, toasters, juice extractors, grinders, kettles, small scales and other household appliances.                                                                                                                                           | Commercial   | Electronics group                                            |
| 222108        | Multi-Dimensional Images Production (Hologram)                            | Includes multi-dimensional imaging (two or three-dimensional) or hologram imaging by means of sophisticated technology specially applying laser on mediums like thermal paper, stickers or tapes (films) useable on promotions, and anti- counterfeiting.                                                                                                                                                                                             | Industrial   | Printing and publishing services                             |
| 514301        | Reinforcement Steel Bars Trading                                          | Includes reselling steel bars commonly used as a tensioning device in reinforced concrete structures holding the concrete in compression.                                                                                                                                                                                                                                                                                                             | Commercial   | Building materials trading                                   |
| 921415        | Music Consultant                                                          | Includes firms which provide consultation on the organization of events such as recitals, concerts, dance, chamber music, etc., as well as consultation on instrumental education and performance. This also includes promotional activities for performers and events through a licensed media provider.                                                                                                                                             | Service      | Consultancy -D- management, information and marketing        |
| 514927        | Ropes, Sacks & Jute Bags Trading                                          | Includes reselling of bags and ropes made of natural fibers, linen, plastic or other materials.                                                                                                                                                                                                                                                                                                                                                       | Commercial   | Bags, backagging materials & paper trading                   |
| 369200        | Musical Instruments Manufacturing                                         | Includes manufacturing electronic and normal musical instruments like stringed, wind, and percussion instruments, pipes, accordions, organs, including also the parts and accessories.                                                                                                                                                                                                                                                                | Industrial   | Appliances and machinery manufacturing                       |
| 741304        | Natural Gas Technology Marketing                                          | Includes firms conduct operations and activities to explore the demand on natural gas technology in order to assist the firms involved in such technology to how to meet such demands.                                                                                                                                                                                                                                                                | Service      | Consultancy -D- management, information and marketing        |
| 315003        | Neon Signs Manufacturing                                                  | Includes fabricating neon tube signs by the craft of bending plastic and glass tubing into shapes and is filled with neon gas.                                                                                                                                                                                                                                                                                                                        | Industrial   | Advertising                                                  |

| 172301        | Nets Manufacturing                                          | Includes manufacturing nets from fibers like nylon and are woven in a grid-like structure in order use for catching fish and birds or to use in dividing the court in racket games such as tennis and badminton.                                                                                                                                         | Industrial   | Cotton & metal nets & ropes manufacturing                    |
| 721002        | Network Consultancies                                       | Includes providing comprehensive professional consultancies to IT organizations to help them match their needs with the networking solutions, it involves securing, analyzing and designing network solutions that maintain the security and integrity of their IT assets.                                                                               | Service      | Consultancy -D- management, information and marketing        |
| 514911        | Rubber Trading                                              | Includes reselling natural and synthetic rubber to use in manufacturing such as tires, belts, bags shoes, synthetic sponge.                                                                                                                                                                                                                              | Commercial   | Chemicals trading                                            |
| 742161        | Noise Control, Vibration & Acoustics Consultancy            | Includes offering noise control, vibration & acoustics services for commercial and industrial sectors. The objective is to address noise impact of loud sources near noise sensitive areas such as hospitals, airports, mosques, theatres, cinema halls...etc. It involves measures design, technical specifications setting, execution and supervising. | Service      | Consultancy -B- Engineering                                  |
| 155405        | Non- Alcoholic Malt Beverage Manufacturing                  | Includes malt brewed from barley, hops, and water through series of processes and distillations to remove the ethanol (alcohol).                                                                                                                                                                                                                         | Industrial   | water manufacturing and bottling                             |
| 513950        | Saddles & Animals, Birds Training Requisites Trading        | Includes reselling saddles, reins and accessories for horses, camels and other animals, involving veils, stands, straps and gloves for breeding and training.                                                                                                                                                                                            | Commercial   | Sports equipment trading                                     |
| 331302        | Non Electrical Measuring & Control Systems Manufacturing    | Includes manufacturing non- electric measuring equipment, mainly water meters, taxi-meters and others, also includes surveying, weight, quantity measuring equipment.... etc.                                                                                                                                                                            | Industrial   | Appliances and machinery manufacturing                       |
| 512208        | Salted, Preserved Fish & Seafood Trading                    | Includes reselling of salted, dried or smoked fishes and seafood.                                                                                                                                                                                                                                                                                        | Commercial   | Fish trading                                                 |
| 273202        | Non-Ferrous Metal Casting                                   | Includes manufacturing of metallic products from non-ferrous ingots and wastes (excluding iron and precious metals), such as aluminum, copper, zinc and others by means of molding, purifying or conversion into ingots, blocks or cylinders, so that they can be re-used or reformed.                                                                   | Industrial   | Casting of steel and iron                                    |
| 514304        | Sand, Gravel & Stones Trading                               | Includes reselling sand, gravel and stones for buildings construction and maintenance.                                                                                                                                                                                                                                                                   | Commercial   | Building materials trading                                   |
| 269100        | Non-Structural Non-Refractory Ceramic Ware Manufacturing    | Includes manufacturing chinaware, ceramic and pottery products to use as household utensils and novelties.                                                                                                                                                                                                                                               | Industrial   | Glass & chinaware manufacturing                              |
| 514313        | Sanitary Ware Trading                                       | Includes reselling of sanitarywares, washbasins, bathtubs, lavatories taps, spigots, bathroom and kitchen articles (except furniture), as well as water drainage tubes, pipes, joints, drainage covering requisites and others.                                                                                                                          | Commercial   | Electricals trading                                          |
| 515213        | Satellite Receiving Equipment Trading                       | Includes reselling of systems and equipment receive radio and television transmission broadcasted by satellites or by special channels irreceivable by ordinary receivers or antennas.                                                                                                                                                                   | Commercial   | Mechanical & engineering equipment trading                   |
| 514325        | Scaffolds Trading                                           | Includes reselling temporary frames of metal pipes or other materials, used to support people and materials in the constructions or repair of buildings.                                                                                                                                                                                                 | Commercial   | Building materials trading                                   |
| 359101        | Off Road Karts Assembling                                   | Includes assembling the parts and components to produce the powered two or three-wheelers motorcycles, low-powered mopeds, off-road motorcycles for cruising in paved roads or for off road use.                                                                                                                                                         | Industrial   | Manufacture of motor vehicles, motorcycles & its spare parts |
| 514205        | Scales & Dry Measures Trading                               | Includes reselling of electric and sensitive scales, dry measures and balance equipment used for weighing.                                                                                                                                                                                                                                               | Commercial   | Building materials trading                                   |
| 361004        | Office Furniture Manufacturing                              | Includes manufacturing office furniture of metal or wood and in various styles, colors and finishes, and intended for reception, desking, seating, screens, storage, conferences, boardrooms, waiting areas.                                                                                                                                             | Industrial   | Manufacturing of wood, wood products and Furniture           |
| 515946        | Schools, Hospitals & Laboratories Furniture Trading         | Includes reselling furniture for schools, universities, educational institutes, hospitals, clinics, laboratories and others, including seats, tables, cabinets, desks, beds, shelves, safes, display windows, whether partially of wood, metal, plastic or fabrics, or totally made of cane and bamboo.                                                  | Commercial   | Furnitures trading                                           |
| 289923        | Offset Printing Plates Manufacturing                        | Include transforming thin metal and aluminum plates into lithographic plates wrapp round the cylinders of the offset printing machines.                                                                                                                                                                                                                  | Industrial   | Other metal industries                                       |
| 281108        | Oil & Gas Fields Equipment Manufacturing                    | Includes manufacturing oil and natural gas extraction equipment such as drill pipes, balancing systems diversion connectors, well head repair, as well as oil flow from oilfields to storage tanks equipment and fittings, except rigs and oilfield platforms, they are classified under activity No. 2811-04.                                           | Industrial   | Equipment and engines manufacturing                          |
| 742154        | Oil & Gas Tank's Pipes Construction Engineering Consultancy | Includes providing consultancies and services as regardingthe civil work to lay the pipeline and the construction of the pump/compressor stations, in order to bring crude oil or natural gas from wells to the tanks at the treatment plant or processing facility, or to take the products to the final consumers.                                     | Service      | Consultancy -C- Petrol and Water                             |

| Activity Code | Activity Name                                          | Description                                                                                                                                                                                                                                                                                                                                                                                                      | Licence Type | Activity Group                                               |
|---------------|--------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|--------------------------------------------------------------|
| 742109        | Oil & Natural Gas Exploration Consultancies            | Includes firms having experience and knowledge which provide consultancies to the facilities involved in oil and gas industry as regarding optimize production and mitigate potential issues associated with oil and gas exploration and production, including reservoir issues, production fluids, geological issues, productivity decline, corrosion testing, production delays, risk analysis and assessment. | Service      | Consultancy -C- Petrol and Water                             |
| 742142        | Oil Exploration Engineering Consultancy                | Includes providing hydrographic, land and geophysical survey services with regard to oil and natural gas exploration. These activities are restricted to exploration without extending to extraction and exploitation.                                                                                                                                                                                           | Service      | Consultancy -C- Petrol and Water                             |
| 742133        | Oil Refining Engineering Consultancy                   | Includes providing engineering consultancies to oil and gas industries and fertilizers factories with regard to oil refining engineering, thermodynamics, chemical engineering, control process, gas processing, thermal and bloc transmission.                                                                                                                                                                  | Service      | Consultancy -C- Petrol and Water                             |
| 515910        | Scientific & Laboratory Equipment Trading              | Includes the re-sale of all equipment, machinery and tools made of glass and used in scientific, medical and research laboratories.                                                                                                                                                                                                                                                                              | Commercial   | Mechanical & engineering equipment trading                   |
| 281116        | Oilfield Drilling Equipment & Components Manufacturing | Includes manufacturing oilfield drilling equipment for extracting petroleum from oil reservoirs in the earth whether by percussion or rotary drilling, it involves the equipment for power system, hoisting system, rotary system, top drive system, circulating system and well control system.                                                                                                                 | Industrial   | Equipment and engines manufacturing                          |
| 515934        | Sea Cleaning Equipment Trading                         | Includes reselling the specialized mechanical equipment designed to clean up and collect and remove marine floating debris, also the specially designed sifting devices to remove rubbish and other foreign matter from beach sand.                                                                                                                                                                              | Commercial   | Mechanical & engineering equipment trading                   |
| 332000        | Optical Products Manufacturing                         | Includes manufacturing ophthalmic goods, eyeglasses, sunglasses, lenses ground to prescription, contact lenses, safety goggles                                                                                                                                                                                                                                                                                   | Industrial   | Manufacture of eyeglasses                                    |
| 515959        | Security Control & Alarm Equipment Trading             | Includes reselling of security-related and monitoring equipment such as observation cameras, anti burglar, motion detectors, intercoms, alarms, access control, barrier gates, safes and security vaults.                                                                                                                                                                                                        | Commercial   | Mechanical & engineering equipment trading                   |
| 341003        | Outfitting Vehicles for Safe Transport                 | Includes workshop specialized in and modifying the exterior or the interior of the automobiles or vehicles to resist attempts of robbery and hijacking, in order to protect and ensure the well-being of the transported individuals, money, Jewelry or other valuable contents, it involves armoring to become bullet proof and can withstand extreme degrees of heat.                                          | Industrial   | Manufacture of motor vehicles, motorcycles & its spare parts |
| 515985        | Security Devices, Equipment Trading                    | Includes reselling security devices and equipment utilized by governmental and private entities, such as security doors, metal detectors, surveillance devices, thermal binoculars, and police specialised equipment.                                                                                                                                                                                            | Commercial   | Mechanical & engineering equipment trading                   |
| 291921        | Packing & Packaging Machines Assembling                | Includes assembling semi-automatic and automatic packing and packaging equipment and machinery, for wrapping, bagging, sealing materials.                                                                                                                                                                                                                                                                        | Industrial   | Appliances and machinery manufacturing                       |
| 210203        | Packing & Packaging Materials Manufacturing            | Includes the manufacture of all materials used in the wrapping and packing of industrial products, such as ordinary paper packs and packages or others made of wax, nylon chips or printed plastic chips. This includes metallic wrapping materials such as aluminum chips or compound materials manufactured from several of the above-said materials.                                                          | Industrial   | Manufacturing of paper and paper products                    |
| 512101        | Seeds Trading                                          | Includes reselling plants, trees and flowers seeds and breeders for boosting agricultural output. This should be carried for only agricultural and industrial purposes and not for direct consumption.                                                                                                                                                                                                           | Commercial   | Agricultural                                                 |
| 514934        | Sewing & Embroidery Requisites Trading                 | Includes reselling of tailoring threads, buttons and needles, as well as embroidery golden and silver threads, tiny diamonds, colored ribbons and others.                                                                                                                                                                                                                                                        | Commercial   | Ready made garments group                                    |
| 515950        | Sewing Machines & Spare Parts Trading                  | Includes reselling manual, electrical, electronic and computerized stitching and embroidering clothing, fabrics, shoes and leather products, whether a one person or Industrial sewing machines for automated process of stitching, it involves the needles and other accessories.                                                                                                                               | Commercial   | Mechanical & engineering equipment trading                   |
| 515969        | Ship & Boats Spare Parts & Components Trading          | Includes reselling of spare parts and components for ship and boats reparation, maintenance, renovation and efficiency upgrading, including engines, ancillary engines, boilers, spindles, pipes, communication and measuring devices.                                                                                                                                                                           | Commercial   | Mechanical & engineering equipment trading                   |
| 515967        | Ships & Boats Trading                                  | Includes reselling different metal and wood commercial vessels used in transportation such as cargo ships, tankers, long and short distance passenger vessels, tourist, fishing boats and fish-processing factory vessels, recreation-type hovercraft, tugboats, also metal and wood rescue boats, fishing boats, recreation and sport boats.                                                                    | Commercial   | Mechanical & engineering equipment trading                   |
| 210204        | Paper Bags Manufacturing                               | Includes manufacturing the one layer or multiple layers bags for packaging and wrapping materials.                                                                                                                                                                                                                                                                                                               | Industrial   | Manufacturing of paper and paper products                    |
| 210202        | Paper Boxes & Containers Manufacturing                 | Includes the manufacture and printing of boxes and packing bags made of carton paper, water proofing plastic or wax coated paper, or paper lined with tin , aluminum or other materials which are used for packing of various industrial products.                                                                                                                                                               | Industrial   | Manufacturing of paper and paper products                    |

| 210100        | Paper Manufacturing                                               | Includes the manufacture of journal, writing, drawing, typing, and wrapping paper, made of wood, paper residues or fibers pulp.                                                                                                                                                                                                                                         | Industrial   | Manufacturing of paper and paper products             |
| 210901        | Paper Plates & Dishes Manufacturing                               | Includes manufacturing disposable paper bowls, plates and dishes to use indoor and outdoor.                                                                                                                                                                                                                                                                             | Industrial   | Paper home appliances manufacturing                   |
| 513117        | Shoe Trading                                                      | Includes reselling footwear made from leather, rubber or plastic and intended to protect and comfort the human foot while doing various activities.                                                                                                                                                                                                                     | Commercial   | Ready made garments group                             |
| 210907        | Paper Stationery Manufacturing                                    | Includes the manufacture of paper products for office use, such as computers and photocopiers paper, calculator rolls, cash machine and other similar paper products.                                                                                                                                                                                                   | Industrial   | Manufacturing of paper and paper products             |
| 515939        | Shop Fittings Trading                                             | Includes reselling equipment and fittings for groceries, cooperative outlets, bookshops, kiosks and exhibitions and public shops, including display shelves, goods storage shelves, counters, electronic promotion machines, also, trolleys, purchase recording equipment, cash safes, insect traps...etc.                                                              | Commercial   | Mechanical & engineering equipment trading            |
| 515996        | Simulation Equipment & Systems Trading & Maintenance              | Includes selling hardware and software that model and simulate the characteristics of the real processes, which will enable carrying out experiments on physical objects rather than on real objects, including flight, ships, trains and trucks simulators that are used for training performance optimization and safety.                                             | Commercial   | Mechanical & engineering equipment trading            |
| 749943        | Parents of Children with Disabilities Consultant                  | Includes providing counseling and support to the families of children who suffer disabilities on how to handle their children cases, as regarding , the right school and education , defining each case , scheduling diagnosis and re-evaluation , set goals for the children , assist the families in overcoming the psychological impact of having disabled children. | Service      | Consultancy -D- management, information and marketing |
| 513116        | Slippers & Sandals Trading                                        | Includes reselling footwear made from leather, rubber or plastic and intended to protect and comfort the human foot while doing various activities.                                                                                                                                                                                                                     | Commercial   | Ready made garments group                             |
| 369901        | Pens & Writing Instruments Manufacturing                          | Includes manufacturing different kinds of pens, fountain pens, ball-point pens, pencils as well as other writing instruments used in drawing and engraving.                                                                                                                                                                                                             | Industrial   | Stationary manufacturing                              |
| 749507        | Perfumes Blending & Bottling                                      | Includes making new perfumes either by blending natural essential oils extracted from plants or animal product, or blending synthetic perfume chemicals.                                                                                                                                                                                                                | Industrial   | Packing services                                      |
| 242403        | Perfumes Manufacturing                                            | Includes manufacturing different types of concentrated or light perfumes (toilet water) whether from synthetic or natural fragrant compounds (except eastern perfumes). Also included are after shaves, shaving creams, body lotions, deodorants, clothes and floor cover fragrances. The perfumes concerned could be in liquid, solid or powder forms.                 | Industrial   | Manufacturing of chemicals                            |
| 519005        | Smelters & Furnaces Refractory Materials Trading                  | Includes reselling non-metallic materials having the properties of resisting high temperatures and are used in linings for furnaces, kilns, incinerators and reactors.                                                                                                                                                                                                  | Commercial   | Mechanical & engineering equipment trading            |
| 513966        | Soap & Hair Care Products Trading                                 | Includes reselling hair care products like shampoo, oils, lotions, tonics, whether chemically originated or from natural extracts (herbs), also, toilet and hand washing soap in bars and liquid, in addition toilet foamy soap and similar products.                                                                                                                   | Commercial   | Medicines trading                                     |
| 741424        | Pests Management Consultancy                                      | Includes providing technical consultancy in relation with public health and pests control. It includes training in pests management techniques.                                                                                                                                                                                                                         | Service      | Consultancy -A- Agriculture and Soil                  |
| 742160        | Petrochemical Engineering Consultancy                             | Includes providing petrochemicals and chemicals engineering support to factories that uses petrochemicals, in manufacturing paints, detergents and synthetic fibres.                                                                                                                                                                                                    | Service      | Consultancy -C- Petrol and Water                      |
| 515908        | Solar Energy Systems & Components Trading                         | Includes reselling solar panels and slabs energy systems (photovoltaic) installed on tops and facades of residential and commercial buildings, or on the ground to generate power for use in water heating and cooling and energy supply.                                                                                                                               | Commercial   | Mechanical & engineering equipment trading            |
| 742155        | Petroleum Refining plants Engineering Consultancy                 | Includes providing engineering support and services to oil companies and refineries with regard to thermal dynamics and transmission, fluids mechanics, petroleum refining engineering, interaction process engineering, and oil refining industries including laboratories and stations construction and operation and production planning.                            | Service      | Consultancy -C- Petrol and Water                      |
| 514330        | Special Fabrics & Fibers for Construction Trading                 | Include reselling fabrics and fibers made of natural, artificial or synthetic or metal materials and used for specialized construction processes, such as molding and concrete forms made by cement injection or coating and covering of installations or tiltings used in buildings and other construction works.                                                      | Commercial   | Building materials trading                            |
| 519013        | Specialized Photographic Equipment & Processing Materials Trading | Includes reselling films, chips, sheets, discs of radiography and photogrammetry as well as processing chemicals and photo papers.                                                                                                                                                                                                                                      | Commercial   | studio - trade license                                |
| 513960        | Spectacles & Contact Lenses Trading                               | Includes reselling spectacles and accessories, frames and multi-focal lenses, as well as contact lenses and eyewashes, sterilizers and optical and eye treatment devices.                                                                                                                                                                                               | Commercial   | Medical eye glasses trading & eyes testing services   |

|---------------|-----------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|--------------------------------------------------------------|
| 742150        | Physical Engineering Consultancy                          | Includes providing physics engineering consultancies and services as regarding physics in order to provide a more thorough grounding in applied physics for a selected specialty such as optics, quantum physics, materials science, applied mechanics, nanotechnology, microfabrication, mechanical and electrical engineering. | Service      | Other engineering services                                   |
| 172108        | Pillows & Cushions Manufacturing                          | Includes manufacturing pillows and cushions for bedrooms and sitting rooms.                                                                                                                                                                                                                                                      | Industrial   | Manufacturing of garments and rugs                           |
| 269908        | Pipelines Coating                                         | Includes coating and lining water, oil or drainage pipelines, submerged under water or embedded underground with water sealants, non - humidity infiltrators, anti-erosion, rust-proofing materials.                                                                                                                             | Industrial   | Coating, insulations, seals & protection materials manufactu |
| 515964        | Spinning & Weaving Equipment & Spare Parts Trading        | Includes reselling machinery for various spinning and weaving processes, such as reelers, wrappers, looms, machines for making knotted net, textile printing, bleaching, dyeing, dressing, coating or impregnating textile fabrics.                                                                                              | Commercial   | Mechanical & engineering equipment trading                   |
| 742140        | Planning & Photogrammetry Engineering Consultancy         | Includes firms engaged in aerial photography, as well as photogrammetry and space images and related services, digital photogrammetric mapping such as base, topographic, thematic mapping as well as land use, cover characterization and classification.                                                                       | Service      | Other engineering services                                   |
| 369908        | Planters Manufacturing                                    | Includes manufacturing the plastic, wood or stone containers in which flowers and plants are cultivated and displayed, as well as transporting plants to new locations.                                                                                                                                                          | Industrial   | Personal requisities manufacturing                           |
| 513926        | Sponge Mattresses Trading                                 | made of foam rubbers.                                                                                                                                                                                                                                                                                                            | Commercial   | Furnitures trading                                           |
| 369401        | Plastic Toys Manufacturing                                | Includes manufacturing indoor and outdoor kids plastic toys such as inflatable items, playgrounds, electric cars, swings, climbers, water parks. electronic games, boats, airplanes.                                                                                                                                             | Industrial   | Personal requisities manufacturing                           |
| 742136        | Plastics Engineering Consultancy                          | Includes providing engineering support and services to plastic, sponge, furniture and synthetic fibres industries with regard to polymers science, matter and thermal dynamics transmission.                                                                                                                                     | Service      | Other engineering services                                   |
| 291920        | Plate Heat Exchangers Assembling                          | Includes reselling metal components used to heat or cool one fluid by transferring heat between it and another fluid.                                                                                                                                                                                                            | Industrial   | Equipment and engines manufacturing                          |
| 513941        | Sport Equipment & Articles Trading                        | Includes reselling sports and fitness fixed equipment, including cycling bikes treadmills, ping-pong tables, other sports accessories, nets, spears, beech canes and games results calculators, also, equipment for exercising sailing, boat races, skiing, horse and camel races and any accessories used by sportsmen.         | Commercial   | Sports equipment trading                                     |
| 201001        | Plywood Manufacturing                                     | Includes the manufacture of cross-wood boards, plywood boards, pressed granular wood boards, wood paste boards(MDF), or other types of wood boards.                                                                                                                                                                              | Industrial   | Manufacturing of wood, wood products and Furniture           |
| 515945        | Sports Fields & Halls Equipment Trading                   | Includes reselling outdoor and indoor games articles and equipment for sports, gymnasium, fitness centre or athletic equipment.                                                                                                                                                                                                  | Commercial   | Mechanical & engineering equipment trading                   |
| 513113        | Sports Wear Trading                                       | Includes reselling sportswear for exercising sports, including socks, shoes, hats, gloves, balls, bags and training suits.                                                                                                                                                                                                       | Commercial   | Sports equipment trading                                     |
| 742107        | Ports Engineering Consultancies                           | Includes firms engaged in providing consultancies and construction designs of ports and harbors, involving studying the effect of sea waves on coasts and how to control, port planning, design of breakwaters of birth and anchorage.                                                                                           | Service      | Consultancy -B- Engineering                                  |
| 242405        | Powder Detergents Manufacturing                           | Includes manufacturing washing powder of mixtures of chemical compounds used for cleaning laundry.                                                                                                                                                                                                                               | Industrial   | Manufacturing of chemicals                                   |
| 742118        | Power & Automatic Control Engineering Consultancy         | Includes providing engineering support and services to power stations and water desalination plants and to the fully automated factories with regard to control engineering and dynamic systems.                                                                                                                                 | Service      | Other engineering services                                   |
| 312004        | Power Control Switchgear & Distribution Panels Assembling | Includes manufacturing electric power control switchgears and electrical control devices, such as motors controllers, electronic control devices, electric magnetic brakes and others, this applies to marine equipment and others.                                                                                              | Industrial   | Ship building and repairing                                  |
| 312002        | Power Control Switchgears Manufacturing                   | Includes manufacturing electric power control switchgears and electrical control devices installed in industrial facilities, such as motors controllers, electronic control devices, electric magnetic brakes and others.                                                                                                        | Industrial   | Appliances and machinery manufacturing                       |
| 313001        | Power Distribution Cables Manufacturing                   | Includes manufacturing multi-phase insulated cables made of copper, aluminum or other conductive substances, used for transmission and distribution of electric power.                                                                                                                                                           | Industrial   | Pipes and wires manufacturing                                |
| 312001        | Power Distribution Equipment Manufacturing                | Includes manufacturing electric power transmission and distribution equipment, such as, current supply and frequency controllers.                                                                                                                                                                                                | Industrial   | Equipment and engines manufacturing                          |

## RAKEZ BUSINESS ACTIVITY LIST – FREE ZONE

| Activity Code | Activity Name                                | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | Licence Type | Activity Group                                               |
|---------------|----------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|--------------------------------------------------------------|
| 312003        | Power Distribution Panels Manufacturing      | Includes manufacturing the component of the electricity supply system which divides an electrical power feed into subsidiary circuits to control power supply in different facilities, it also involves the steel enclosure to accommodate such system.                                                                                                                                                                                                                                             | Industrial   | Appliances and machinery manufacturing                       |
| 513904        | Stationery Trading                           | Includes reselling stationery, such as copying and writing paper, notebooks, record books, various types of pens and pencils, rulers, sharpeners, paper perforators, paper clipping requisites, ready stamps, typewriters ribbons and other stationery materials, also, drawing requisites including geometrical drawing pencils, decorative pens, rulers, triangular rulers, colors, color pencils, ink, drawing paper and others.                                                                 | Commercial   | Stationary and books trading                                 |
| 311004        | Power Generators & Transformers Assembly     | Includes assembling the devices which produce electrical energy from mechanical energy in order to generate electricity, also the transformers used to transform voltage from a higher voltage to a lower voltage.                                                                                                                                                                                                                                                                                  | Industrial   | Equipment and engines manufacturing                          |
| 313007        | Power Supply Wires Accessories Manufacturing | Includes manufacturing the covers and protectors of the electric cables and wires made of flexible rubber, plastic or polyurethane for transporting electricity across buildings, industrial facilities or even across the streets.                                                                                                                                                                                                                                                                 | Industrial   | Pipes and wires manufacturing                                |
| 313002        | Power Supply Wires Manufacturing             | Includes manufacturing by drawing metal through a hole in a die or draw plate to use in carrying electricity from places of generation to consumers.                                                                                                                                                                                                                                                                                                                                                | Industrial   | Pipes and wires manufacturing                                |
| 311002        | Power Transformers Manufacturing             | Includes manufacturing the devices that convert an alternating (A/C) current of a certain voltage to an alternating current of different voltage, it involves lower, medium and higher voltage transformers.                                                                                                                                                                                                                                                                                        | Industrial   | Appliances and machinery manufacturing                       |
| 269507        | Precast Building Manufacturing               | Includes manufacturing parts or complete units of the precast buildings by means of blocks precasting, then transporting and installing on site.                                                                                                                                                                                                                                                                                                                                                    | Industrial   | Block and building stones industry                           |
| 269511        | Precast Concrete Tanks Fabrication           | Includes manufacturing reservoirs, tanks for storage or manufacturing use by casting concrete on mould to cure it in a controlled environment before transporting it to the storage site.                                                                                                                                                                                                                                                                                                           | Industrial   | Block and building stones industry                           |
| 369103        | Precious Stones Cutting & Polishing          | Includes cutting, polishing, burnishing of precious stones into small pieces to prepare for jewellery making.                                                                                                                                                                                                                                                                                                                                                                                       | Industrial   | Manufacture of gold and precious stones cutting              |
| 273103        | Precision Dies Manufacturing                 | Includes manufacturing precision dies from iron and metal ingots by smelting and molding, in such a way they become reusable by factories and workshops for making various metallic, plastic and clay products.                                                                                                                                                                                                                                                                                     | Industrial   | Other metal industries                                       |
| 514202        | Steel and Basic Steel Products Trading       | Includes reselling of semi-formed made blocks, partitions, panels, rods, or ingots for various uses.                                                                                                                                                                                                                                                                                                                                                                                                | Commercial   | Metals & its products trading                                |
| 202202        | Pre-Fabricated Building Manufacturing        | Includes firms specialized in the manufacture of pre-fabricated buildings entirely or partly made of wood, or other materials, and are installed on site at different stages, or at once, involving also conversion and fitting of metal freight containers to be offices or food courts or first aid clinics This activity does not include firms specialized in manufacturing concrete buildings classified under activity no. 2695-07.                                                           | Industrial   | Manufacturing of wood, wood products and Furniture           |
| 513121        | Sticks & Umbrellas Trading                   | Includes reselling sun-umbrellas, walking sticks, seat-sticks                                                                                                                                                                                                                                                                                                                                                                                                                                       | Commercial   | Ready made garments group                                    |
| 281203        | Pressure Vessels Manufacturing               | Includes manufacturing closed container designed to hold gases or liquids at a pressure different from the ambient pressure to use in different industries, oil, foodstuff, chemicals and petrochemical.                                                                                                                                                                                                                                                                                            | Industrial   | Metal containers & boxes manufacturing                       |
| 300004        | Printers Cartridges Assembly                 | Includes producing reusable printers cartridges by assembling parts of different brands.                                                                                                                                                                                                                                                                                                                                                                                                            | Industrial   | Light aircraft manufacturing & maintenance                   |
| 289929        | Printing Cylinders Manufacturing             | Includes manufacturing printing cylinders for different printing processes and techniques such as letterpress, photogravure, offset lithography printing, engraving and intaglio.                                                                                                                                                                                                                                                                                                                   | Industrial   | Appliances and machinery manufacturing                       |
| 513945        | Suitcases & Travel Requisites Trading        | Includes reselling of various travelling leather, metal, plastic or textile and fabrics suitcases and bags,as well as luggage wrapping and transporting and any other item used only for travelling.                                                                                                                                                                                                                                                                                                | Commercial   | Ready made garments group                                    |
| 289204        | Products Coating                             | Includes applying covering to the surfaces of products by any mean of coating processes, whether for functional purposes to change the surface properties of the substrate or for decorative purposes.                                                                                                                                                                                                                                                                                              | Industrial   | Coating, insulations, seals & protection materials manufactu |
| 742144        | Products Design Consultancy                  | Includes designing the models of commodities and products prior to mechanical or manual production. Fabrics, furniture and personal household and professional appliances are involved. It includes pre-manufacturing drawings, setting technical specifications, materials and production costs calculation, and testing to ensure compliance of materials with safety and quality standards. No engineering design elaborated in separate activity in this class or elsewhere is embodied herein. | Service      | Other engineering services                                   |

|---------------|---------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|--------------------------------------------------------------|
| 741417        | Project Development Consultant                                            | Includes firms specialized in providing studies and consultancies on the development of the projects carried out by real estate investment companies and others, including , project elements , draw up strategies of development opportunities , economic feasibility and marketing , revising development requirements and obstacles , supervising execution progress, the minimal qualifications required is bachelor degree in business administration or engineering, along with three years hands-on experience, it's not allowed to use this activity to practice engineering consultancies. | Service      | Consultancy -D- management, information and marketing        |
| 741432        | Project Management Consultancy                                            | Includes firms specialized in managing and guiding project processes from start to finish as regarding planning, organizing, motivating, and controlling resources, procedures in order to achieve all of the project goals, it involves managing budgets, resources and relationships to achieve organizational objectives, planning, developing schedules to ensure timely completion of projects.                                                                                                                                                                                                | Service      | Consultancy -D- management, information and marketing        |
| 742138        | Projects Management Engineering&Technical Feasibility Studies Consultancy | Includes firms which work out primary technical and economical studies for constructions projects and for different commercial and economic establishments. These services also include preparation of tender documents, prequalification of consultants and contractors, assessment of financial offers and follow up of execution on the technical and engineering levels.                                                                                                                                                                                                                        | Service      | Consultancy -B- Engineering                                  |
| 181009        | Protective Garments & Vest Manufacturing                                  | Includes the manufacture of various garments such as vests, coats, gloves, trousers and other protective garments against external hazards including gun shots, radiation, heat, humidity and rain.                                                                                                                                                                                                                                                                                                                                                                                                 | Industrial   | Manufacturing of garments and rugs                           |
| 513961        | Sunglasses Trading                                                        | Includes reselling darken lenses glasses used to prevent sunlight and high energy lights from damaging or discomforting the eyes.                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | Commercial   | Medical eye glasses trading & eyes testing services          |
| 741415        | Public Relations Management                                               | Includes firms perform as connecting link between commercial entities and the media to introduce and shed light on their activities and achievements as well as promoting corporate image through leaflets, produce information reflecting transparency, establish positive relations with customers by visits and participation in gatherings, enhance their employees sense of belonging.                                                                                                                                                                                                         | Service      | Consultancy -D- management, information and marketing        |
| 291203        | Pumps Assembling                                                          | Includes assembling the devices that enable fluids whether liquids or gases move by mechanical action from suction side to discharge side, they include gear pumps, centrifugal pump, axial flow pumps, reciprocating pumps and hydraulic pumps                                                                                                                                                                                                                                                                                                                                                     | Industrial   | Equipment and engines manufacturing                          |
| 291201        | Pumps Manufacturing                                                       | Includes manufacturing the devices that enable fluids whether liquids or gases move by mechanical action from suction side to discharge side, they include gear pumps, centrifugal pump, axial flow pumps, reciprocating pumps and hydraulic pumps.                                                                                                                                                                                                                                                                                                                                                 | Industrial   | Equipment and engines manufacturing                          |
| 514316        | Swimming Pools Trading                                                    | Includes reselling pools made from concrete, metal, plastic and fiberglass, and is intended for swimming or water based recreations or lifeguard training, including Olympic-size pools, and pools installed in public and private places, hotels, sport and health clubs, also other accessories and water pumps and drainers and electric fittings.                                                                                                                                                                                                                                               | Commercial   | Building materials trading                                   |
| 242912        | Purification Materials Manufacturing                                      | Includes manufacturing solid, liquid or powdered materials for purifying water and other fluids by removing contaminants, such as the power added to the narghile water to absorb nicotine and tar.                                                                                                                                                                                                                                                                                                                                                                                                 | Industrial   | Manufacturing of chemicals                                   |
| 410001        | Purification of Potable Water                                             | Includes firms engaged in treating potable water impurities purifying, sea-water desalination, as well as adding anti-stagnation or teeth anti-decay substances, it also includes bottling and marketing.                                                                                                                                                                                                                                                                                                                                                                                           | Industrial   | water manufacturing and bottling                             |
| 741407        | Quality & Standardization Consultants                                     | Includes firms engaged in services consultancies aiming at improving the standard of quality of the services and products which are provided by the services and the industrial sectors. It also includes providing standardization consultancies on services and products to confirm with standard specifications.                                                                                                                                                                                                                                                                                 | Service      | Consultancy -D- management, information and marketing        |
| 514317        | Tanks & Silos Trading                                                     | Includes reselling storage tanks and reservoirs made of metal, plastic or reinforced fibres fixed in residential, commercial or industrial facilities fore water, petroleum products, chemicals or other liquids, also, grain, seed silos, truck mounted tanks are classified under No. 503005.                                                                                                                                                                                                                                                                                                     | Commercial   | Building materials trading                                   |
| 343001        | Radiator Manufacturing                                                    | Includes manufacturing radiators used for cooling internal combustion engines automobiles radiators through heat exchanging process, the cooling involves passing water through the engine block, where it absorbs heat from the engine, then the hot water is then fed into the radiator which releases the heat to the ambient air.                                                                                                                                                                                                                                                               | Industrial   | Manufacture of motor vehicles, motorcycles & its spare parts |
| 512122        | Tanned Leathers Trading                                                   | Includes reselling of tanned and processed animal leather to render for industrial or any other use.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                | Commercial   | leather trading                                              |
| 742164        | Railway Development Engineering Consultancy                               | Includes providing engineering consultancies and services with regard to setting up and develop railway framework, including project feasibility studies, track design and specification, civil engineering and construction, strategic operations planning, maintenance management, demand forecasting, impact of noise and vibration and pollution on environment, overall project development & management                                                                                                                                                                                       | Service      | Consultancy -B- Engineering                                  |
| 514105        | Tar & Asphalt Trading                                                     | Includes reselling tar and asphalt derived from petroleum distillation for using in road paving and water and humidity proofing in buildings.                                                                                                                                                                                                                                                                                                                                                                                                                                                       | Commercial   | Fuel and petroleum products trading                          |
| 742157        | Raw-Materials Composition Engineering Consultancy                         | Includes providing services and consultancies related to the substances or components of the raw materials which have certain physical properties that are used as inputs to production or manufacturing in order to to ensure compliance with the relevant industry standards.                                                                                                                                                                                                                                                                                                                     | Service      | Other engineering services                                   |
| 269506        | Ready Mixed Concrete Manufacturing                                        | Includes the concrete that is manufactured in a factory or batching plant, according to a set recipe, and then delivered to a work site by truck mounted in transit mixers.                                                                                                                                                                                                                                                                                                                                                                                                                         | Industrial   | Block and building stones industry                           |

| 515211        | Telecommunications Equipment Trading                  | Includes reselling of equipment and systems used in operating fixed and mobile telecommunication networks, including exchanges, central switch boards, and mini switch boards located in commercial complexes, intercom systems, optic fibre and copper made inter connecting networks, microphones and internal paging systems. Telephone equipment are classified under 5134. | Commercial   | Mechanical & engineering equipment trading                   |
| 515206        | Telephones & Telecommunications Equipment Trading     | Includes reselling telephone sets and intercommunication equipment (intercom) and other telecommunication devices including fax and telex machines and internal switch boards.                                                                                                                                                                                                  | Commercial   | Electronics group                                            |
| 741404        | Real Estate Consultancies                             | Includes providing sound advice to potential buyers as well as developing strategies to achieve their goals and objectives, it involves showing properties, analyzing sales statistics, sourcing appraisers, referring mortgage service providers, contractors and renovation providers, examining contracts before making offers, closing and escrow expertise.                | Service      | Consultancy -D- management, information and marketing        |
| 513122        | Tents, Awnings& Tarpaulins Trading                    | Includes reselling tents and awnings for protecting used shops and building of sun and rain, also, covers and tarpaulin used to cover goods stored in open air, or to cover goods transported in vehicles, as well as fabrics and threads for mechanical or manual tailoring of these items.                                                                                    | Commercial   | tents & tarpaulin trading                                    |
| 261008        | Reflective, Enamelled & Insulant Glass Production     | Includes processing glass sheets by means of enameling with reflective material to acquire the ability of reflecting sunlight and heat. It also includes coating glass sheets with the required material to act as an insulator against heat, sound and strong light or others.                                                                                                 | Industrial   | Glass industries                                             |
| 342003        | Refrigerated Trailers Manufacturing                   | Includes manufacturing the refrigerator truck designed to carry perishable freight at specific temperatures which can be equipped with any one of a variety of mechanical refrigeration systems powered diesel engines.                                                                                                                                                         | Industrial   | Manufacture of motor vehicles, motorcycles & its spare parts |
| 513101        | Textile Trading                                       | Includes reselling of textiles and fabrics used for sewing and fashion wear or making readymade garments.                                                                                                                                                                                                                                                                       | Commercial   | Ready made garments group                                    |
| 293003        | Refrigerators, Freezers & Water Coolers Manufacturing | Includes manufacturing refrigerators, freezers, water coolers for household and commercial and industrial use.                                                                                                                                                                                                                                                                  | Industrial   | Appliances and machinery manufacturing                       |
| 513123        | Threads & Yarns Trading                               | Includes reselling all kinds of threads for tailoring and embroidering garments, curtains, drapery and upholstery, also, includes cotton and wool yarns used in weaving and spinning industries.                                                                                                                                                                                | Commercial   | Ready made garments group                                    |
| 514306        | Tiles & Flooring Materials Trading                    | Includes reselling different kinds of tiles, mosaic, ceramic, cement and interlock tiles, marble tiles, granite and basalt tiles, also, flooring materials made of rubber, plastic, wood or fibres to cover buildings and vehicles floors.                                                                                                                                      | Commercial   | Building materials trading                                   |
| 281110        | Reinforcement Steel Fabrication                       | Includes the process of cutting stainless steel and malleable steel bars in different sizes and forms to produce cylindrical shapes, columns or nets used in reinforcing of buildings, constructions and other ferroconcrete works.                                                                                                                                             | Industrial   | Structural steel manufacturing                               |
| 319001        | Remote Control Systems Manufacturing                  | Includes manufacturing guiding devices for navigating flying or moving objects and such as planes, boats, vehicles and others by transmitted signals remotely controlled systems.                                                                                                                                                                                               | Industrial   | Appliances and machinery manufacturing                       |
| 731004        | Renewable Energy Engineering Consultancy              | Includes conducting engineering consultancy and services regarding utilizing renewable energy specially winds, tidal waves, solar energy, hydrogen, as a clean alternative to traditional energy, it involves technical and economic feasibility studies, identify alternatives as well as preparing architectural designs and supervise execution.                             | Service      | Consultancy -D- management, information and marketing        |
| 749502        | Repackaging & Refilling                               | Includes firms engaged in the repackaging and bottling of bulky solid or liquid products which are elsewhere manufactured, in consumer or commercial packs to make ready for final consumption or export.                                                                                                                                                                       | Industrial   | Packing services                                             |
| 281104        | Rigs & Oilfield Platforms Manufacturing               | Includes manufacturing metal and concrete offshore oil platform to extract and process oil and natural gas from offshore oilfields, these platforms usually contain facilities to house the workforce, they are either built on artificial islands, floating or fixed to the ocean.                                                                                             | Industrial   | Structural steel manufacturing                               |
| 742102        | Road & Traffic Engineering Consultancy                | Includes firms specialized in offering engineering services related to roads, traffic and their precise specializations. These services also include the elaboration of studies, designs, plans and technical specifications for bridges, tunnels, pedestrian accesses and motion studies etc.                                                                                  | Service      | Other engineering services                                   |
| 172302        | Ropes Manufacturing                                   | Includes the manufacture of all kinds of ropes from fibrous materials such as cotton, jute, linen, paper, plastic, twine, including even the fiber glass. This includes processes of fiber curling, dyeing, packing and wrapping (Metal rope manufacturing is classified under class number 2899).                                                                              | Industrial   | Cotton & metal nets & ropes manufacturing                    |
| 514328        | Timber Trading                                        | Includes reselling timber prior to cutting into boards, bars or blocks to use in construction or in industry.                                                                                                                                                                                                                                                                   | Commercial   | Building materials trading                                   |
| 251901        | Rubber Products Manufacturing                         | Includes manufacturing natural or artificial rubber products, such as mats, rubber rings and glass fixation requisites.                                                                                                                                                                                                                                                         | Industrial   | Manufacture of tyres and rubber products                     |
| 513933        | Toys & Games Trading                                  | Includes reselling children's toys and dolls, manual, electric or electronic games, bicycles, cars, boats, airplanes and other toys for children use.                                                                                                                                                                                                                           | Commercial   | Ready made garments group                                    |
| 514109        | Trading Crude Oil Abroad                              | Includes the trading process carried outside the UAE for the crude oil before processing and refining into more useful products.                                                                                                                                                                                                                                                | Commercial   | Fuel and petroleum products trading                          |

|---------------|------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|-------------------------------------------------------|
| 742206        | Safety Consultancies                                                         | Includes providing safety and vocational health services and consultancies, such as examination of construction or industrial machinery, non- destructive examination and inspection, issuance of certificates of safety and vocational health measures applied therein, elaborating technical and economic feasibility studies on these machinery and equipment, technical supervision of the repair works , designing safety instructions posters. | Service      | Consultancy -D- management, information and marketing |
| 261002        | Safety Glass Manufacturing                                                   | Includes manufacturing safety glass either by laminating a plastic layer between two sheets of glass , or by tempered glass, such glass is safe in using in the automobile windshields as it break into rounded grains rather than sharp shards.                                                                                                                                                                                                     | Industrial   | Glass industries                                      |
| 369929        | Safety Harness Fabrication                                                   | Includes fabricating harness from ropes, webbing and locking hardware in order to use in protecting persons or animals or objects from injury or damage when ascending or descending above or the underground.                                                                                                                                                                                                                                       | Industrial   | Personal requisities manufacturing                    |
| 242911        | Salt Cubes Manufacturing                                                     | Includes obtaining salt cubes by washing high quality solar salt with controlled brine for using in Water treatment, textile dyeing, salt agent for soap, weed killers, cattle feeds.                                                                                                                                                                                                                                                                | Industrial   | Manufacturing of chemicals                            |
| 142203        | Salt Packaging                                                               | Includes packaging salt in consumer packs and set for final consumption, it can be granulated, in cubes, or powdered, it should not involve any form of processing prior to packaging.                                                                                                                                                                                                                                                               | Industrial   | Foodstuff mills and packaging                         |
| 142201        | Salt Refining                                                                | Includes refining table salt, which is extracted from salty waters or saltpeters, or produced by sea water desalination, and packaging for consumption purposes.                                                                                                                                                                                                                                                                                     | Industrial   | Food industries                                       |
| 514110        | Trading Refined Oil Products Abroad                                          | Includes the trading process carried outside the UAE for the oil products derived from converting crude oil in refineries, such as gasoline, kerosene, diesel, fuel oil                                                                                                                                                                                                                                                                              | Commercial   | Fuel and petroleum products trading                   |
| 514213        | Traffic Signs & Requisites Trading                                           | Includes reselling of signboards in streets, roads and public squares to guide cars and pedestrians, whether all or partially non -metallic, also, traffic signals in streets and pedestrians crossings.                                                                                                                                                                                                                                             | Commercial   | Metals & its products trading                         |
| 210905        | Sanitary Napkins Manufacturing                                               | Includes manufacturing ladies sanitary napkins made of cloth or synthetic disposable materials.                                                                                                                                                                                                                                                                                                                                                      | Industrial   | Manufacturing of paper and paper products             |
| 503005        | Trailers Trading                                                             | Includes reselling attached to trucks for transporting cargo and containers.                                                                                                                                                                                                                                                                                                                                                                         | Commercial   | Trading in motor vehicles and motorcyles              |
| 519030        | Trains & Railways Construction & Fabrication Equipment Trading & Maintenance | Includes reselling specialized parts of railway construction and locomotives and rolling Stock maintenance, such as machines and supplies of welding, cutting, grinding, fabrication, power wire, signaling, clips, fasteners, axles and wheels, brakes, hooks and coupling devices, buffers, shock absorbers, wagon and locomotive frames, bodies, corridor connections.                                                                            | Commercial   | Mechanical & engineering equipment trading            |
| 289305        | Sawing Discs & Cutting Blades Manufacturing                                  | Includes manufacturing linear cutting plates and blades, circular or semi-circular cutting discs and other sharpened cutting or sawing devices, either manually or by power – driven equipment and machinery.                                                                                                                                                                                                                                        | Industrial   | Other metal industries                                |
| 201000        | Sawmilling & Planning Of Wood                                                | Includes workshops engaged in the sawmilling, cutting and latching of wood in order to produce boards, plywood and hardwood.                                                                                                                                                                                                                                                                                                                         | Industrial   | Manufacturing of wood, wood products and Furniture    |
| 281105        | Scaffolds & Ladders Manufacturing                                            | Includes manufacturing temporary frames of metal pipes used to support people and materials in the constructions or repair of buildings, also attic ladder, bridge ladder, cat ladder, extension ladder , fixed and ladders portable .                                                                                                                                                                                                               | Industrial   | Structural steel manufacturing                        |
| 515972        | Trains Spare Parts & Components Trading                                      | Includes reselling specialized parts of railway locomotives and rolling Stock, such as axles and wheels, brakes, hooks and coupling devices, buffers, shock absorbers, wagon and locomotive frames, bodies, corridor connections.                                                                                                                                                                                                                    | Commercial   | Mechanical & engineering equipment trading            |
| 512117        | Trees Seedlings, Ornamental Plants & Annual Flowers Trading                  | Includes firms that resell plant palm, fruits and shade trees, seedlings like odorous plants, ornament plants, flowers, bulbs.                                                                                                                                                                                                                                                                                                                       | Commercial   | Flowers and plants                                    |
| 361003        | School & Hospital Furniture Manufacturing                                    | Include manufacturing all kinds of furniture used in schools, laboratories, hospitals and others, such as seats, tables, desks and beds, also other fittings, such as shelves, cupboards, display windows, platforms and others.                                                                                                                                                                                                                     | Industrial   | Manufacturing of wood, wood products and Furniture    |
| 504005        | Trikke Scooters Trading                                                      | Includes reselling the three-wheeled electric scooters which is equipped with battery to produce power.                                                                                                                                                                                                                                                                                                                                              | Commercial   | Trading in motor vehicles and motorcyles              |

| 291905        | Split Air-Conditioner Manufacturing        | Includes manufacturing the split units, whether or not linked with general central air-conditioning system.                                                                                                                                                                                                                                                                      | Industrial   | Appliances and machinery manufacturing     |
| 361006        | Sponge Mattresses Manufacturing            | Includes manufacturing mattresses internally fitted with sponge of varying density.                                                                                                                                                                                                                                                                                              | Industrial   | Manufacture of mats and rugs               |
| 515948        | Veterinary Equipment & Instruments Trading | Includes reselling equipment and instruments used to deal with the prevention, diagnosis and treatment of disease, disorder and injury in domesticated or wild animals.                                                                                                                                                                                                          | Commercial   | Veterinary equipment trading               |
| 251904        | Sponge Products Manufacturing              | Includes manufacturing of natural and synthetic sponge products, used in bathrooms, utensils washing, in packaging, and in manufacturing garments or other products.                                                                                                                                                                                                             | Industrial   | Manufacture of tyres and rubber products   |
| 513970        | Video Games Consoles Trading               | Includes reselling video games consoles which enable visual playing when connected to video devices such as televisions, computers, mobile devices and phones, such consoles involve PlayStation, Xbox ...etc.                                                                                                                                                                   | Commercial   | Electronics group                          |
| 924122        | Sport Research & Consultancies             | Includes the provision of advice and assistance to sport clubs and organizations on organizational and development issues, such as strategic planning, financial planning and budgeting, marketing and advertising objectives and policies, sport psychology, human resources policies.                                                                                          | Service      | Sport Club                                 |
| 514322        | Wall Paper Trading                         | Includes reselling wallpaper in different designs to cover cracks and decorate interior walls in residential and commercial facilities.                                                                                                                                                                                                                                          | Commercial   | Furnitures trading                         |
| 369300        | Sports Goods Manufacturing                 | Includes manufacturing of sporting and athletic articles and equipment for outdoor and indoor games, such as rackets, balls, fishing and hunting requisites, roller skates, gymnasium and fitness centers or athletic equipment.                                                                                                                                                 | Industrial   | Personal requisites manufacturing          |
| 513927        | Watches & Clocks & Spare Parts Trading     | Includes reselling watches, clocks, alarm clocks and timing mechanisms, instrument panel clocks, time-recording equipment and equipment for measuring, recording and displaying intervals of time such as parking meters, time clocks, process timers, also, all the accessories and components.                                                                                 | Commercial   | Electronics group                          |
| 181010        | Sports Wears Manufacturing                 | Includes manufacturing men and women sportswear such as sweat shirts, sports jersey, boxer shorts, track pants and sports shorts...etc                                                                                                                                                                                                                                           | Industrial   | Manufacturing of garments and rugs         |
| 361007        | Spring Mattresses Manufacturing            | Includes manufacturing mattresses fitted with spring using wire coils.                                                                                                                                                                                                                                                                                                           | Industrial   | Manufacture of mats and rugs               |
| 261006        | Stained Glass Forming                      | Includes manufacturing glass sheets by cutting stained glass to small pieces, fit them tightly together, by lead or any other mastic material, to form pictorial or decorative designs and then fix these sheets on frames made of wood, aluminum profile or any other metal profiles or lixon, this activity also includes any other industry related to stained glass forming. | Industrial   | Glass industries                           |
| 369902        | Stamps Manufacturing                       | Includes manufacturing rubber, wood, steel stamps which are used primarily to authenticate documents and products.                                                                                                                                                                                                                                                               | Industrial   | Stationary manufacturing                   |
| 369910        | Stationery Manufacturing                   | Includes manufacturing rulers, pencil sharpeners, rubbers and paper punching and wrapping tools which are operated manually or electrically.                                                                                                                                                                                                                                     | Industrial   | Stationary manufacturing                   |
| 515928        | Water Cooling & Heating Equipment Trading  | Include reselling central coolers and boilers for cooling or warming water in buildings, factories and hotel, as well as water coolers in hospitals, schools, mosques and other public places.                                                                                                                                                                                   | Commercial   | Mechanical & engineering equipment trading |
| 271003        | Steel & Alloy Products Cutting             | Includes cutting carbon steel and alloy products to produce steel plates, structural beams, columns, angles, seamless and welded pipes.                                                                                                                                                                                                                                          | Industrial   | Casting of steel and iron                  |
| 515923        | Water Desalination Equipment Trading       | Includes reselling equipment involved in the large or limited scale sea water desalination to produce fresh water suitable for human consumption or irrigation.                                                                                                                                                                                                                  | Commercial   | Mechanical & engineering equipment trading |
| 271002        | Steel Bars Manufacturing                   | Includes manufacturing steel bars for structural reinforcement, or in industries engaged in fabricating various metallic products, such bars which are produced by means of remelting ingots and iron residues and scraps                                                                                                                                                        | Industrial   | Casting of steel and iron                  |
| 289935        | Steel Cable Reels Manufacturing            | Includes manufacturing of steel cables to use in packing cable and wire.                                                                                                                                                                                                                                                                                                         | Industrial   | Other metal industries                     |
| 289918        | Steel Fabrication & Welding Workshop       | Includes the workshops involved in the fabrication of a variety of metal products by cutting, bending, and assembling processes, including metal frameworks or skeletons for construction, industrial frameworks in metal...etc.                                                                                                                                                 | Industrial   | Steel workshop                             |
| 281102        | Steel Hangars & Sheds Manufacturing        | Includes manufacturing of prefabricated buildings and steel structures used as factories, warehouses, airplanes hangars, sheds and other buildings and constructions. It also includes other related operations and materials transportation to work sites.                                                                                                                      | Industrial   | Structural steel manufacturing             |

| Activity Code | Activity Name                                    | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | Licence Type | Activity Group                                               |
|---------------|--------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|--------------------------------------------------------------|
| 273101        | Steel Pipes & Fittings Manufacturing             | Includes cutting, forming and welding iron panels to manufacture steel pipes used in constructions and laying pipelines, the same is for the connectors and fittings.                                                                                                                                                                                                                                                                                                                     | Industrial   | Pipes and wires manufacturing                                |
| 273104        | Steel Tubes & Fittings Manufacturing             | Includes manufacturing steel and galvanized tubes, such as welded and extruded steel tubes, high pressure cast iron tubes and others, as well as connectors, knobs, angles and others.                                                                                                                                                                                                                                                                                                    | Industrial   | Pipes and wires manufacturing                                |
| 289920        | Steel Wool Manufacturing                         | Includes manufacturing Steel wool by broaching low-carbon steel for using as an abrasive in finishing and repair work for polishing wood or metal objects, cleaning household cookware.                                                                                                                                                                                                                                                                                                   | Industrial   | Other metal industries                                       |
| 514337        | Water Heaters Trading                            | Includes reselling household water heaters operated by electricity and solar energy.                                                                                                                                                                                                                                                                                                                                                                                                      | Commercial   | Building materials trading                                   |
| 742137        | Structural Quantity Surveying Consultancy        | Includes firms which undertake surveying structural quantities in terms of sizes and prices, upon the basis of designs and structural specifications set for the construction of projects.                                                                                                                                                                                                                                                                                                | Service      | Consultancy -B- Engineering                                  |
| 289202        | Structural Steel Coating & Treatment             | Includes firms which carry out coating of structural steel used in the support of concrete buildings with anti-erosion and rust-proof materials as protective means against effects of salts, humidity, chemical pollutants and others. This also includes pre-coating treatment of any holes or cracks in steel rods, or cutting and plying of rods according to the required specifications in order to form grids or support column molds, or to install the steel structures on site. | Industrial   | Coating, insulations, seals & protection materials manufactu |
| 281101        | Structural Steel Manufacturing                   | Includes manufacturing steel structures for building and construction purposes such as structural steel used in constructing bridges, tunnels and communication and energy transfer towers.                                                                                                                                                                                                                                                                                               | Industrial   | Structural steel manufacturing                               |
| 515949        | Structural Wire Rope Systems Trading             | Includes reselling wire rope systems used in a variety of different structural and decorative applications, such as bridge suspensions, structural bracing, balustrades, banners, mast rigging, awning and fixture hangings.                                                                                                                                                                                                                                                              | Industrial   | Mechanical & engineering equipment trading                   |
| 514945        | Water Treatment & Purification Chemicals Trading | Includes reselling the chemicals which purify water by assisting in the removal of the organic and inorganic particles suspended in water, it involves coagulants such as aluminum sulfate and iron chloride                                                                                                                                                                                                                                                                              | Commercial   | Chemicals trading                                            |
| 191201        | Suitcases Manufacturing                          | Includes the manufacture of suitcases from genuine leather and its substitutes, and other suitcases partly manufactured from leather, and suitcases manufactured totally from substitute materials such as plastic, aluminum, or woven fabrics.                                                                                                                                                                                                                                           | Industrial   | Manufacturing of bags, shoes and leather products            |
| 515927        | Water Treatment Equipment Trading                | Includes reselling domestic and industrial water treatment and purification equipment for domestic use or irrigation, it involves deep filters, reverse osmosis plants, ultra filtration plants, UV disinfection systems, ozone systems, ion exchange plants.                                                                                                                                                                                                                             | Commercial   | Mechanical & engineering equipment trading                   |
| 369301        | Surfboards Manufacturing                         | Includes manufacturing surfboards using polyurethane or polystyrene foam and covered with layers of fiberglass, cloth and polyester in order to make light and strong enough to support wave riders.                                                                                                                                                                                                                                                                                      | Industrial   | Ship building and repairing                                  |
| 749911        | Surveying & Evaluating                           | Includes firms specialized in examining, and estimating immovables such as lands and buildings and movable such as goods, machines, equipment and furniture, for the various purposes like holding public auction sales, be it upon the disputant parties' desire or an assign by court, arbitration committee or any other administrative body.                                                                                                                                          | Service      | Consultancy -D- management, information and marketing        |
| 742105        | Surveying Engineering Consultancy                | Includes executing all types of engineering projects i.e. roads, bridges and drainage... etc., detail survey for engineering, planning and replanning purposes, demarcation of services lines, water lines, electric power lines, drainage, qibla direction demarcation, leveling for producing contour maps, grading and gate level, checking and verification of as built surveys.p                                                                                                     | Service      | Other engineering services                                   |
| 513939        | Wax Candles Trading                              | Includes reselling candles made from paraffin wax for lighting and decoration                                                                                                                                                                                                                                                                                                                                                                                                             | Commercial   | Ready made garments group                                    |
| 251902        | Synthetic Sponge Manufacturing                   | Includes manufacturing synthetic sponge from its primary chemical substances, and set in pieces, cubes or panels useable producing mattresses, furniture, or in wrapping and packaging etc.                                                                                                                                                                                                                                                                                               | Industrial   | Manufacture of tyres and rubber products                     |
| 369913        | Tailoring & Embroidery Requisites Manufacturing  | Includes manufacturing requisites and accessories used in tailoring and embroidering such as buttons, threads and badges, emblems and marks to decorate garments and official uniforms or to use also in upholstering and curtain finishing.                                                                                                                                                                                                                                              | Industrial   | Personal requisities manufacturing                           |
| 342004        | Tanker Manufacturing                             | Includes manufacturing mobile reservoirs, tanks and similar containers of metal to transport water and petroleum products and which are designed to deal with a heavy sloshing load and the risk of collision or other accident.                                                                                                                                                                                                                                                          | Industrial   | Manufacture of motor vehicles, motorcycles & its spare parts |
| 515941        | Well Drilling Equipment Trading                  | Includes reselling well drilling equipment to get ground water whether through manual, percussive or rotary digging techniques.                                                                                                                                                                                                                                                                                                                                                           | Commercial   | Mechanical & engineering equipment trading                   |
| 281201        | Tanks Manufacturing                              | Includes the manufacture of vertical circular tanks constructed on ground surface or suspended on special support foundations, or horizontal tanks embedded underground and made of welded steel panels, to use for storage of water, oil derivatives, liquefied gas or other liquid substances, it0 does not include upper-buildings water tanks, as they are classified under activity number 2811-03                                                                                   | Industrial   | Metal containers & boxes manufacturing                       |

| 515212        | Wireless Equipment & Instruments Trading                 | Includes the resale of wireless communication equipment, including mobile and fixed units, massaging devices or inter- communicative mobile unites, also, ground stations receiving information or communication or any transmission oriented by satellites.                                                                                                                         | Commercial   | Mechanical & engineering equipment trading            |
| 514308        | Wires & Cables Trading                                   | Includes reselling insulated and un-insulated connecting wires and cables used in electric conductors, telephone lines and cables, except optic fibers activity which is under No. 513615                                                                                                                                                                                            | Commercial   | Electricals trading                                   |
| 232004        | Tar Manufacturing                                        | Includes producing tar from coal, wood, petroleum or beat through destructive distillation to use in road paving and water and humidity proofing in buildings.                                                                                                                                                                                                                       | Industrial   | Manufacture of petroleum products                     |
| 741409        | Technical Installations Consultancies                    | Includes offering technical consultancy services related to electronic installations, audio-visual systems, TV and radio production and lighting techniques to studios, theatres, conference rooms and educational laboratories. It involves determining the proper equipment, their descriptions, assessing their purchasing bids and the supervision over the technical execution. | Service      | Consultancy -D- management, information and marketing |
| 731005        | Technological Aspects of Aircrafts Development           | Includes providing experimental development directed primarily towards substantially improvingthe aircrafts systems in order to promote safety and preserve fuel and resources.                                                                                                                                                                                                      | Service      | Consultancy -D- management, information and marketing |
| 322002        | Telecommunications Equipment & Accessories Assembling    | Includes assembling the parts and components to produce the equipment and hardware used for the purposes of the transmission of voice, data, text, sound, and video using a wired or wireless telecommunications infrastructure.                                                                                                                                                     | Industrial   | Appliances and machinery manufacturing                |
| 322001        | Telecommunications Equipment & Accessories Manufacturing | Includes manufacturing the equipment and hardware used for the purposes of the transmission of voice, data, text, sound, and video using a wired or wireless telecommunications infrastructure.                                                                                                                                                                                      | Industrial   | Appliances and machinery manufacturing                |
| 514329        | Wooden Products Trading                                  | Includes reselling wooden or wooden doors, windows, staircase fences, windows, false ceilings, indoor decoration and other wooden products.                                                                                                                                                                                                                                          | Commercial   | Building materials trading                            |
| 313003        | Telecommunications Wires Manufacturing                   | Includes manufacturing metal and fiberglass wires used to carry telecommunication signals and data, such wires are used in telephony, TV and video, computer network and the internet, marine cables.                                                                                                                                                                                | Industrial   | Pipes and wires manufacturing                         |
| 512112        | Wool & Animal Hair Trading                               | Includes reselling cut animal wool and hair before making any converting process, also, bird feathers.                                                                                                                                                                                                                                                                               | Commercial   | Animal skin trading                                   |
| 172101        | Tents, Awnings & Tarpaulin Manufacturing                 | Includes making tents and awnings to use as shade from the sun in or protecting from rain in shops and buildings, also, covers and tarpaulin used to cover goods stored in open air or transported in vehicles.                                                                                                                                                                      | Industrial   | Textiles & products manufacturing                     |
| 515904        | Workshop Equipment, Machinery & Spare Parts Trading      | includes reselling of workshops cutting, welding, balancing, pressure gauging and other equipment and machinery, also, any other equipment and machinery for carpentry, smithery, lathe workshops, auto and electronic workshops.                                                                                                                                                    | Commercial   | Mechanical & engineering equipment trading            |
| 514209        | Workshop Hardware & Tools Trading                        | Includes reselling workshops hammers, rasps, chisels, pincers, welding rods, as well as other hardware and tools used in carpentries, smithery and auto workshops.                                                                                                                                                                                                                   | Commercial   | Building materials trading                            |
| 6304-10       | Air Cargo Agent                                          | Includes agents of international airlines who are engaged in air cargo operations. They are authorized to reserve spaces for imported, exported or re-exported goods.                                                                                                                                                                                                                | Commercial   | Transport, shipping and storage                       |
| 6301-05       | Air Cargo Services                                       | Includes firms specialized air transport of exported goods, such firms are allowed to receive goods from different parties as well as handling all related services such as warehousing, crating, unloading and sorting out, they coordinate with freight forwarders and air-cargo agents to reserve aircraft spaces and also arranging insurance formalities.                       | Commercial   | Transport, shipping and storage                       |
| 6220-03       | Air Freight & Passengers Charters                        | Includes firms involved in chartering airplanes under charter contracts for air flights in non-scheduled passengers and freight transport flights.                                                                                                                                                                                                                                   | Commercial   | Transport, shipping and storage                       |
| 289904        | Tin Cans & Containers Manufacturing                      | Includes manufacturing cans and containers made of tin, aluminum, copper or any other metal.                                                                                                                                                                                                                                                                                         | Industrial   | Other metal industries                                |
| 210903        | Tissues & Napkins Manufacturing                          | Includes the manufacture of tissue paper of all kinds such as facial tissue, kitchen towels, and toilet paper.                                                                                                                                                                                                                                                                       | Industrial   | Manufacturing of paper and paper products             |
| 242409        | Tooth & Mouth Care Products Manufacturing                | Includes manufacturing the preparations for oral hygiene, including denture adhesive cream, cushions, pastes, cleansing tablets, brushes, dental plate powder, teeth whiteners, also, oral solutions, mouth moisturizes, mouthwash, mouth and throat rinse.                                                                                                                          | Industrial   | Manufacturing of chemicals                            |
| 741411        | Tourism and Recreation Consultants                       | Includes specialized firms engaged in preparing marketing and feasibility studies along with the required surveys and field questionnaires, involving identifying opportunities for new tourist facilities and services, business plans and project evaluations programs, project management.                                                                                        | Service      | Tourism Activities                                    |
| 172104        | Towels Manufacturing                                     | Includes manufacturing the absorbent textile towels are made from cotton, rayon and are used for drying or wiping.                                                                                                                                                                                                                                                                   | Industrial   | Manufacturing of garments and rugs                    |

| 6210-03       | Air Transport of Radioactive, Chemical & Biological Materials | Includes shipping firms engaged in the air transport of the hazardous chemicals, radioactive and biological materials which require sophisticated handling for safety as well as the compliance of shippers to local and international codes for handling such materials.                                                                                                                               | Commercial   | Transport, shipping and storage                              |
| 6220-01       | Aircraft Charter & Equipment Rental                           | Includes firms specialized in chartering all kinds of civil aircrafts for passenger transport or cargo, whether owned by the company or being re-chartered. It includes renting related tools, spare parts, components as well as other maintenance equipment either in air or ground like escalators, belts, engines, hydraulic lifts, turbo operating units, batteries.                               | Commercial   | Transport, shipping and storage                              |
| 6303-09       | Aircraft Classification Services                              | Includes organizations that survey aircrafts in order to categorize according to the applicable local and international standard specifications, classification certificates can be issued as regarding adherence to the technical standards of operation.                                                                                                                                              | Commercial   | Transport, shipping and storage                              |
| 6210-01       | Airlines of Passengers & Cargo Transportation.                | Includes airlines involved in passengers and cargo air transport by civil airplanes owned or chartered by such firms and used for internal and international regular flights.                                                                                                                                                                                                                           | Commercial   | Transport, shipping and storage                              |
| 289903        | Traffic Signs Manufacturing                                   | Includes manufacturing traffic signs made of aluminum, sheet iron or other materials, used for road directions or traffic instructions, also guiding signs in public places and facilities, shops, hospitals, hotels, banks, parks, governmental offices and others.                                                                                                                                    | Industrial   | Other metal industries                                       |
| 342002        | Trailers Manufacturing                                        | Includes manufacturing the unpowered trailers which are pulled by a powered vehicle and which are used for transport of goods and materials or as mobile homes.                                                                                                                                                                                                                                         | Industrial   | Manufacture of motor vehicles, motorcycles & its spare parts |
| 6303-14       | Airplane Management & Operation                               | Includes firms specialized in managing and operating airplane for other parties. This involves executing operations necessary for handling passengers and cargo transport, changing crew and navigators.                                                                                                                                                                                                | Commercial   | Transport, shipping and storage                              |
| 6303-04       | Airport Ground Services                                       | Includes servicing an aircraft while it is on the ground and parked at a terminal gate of an airport, involving handling the many service between arrival and departure such as cabin service, catering, ramp service, passenger service, field operation service.                                                                                                                                      | Commercial   | Transport, shipping and storage                              |
| 6309-02       | Aviation Business Brokerage                                   | Includes firms engaged in variety of brokerage services regarding aviation business such as brokering flights on behalf of individuals and companies market for both passenger and cargo transportation, the sale and acquisition of aircrafts..etc                                                                                                                                                     | Commercial   | Transport, shipping and storage                              |
| 741401        | Transport Consultancies                                       | Includes firms specialized in providing consultancies and studies on transport as regarding the means for smooth traffic flow, the effect of big projects on traffic, traffic lights timing control, advising on alternative streets and way outs at events times (exhibitions, competitions), fix the crossings and exits for the services streets.                                                    | Service      | Consultancy -D- management, information and marketing        |
| 361010        | Transport Furniture Manufacturing                             | Includes manufacturing seats and furniture fixed in airplanes, vehicles, yachts, ships and others.                                                                                                                                                                                                                                                                                                      | Industrial   | Manufacturing of wood, wood products and Furniture           |
| 6309-03       | Aviation Services Coordination                                | Includes firms specialized in coordinating between their clients and services providers as related to fuel services, airport ground operation, flight permission and passenger facilitation.                                                                                                                                                                                                            | Commercial   | Transport, shipping and storage                              |
| 9309-02       | Baker                                                         | Includes backing traditional bread using traditional bakeries.                                                                                                                                                                                                                                                                                                                                          | Commercial   | Restaurants and coffee shops                                 |
| 291915        | Trucks Tarp Covering Systems Manufacturing                    | Includes manufacturing manual and automatic covering systems for loads in heavy and light trucks and trailers, the system incorporates manual and automatic mechanism to operate, so load dumping on roads is avoided as well as damaging other vehicles on the road by flying rubbish.                                                                                                                 | Industrial   | Manufacture of motor vehicles, motorcycles & its spare parts |
| 289906        | Trunks Manufacturing                                          | Includes manufacturing large trunks for holding clothes and other personal belongings for extended periods.                                                                                                                                                                                                                                                                                             | Industrial   | Metal containers & boxes manufacturing                       |
| 742115        | Tunnels & Bridges Engineering Consultancy                     | Includes providing services and consultancies related to land and subsea tunnel construction engineering, involving design, engineering geology and rock mechanics, geotechnics, geophysics, choice of machines and methods for excavation and ground support, it also involves engineering services bridge construction, including design and drawings and the cost, choice ,f structure and materials | Service      | Other engineering services                                   |
| 291101        | Turbines Manufacturing                                        | Includes manufacturing the turbo machines that extract energy from fluids or gases and convert into rotational energy used in moving blades attached to rotors, such technology is applied in power generation, water pumps, ships, jet engines.                                                                                                                                                        | Industrial   | Equipment and engines manufacturing                          |
| 5520-03       | Cafeteria                                                     | Includes cafeterias that sell snacks, juices and beverages to the public.                                                                                                                                                                                                                                                                                                                               | Commercial   | Restaurants and coffee shops                                 |
| 300002        | Typewriter Manufacturing                                      | Includes manufacturing typewriters, stencil machines.                                                                                                                                                                                                                                                                                                                                                   | Industrial   | Appliances and machinery manufacturing                       |
| 5211-08       | Catering Services                                             | Includes firms engaged in the provision of food services based on contractual arrangements with schools, institutes, hospitals, airlines, shipping companies and contractors with fresh meals cooked and prepared in own kitchens such firms must own necessary facilities to carry out the catering activities.                                                                                        | Commercial   | Foodstuff supply                                             |
